SUFFERING INCREASES

Drought Brings Profiteering

New Alarm Felt for Farms as Governors Gather for Parley with Hoover

Meeting Today will Receive President's Statement on Measures for Relief

BY LAURENCE M. BENEDICT
"Times" Staff Correspondent

WASHINGTON, Aug. 13. (Exclusive)—On the eve of President Hoover's conference with governors of the drought-stricken States reports of alarming conditions continued to be received by the Department of Agriculture today. With these reports came charges of profiteering in various commodities. With respect to these charges it was said at the White House that there is no present basis for sharp advances in prices and that so little is known of actual conditions resulting from the drought that there can be no substantial basis for speculative dealings.

Secretary of Agriculture Hyde named seven States—Pennsylvania, Virginia, West Virginia, Maryland, Ohio, Kentucky and Indiana—as a partial list in which the drought has resulted in a serious shortage of food for live stock. This list was sent to the American Railway Association in order that the 50 per cent reduction in rates authorized by the Interstate Commerce Commission might be put into effect at once. The rate applies to food shipped into the drought areas and to cattle shipped out to be fed.

HOOVER KEPT BUSY

The reduced rates do not apply to cattle shipped to market. Before food is shipped into a county at reduced rates county agents of the Department of Agriculture must certify that feed is needed or that live stock must be moved out to be fed.

President Hoover spent all of today studying the drought problem and in preparing a statement which he will present to the governors at tomorrow's conference. He conferred with Secretary Hyde, John Barton Payne, chairman of the American Red Cross, and Representative La Guardia of New York, who asked for Federal assistance to put an end to food profiteering in New York.

The governors who will attend the conference are H. S. Caulfield, Missouri; Louis L. Emmerson, Illinois; Harry G. Leslie, Indiana; Myers Y. Cooper, Ohio; William G. Conley, West Virginia; John G. Pollard, Virginia; J. E. Erickson, Montana; Clyde M. Reed, Kansas; John Hammill, Iowa, and Arthur J. Weaver, Nebraska. Harvey T. Harrison and T. Roy Reid will represent the Governor of Arkansas and Senator Robsion will represent the Governor of Kentucky.

Conditions in Arkansas are reported to be particularly serious and in this connection Senator Caraway of that State today asserted that any aid extended to the farmers in

R-100 QUITS CANADA TO SOAR HOME

British Monarch of Air Bound for England on Return Lap of Long Flight

ST. HUBERT AIRPORT (Montreal) Aug. 13. (AP)—Great Britain's monarch of the airways, the dirigible R-100, soared away from her mooring mast at 8:28 o'clock tonight, bound for England on her return crossing of the Atlantic.

Squadron Leader Booth was in command and a party of thirteen newspaper men and Canadian technical officers were aboard, in addition to the ship's complement of forty-four officers and men. Peering downward, the passengers saw in huge letters of gold illumined by floodlights, the words, "Bon voyage R-100—Canada."

In spite of the fact that only five of six motors were in action, the officers expected favorable tailwinds to aid them in achieving their second record for the ocean flight. They expect to make the return trip in forty-eight hours, tying up at the Cardington mooring mast Saturday morning.

The huge airship pointed her nose down the St. Lawrence River and was scheduled to cruise across the Gulf of St. Lawrence and leave the North American coast at Cape Race.

Nevada Faction Repudiates Plan for Lake Tahoe

SAN FRANCISCO, Aug. 13. (AP)—Another effort will be made tomorrow to break the deadlock in the Lake Tahoe water controversy, once believed settled.

Northcutt Ely, secretary for Secretary of the Interior Wilbur, will attend a conference here tomorrow of resort owners of Lake Tahoe and Nevada farmers.

The latest deadlock became known yesterday when work on installation of pumps at the lake was ordered stopped. Edwin S. Pillsbury, attorney for the property owners, said the Nevada faction has repudiated the agreement reached a week ago.

Students Essay Baja California Mexicanization

MEXICO CITY, Aug. 13. (AP)—National University students announced today they will send a commission to Lower California to spread Mexican nationalistic propaganda to offset asserted "Americanization" of that territory.

The students' decision is a consequence of Secretary of Communications Almazan's recent report to President Ortiz Rubio in which he declared that Americans are gaining control of Baja California.

Now It's Frost Worrying East

NEW YORK, Aug. 13. (AP)—Today was the coldest August 13 on record with a minimum of 56 deg. at 6 a.m. The previous record was 57, registered twenty-eight years ago. Heat was turned on in cars of certain suburban trains.

Reports from Franklin county, Pennsylvania, which only a week ago suffered from the unseasonable heat, today reported considerable damage to produce from a heavy frost. Temperatures as low as 29 deg. were reported.

Merced Autos Exceed Voters

MERCED, Aug. 13. (AP)—Automobiles outnumber voters in Merced county, the Chamber of Commerce reported today.

The couple announced that they will be married at once.

AIR ROLLING RECORD WON BY WOMAN

Aviatrix Holder of Loops Laurels Heads Flyers of World for Barreling

ST. LOUIS, Aug. 13. (AP)—Miss Laura Ingalls, holder of the women's record for consecutive loops, broke both the men's and women's records for barrel rolls here today. She landed at Lambert-St. Louis Field tonight after completing 714 rolls, 297 more than made by Dale Jackson, who previously held the men's record, and 644 more than by Mrs. Betty Lund, who formerly held the record for women.

Miss Ingalls, a New York girl, who is one of the country's fourteen women transport pilots, took the air at 3:50 p.m. and landed at approximately 7:30.

The aviatrix, who is 25 years of age, flew over Lambert-St. Louis Field, the same field over which Jackson and Forest O'Brine are piloting their endurance plane Greater St. Louis. Miss Ingalls's feat left Jackson all even for the day in the matter of records, for he and O'Brine this morning recaptured the endurance championship from the Hunter brothers.

WALES 'SHOT DOWN' FOR FOE

Prince, Viewing War Maneuvers from Airplane, Forced Down as "Enemy" by Aviators

[Copyright, 1930, by the New York Times]

LONDON, Aug. 13. (Exclusive)—The Prince of Wales had his most exciting air adventure today when the plane wherein he was flying to observe the air maneuvers was mistaken by six fighters for an "enemy" bomber. They engaged the royal airplane in full force and drove it down and over the military airdrome—headquarters of the "Blue colony."

Earlier in the morning the Prince, who is taking the keenest interest in the air exercises, had flown in a Fairey 3-F piloted by Squadron Leader Don. Midway between the rival Red and Blue colonies, where Air Marshal Sir Edward Ellington, directing the exercises, has his headquarters, the Prince decided to visit the Blue colony.

The Blue colony has no Fairey 3-F's among its squadrons, and when the Prince's plane came from the north toward one of the Blue airdromes a patrol of six fighters spotted him and, unable to distinguish the squadron markings at a distance, assumed the airplane to be hostile and dashed in to attack.

One by one they came down on him at great speed, driving Pilot Don lower and lower to the ground. Even when Don was about to make a landing the fighters continued their assault, evidently enjoying the unfamiliar success of bringing down onto the enemy airdrome what they took to be a lone bomber.

It was not until long afterward that the pilots of the patrolling squadron learned they had been pursuing the Prince, who later was to accompany them on one of the fastest raids ever made—from the Blue colony airdrome against Cranwall, capital of the Red colony.

The Prince on this occasion accompanied a squadron of "foxes," Britain's latest type of high-speed day bombers. This raid was over 160 miles. The Prince, who wore the uniform of the Welsh Guards under his flying suit, appeared to greatly enjoy the experience.

UNION SPLIT ON ROLPH

Organized Labor in Schism

Bay City Mayor's Score of "Cards" Fails to Head Off Defections

Hands-off Stand of Hiram Johnson is Blamed for Division

SAN FRANCISCO, Aug. 13. (Exclusive)—Seriously threatening the very existence of the 19-year-old Rolph municipal machine, and holding even graver consequences to Mayor Rolph's ambitions to become California's next Governor, bitter internal warfare broke out here today among two groups heretofore believed safely committed to Rolph's gubernatorial candidacy.

The first, and to some extent the most important, factional division as to the Mayor's political future became a matter of genuine alarm to the Rolph managers when the ranks of organized labor sharply disagreed as to the policy of indorsing his candidacy. This split, which is the first to develop in this Rolph stronghold in many years, not only found Mayor Rolph, but virtually all the recognized professional labor leaders, unable to cope with the situation.

Although not generally known to the public at large, Mayor Rolph has been formally inducted into the membership of more than a score of the local union labor organizations and the city's chief executive has carried the cards of these organizations with him for many years. In fact it has been the timely production of one or more of these emblems of organized unionism that has heretofore sufficed to pull the Mayor and his City Hall clique through many a tight squeeze in union labor disputes.

"CARDS" FAIL HIM

This time-honored expedient, however, has not proved effective in the dilemmas now gathering around the municipal machine that is striving to extend its influence into State affairs.

Those who have looked deeply into the union schism believe that Senator Johnson, San Francisco's political overlord, is, at least indirectly, responsible for the situation.

The position of Senator Johnson in the present gubernatorial campaign is arousing considerable speculation among the uninformed, although those actually in touch with local and State politics have found no difficulty in eliminating guess work as to his attitude. The Senator, as a result of the candidacies of Mayor Rolph and Gov. Young, has more than one string to his bow.

This became evident to political observers when Johnson returned to his home here fresh from losing his fight against President Hoover in Washington.

For many years it has been a custom of the local political machine leaders to have a gathering of admiring and applauding machine satellites waiting at the Ferry Building when Senator Johnson returned from visits out of the State. This greeting, despite the stereotyped character of the affair, has become almost a political legend here.

Hence, when the Senator reached here from his most recent excursion to Washington he found waiting to greet him at the ferry the usual bank of clackers, with this difference—that the familiar faces were marshaled under two banners, so to speak, with one Johnson spokesman leading cheers from a faction supporting Young and another Johnson leader prompting the plaudits from a division committed to Rolph.

Thus it became evident that the Johnson-McCabe machine has two candidates in the field. Rolph has for his closest advisers Judge Matt I. Sullivan and Theodore Roche, Johnson's associates in the law.

In command of the Young camp are such Johnson satellites as "Boss" Al McCabe, Bert B. Meek and Will C. Wood. All the major State appointments under Young have gone to Johnson men and most of the major municipal appointments under Mayor Rolph have gone to Johnson men.

INDORSEMENT UNWANTED

The ostensible "hands-off" policy of Johnson is not causing exceptional discomfort among either the Rolph or Young contingents, since the Senator's obstructionist tactics in Washington against the Hoover administration have made his open and avowed support more of a handicap than an aid.

Gov. Young is seeking to escape reflected blame for Johnson's anti-Hoover stand by repeated references to his Hoover leanings, and Mayor Rolph, who once publicly predicted the election of Al Smith, and later sought to laugh the matter off as a pleasantry, likewise seeks the role of Hoover admirer.

Some obscure phase of Senator Johnson's unreadiness to indorse either Young or Rolph has communicated itself to the rank and file of the city's organized labor group—with consequent dismay to the organization's nominal choice for Governor.

BOMB PAIR BRANDED

Mooney-Billings Picture Black

Capable of Outrages, Says Lawyer Who Defended Them at Trial

McNutt Tells of Belief in Innocence of Bay City Death Blasting

BY FLOYD J. HEALEY
"Times" Staff Correspondent

SAN FRANCISCO, Aug. 13. (Exclusive)—Thomas J. Mooney and Warren K. Billings, in the opinion of Maxwell McNutt, who defended Billings in his Preparedness Day bombing trial, were capable of acts of violence against institutions which represented injustice to them, McNutt conceded today at the Billings pardon hearing, but he does not believe they had anything to do with the parade explosion.

His concessions and assertions were made with equal force, but the concessions came through the persistent efforts of Justice Preston of the State Supreme Court, who led the witness along a trail of records touching upon sabotage during a street-car strike here, the acid spraying of automobiles during a painters' strike, the arrest of Mooney for attempts to blow up high-power electric towers of the Pacific Gas and Electric Company at Martinez, of his three trials for that and the arrest and conviction of Billings for carrying dynamite which was to be used in the destruction of a similar tower near Sacramento, as well as the arrest of Mooney in that connection.

BELIEVES IT IS TRUE

Insisting he has no direct knowledge of those things, McNutt said he had heard the purpose of Mooney and Billings in these activities was the destruction of property, and is willing to share the belief it is true.

To all of which, Edwin V. McKenzie, present attorney for Billings, reiterated his oft-repeated assertion that he concedes the past record of his client and will develop as much as possible of his acid-spraying activities on the day of the parade through Billings himself at Folsom penitentiary, but he insists they had nothing to do with his asserted complicity in the parade bombing and he considers them extraneous.

The questioning of Billings at Folsom will begin at about 5 p.m.

HAWKS SETS NEW MARK

Lindbergh Time to East Cut

Coast-to-Coast Air Record of 12h., 25m., 3s. Made in Trip from Here

Birdman Averages 230 Miles an Hour at 8000 Feet; Triple Jinx Fought

VALLEY STREAM (N. Y.) Aug. 13. (AP)—Beating by more than two hours the transcontinental air record which Col. and Mrs. Charles A. Lindbergh took from him last April, Capt. Frank M. Hawks flew from Glendale, Cal., to Curtiss Field today in 12m. 25m. 3s.

By bettering the Lindbergh time of 14h. 45m., Hawks became holder of the speed records for crossing the country in both directions, for just a week ago today he flew the east-west course in 14h. 50m. 43s., beating the record for the westward flight by Col. Roscoe Turner by more than four hours.

In a year and a half Hawks has practically cut in half the time needed to fly between the Atlantic and the Pacific. When he began his series of transcontinental flights a year ago last February, the fastest time had been made by the late C. B. D. Collyer, who flew from east to west in 24h. 15m.

AT 8000 FEET ALTITUDE

Hawks twice before has held the east-west record, once beating his own time and losing his second record to the Lindberghs. On today's flight he stayed at about 8000 feet altitude, considerably lower than the Lindberghs. He averaged about 200 miles an hour, but at one time, east of Wichita, he made 250.

Leaving the west coast at 2:16:27 (Pacific Coast time) this morning, he touched ground here at 5:41:30 p.m., (Eastern Standard time.) He made refuelling stops on the way at Albuquerque, Wichita and Indianapolis.

As soon as he had taxied up to the cheering crowd of several hundred, he cut his engine and pulled out a paper bag containing chicken sandwiches and was munching one when his wife and son reached him. He was so deafened by the roar of his engine that at first he could not hear any of the questions shouted to him by reporters.

HAZE HIDES EARTH

Slipping off his parachute, flying suit and helmet, he jumped from the cockpit of the little low-wing monoplane and apparently entirely untired by his race against the clock, walked into the field offices, where he told of his flight, of perfect plane and engine performance, of haze that almost hid the earth from him all the way and of winds that prevented him by a narrow margin from realizing his ambition to cross the country in twelve hours.

Hawks had a triple hoodoo to contend with on his flight, for not only is his ship numbered T-13, but the day he chose for the flight was the thirteenth and his Department of Commerce license number is 13-13.

Shortly after his arrival Hawks left for New York under police escort with a party of official welcomers representing Mayor Walker.

WHY HE DID IT

Capt. Hawks, in a radio speech tonight, pointed to today's flight as illustrating the value of an airplane express for the transportation of securities and other valuables from coast to coast.

"I have always dreamed of crossing the continent in twelve hours," Capt. Hawks said, "and, although I missed it today, it is quite possible to do it with favorable winds."

He said his flying time from Glendale, Cal., to Valley Stream, N. Y., was 11h. 36m., figuring forty-six minutes out on three refueling stops. This time represented an approximate average speed of 230 miles an hour, he said, effected by speeding as fast as 280 miles an hour and never below 200 miles.

"My purpose was to stimulate interest in continental flying," Hawks continued, "as opposed to ocean fly-

MINE BOMBER CONFESSES

Illinois Aviator Admits His Guilt and Implicates Two Confederates in Kentucky Outrage

MURPHYSBORO (Ill.) Aug. 13. (AP)—A confession by Paul Montgomery, 25 years of age, local aviator, that he was hired by two or three men to pilot his airplane in a bombing raid over the Providence (Ky.) coal field early Monday, and one of the men accompanied him on the trip, was in the hands of Department of Justice and county authorities tonight.

State's Attorney Lewis said Montgomery had named two men, but withheld their names pending their arrest, expected shortly. Reports from some other official sources are that three men have been implicated.

HIRED FOR BOMBING

Montgomery's story, according to Lewis, is that after he was hired to go on the bombing raid he was told he and members of his family would be killed if he did not carry it out. He said he received no money, but was promised financial reward, the amount not being specified.

The State's Attorney said Montgomery confessed the dynamite bombs dropped on the mining community, but without loss of life or property, were made at the local airport by two men, one of whom took them in a sack and accompanied him when he took off for the ninety-mile flight to the mining district before dawn Monday.

HE MISSED HOUSES

Montgomery is quoted as saying he maneuvered his plane so none of the bombs would land on any homes or mining properties where any damage would be done or persons injured. He then returned his passenger to the field here.

Authorities would not say whether those named by Montgomery are miners, but they did say the bombing was plotted because of the trouble among miners in the Kentucky field. Lewis declined to state whether he expected the additional arrests to be made here or in Kentucky.

Identification of Montgomery's airplane as the bombing ship led to his arrest and his subsequent confession.

TREE-PLANTING CURBS DROUGHT

George H. Barnes Cites Case of Nebraska

Barren State Made Fruitful by Reforesting

Candidate Pledges to Work for National Program

Trees planted by the millions in Nebraska many years ago during a far-sighted tree-planting campaign have saved the Cornhusker State from the full ravages of the drought that is gripping the Middle West, it was pointed out yesterday by George H. Barnes, Los Angeles business man and head of the American Green Cross, the national organization dedicated to reforestation and allied conservation activities.

GEORGE H BARNES

Mr. Barnes has devoted much time and study in crusading for conservation and reforestation. Right now he is preaching a national program of reforestation to the voters of the Tenth Congressional District. He is a candidate for Congress from the district, and, if elected, he proposes to carry his plea for an adequate national conservation program into Congress with him, he said.

NEBRASKA'S EXPERIENCE

To show that his reforestation program is not merely a trumped-up political issue, he cited Nebraska's experience this summer.

"The remarkable experience in Nebraska in the present drought conditions simply goes to show what a real program of tree-planting or reforestation can do for a State, and what it has done for a State it will do for the nation," said Mr. Barnes.

"We read in the press dispatches the other day that Gov. Weaver felt it was actually unnecessary for him to attend the conference of governors of affected States with the President to consider remedial steps as a result of the drought, because, despite the fact that it is in the heart of the drought country, Nebraska is less affected than any State around. Why? It is an interesting story.

"In 1873 J. Sterling Martin was elected Governor of Nebraska, then referred to as the 'Treeless State.' Nebraska was at that time the greatest area of treeless land in the United States. It was also known as the 'buggy State'—insects, not vehicles. It was difficult to raise anything because of rain below the normal enjoyed by sister-States, and because of the great swarms of insects that infested the section.

"Almost the first official act of the new Governor was to institute a tree-planting program. The State planted 18,000,000 trees the first year. Everyone was encouraged to plant trees. Tree planting contests were arranged. The State would give anybody a section of land if the recipient would plant a quarter of it to trees. The result was that in the next twenty-five years 2,500,000,000 trees were planted in Nebraska. And with what results?

GREATEST DROUGHT

"The year 1925 was the greatest drought year in our national history, when forty-two of the forty-eight States were on domestic water rations, water and power curtailments were put into effect, water tables fell, rivers, streams and lakes went dry. Swarms of insects consumed many of the few growing things left.

"Rainfall was less than ever before in every State—except Nebraska.

"Nebraska had enjoyed a gradual increase of rainfall from fifteen inches in 1885 to more than thirty-three inches in 1925. With the planting of trees came beneficial birds, which, according to the United States Department of Agriculture, eat 174 carloads of insects every day and save the farmers of Nebraska millions of dollars annually.

"This fact is emphasized by the 1930 reports of the Department of Commerce, which show that Nebraska is the only agricultural State in the Union with $400,000,000 of increased revenue exclusively from farming. The benefit from tree-planting is not a visionary theory—it is a fact, as Nebraska shows.

APPLIES TO NATION

"If and when tree-planting and reforestation generally become a fact throughout our country, particularly in the mountain areas, in conjunction with the American Green Cross plan of forest fire prevention, building of thousands of small improving reservoirs, check drains, spreading areas and the building of bird sanctuaries—then, and not until then, will there be any noticeable decrease in the terrifying appearances of drought.

"These corrective measures must come through Congress and there must be a member of that body who has a real scientific and sympathetic understanding of the relations of forest growth to water and to every single phase of human activity."

the stricken areas must be of direct character.

Additional reports of serious conditions in Kentucky were received today. The situation there was described as pathetically serious in an official report by Hal F. Bryant, Federal statistician assigned to the State. Mr. Bryant reported that problems arising from shortage of stock feed and water have resulted in thousands of heads of live stock being rushed to "a glutted market in thin condition and under desperate pressure of the farmer's inability to feed them."

The resulting drop in prices he described as "ruinous." Dairy cows that cost from $50 to $125 are being offered at 2 cents and less a pound and stock ewes that cost around $12 are pressing on the markets at $1.50 or $1.

MANY BEG FOR JOBS

Bryant also reports a "terrific increase in rural unemployment" in Kentucky during July, when the index jumped from 28 to 84 per cent. He described Kentucky fields as "parched" with farm hands begging work for board and clothing.

The shortage of water in Kentucky, he says, constitutes a serious health menace. He points out that "seven times as many cases of typhoid fever and twenty times as many cases of dysentery have been reported as compared with the same period in either of the two preceding years."

Taken with the report of the American Red Cross the Bryant findings indicate that Kentucky probably is the most seriously stricken State in the drought area.

After a conference with the President this morning Secretary Hyde gave assurance that the government will take every possible step to prevent profiteering in food prices. The general relief program being drafted by the President will cover the profiteering phase of the problem.

NEW YORK CITY ACTS TO PREVENT PROFITEERING

NEW YORK, Aug. 13. (AP)—The City Health Department today moved to prevent possible food profiteering because of the drought. Its first step was to establish a "fair price board" to co-operate with housewives.

DEFENDER RAPS BOMB CONVICTS

Mooney, Billings Believed Capable of Outrages

Lawyer During Former Trial Gives Testimony

(Continued from First Page)

tomorrow, the justices of the court going there for that purpose, and thereby setting a precedent never before approached in the history of American jurisprudence.

TWO SURPRISES

On the eve of this trip, McKenzie introduced two surprise witnesses, one of whom he considers has shattered the testimony of one more important prosecution witness and the second of whom disagreed with testimony at the present hearing by Estelle Smith; a third who testified to photographs tending to discredit Miss Smith, and two police officers, one of whom, in McKenzie's opinion, laid the foundation for an attack on the identification of the prisoners.

During the course of McKenzie's examination of McNutt, the latter, prefacing his remark with the assertion he is firmly of the belief Mooney and Billings are innocent of the bombing, conceded both have "bad reputations." He told also of defending Mooney in the Martinez attempted-property-destruction case, which resulted in two jury disagreements and an acquittal for Mooney in the third trial, and said he had been reminded, although he had forgotten the occurrence, of prosecuting Billings, while a member of the District Attorney's staff, for an offense committed during the shoe men's strike in 1912.

TELLS OF TRIALS

He denied he had been an attorney for either prior to those occurrences.

His prosecution of Billings, he said, was in connection with a strike in the Buckingham & Hecht shoe factory. He said he believed Billings was charged with the cutting of a last and he later moved for dismissal for lack of evidence.

The Martinez trials of Mooney, whom he defended, were in 1914, he testified. He was employed, he said, by labor union representatives interested in the defense of Mooney, but said he was unable to name individuals and is not even sure of the name of the organization, but he thought it was called the Defense League.

Asked if he knew of the International Defense League, he said he had heard of it and thinks probably it had something to do with paying him his fees, his impression being the funds were collected for that purpose from union labor organizations.

"What was the nature of the material involved in the dynamiting in the Martinez prosecution—that is, what were the exhibits there?" McNutt was asked. "Apparently the record is lost in this case."

GUNS AND PISTOL

"Mooney was prosecuted at Martinez under a statute making it a felony to have unlawful possession of high explosives," he replied. "The charge was founded upon the asserted possession by Mooney and two other men of fourteen so-called fulminating caps, detonators which contained a couple of grains of fulminate of mercury, which is used to detonate black powder or dynamite, and connected with an alarm clock and some batteries."

"Is that the case where they had the gun, too?"

"They had two guns and two pistols."

McNutt said he made the defense that possession of that kind of explosive was not a violation of the statute.

"In your opinion do you credit him with having this explosive for the purpose of using it against property or persons?"

"You can take it as to predicate the truth of everything that has been charged against him except 1916, July 22. In other words, I cannot figure how a man motivated only by a desire to interfere in strikes, industrial conditions, can have had the slightest desire to go down and murder a lot of innocent people."

HEARD BILLINGS BURGLAR

"You do then, as I understand it, in expressing an opinion here, give full credit to all accusations against Mr. Mooney?"

"Yes."

"Of whatever type they are?"

"That I have heard of."

"Take Mr. Billings. Did Mr. Billings, having a record back east, figure in your opinion?"

"Somebody told me he had committed some burglaries back east."

McNutt said he knew of no aliases for Billings but Mooney had gone under the name of Charles King.

"In expressing your opinion about Mr. Billings's innocence in this case, do you credit the fact that he was convicted in Sacramento in 1913?"

MAKING HIMSELF HEARD

"Certainly."

McNutt declared he does not believe either Mooney or Billings had enough knowledge of explosives to know how to make a bomb. McNutt said Billings may have testified regarding his knowledge of explosives in the Sacramento trial, but he (McNutt) knew nothing about it.

"Have you credited Mr. Mooney with any connection with Mr. Billings at the time he was arrested with dynamite and other material in his possession at Sacramento?"

"Not from any knowledge; I will accept for the purpose of my opinion, however, the fact that he was."

"Do you credit Mr. Mooney with being one of the founders of the anarchistic publication here known as the Blast?"

"No."

"Any interest in it?"

"Well, I credit him to this extent, that I think that Mooney always wanted to make his views known to everybody in the world and he might have adopted that as a means of disseminating his views."

BEST EFFORT OF DAY

McKenzie's best effort of the day, as far as Billings is concerned, developed through W. L. Claiborne, Oakland attorney, who testified that John Crowley perjured himself in the Billings trial when he said he saw Billings at Steuart and Mission streets a few minutes before the explosion. Crowley, according to Claiborne, could not have seen Billings, because Crowley was underneath Claiborne's auto in a garage on Steuart between Mission and Market, fixing it. He was there for at least forty-five minutes, Claiborne testified, and until approximately ten minutes after the explosion. Crowley, now dead, testified in the trial he had looked at his watch and established the time. Claiborne said the watch he asserted he looked at was in the garage safe "with a $5 ticket against it."

DENTISTS TESTIFY

Dr. Joseph H. Shane, dentist, in whose office at 721 Market street Estelle Smith put Billings, denied Miss Smith's assertion the two had shaken hands there, and said he has never seen Billings, there or elsewhere.

Dr. Noah T. Gourselle, Los Angeles dentist, then across the street from 721 Market street, produced photographs conflicting with Miss Smith's testimony regarding the towel-waving incident as the head of the parade passed that point.

David M. Reams and Harry M. Smith of the police department introduced records which McKenzie expects to capitalize upon later regarding identifications and personal property.

HAWKS REGAINS SEA-SEA RECORD

(Continued from First Page)

ing. I am against trans-Atlantic flights unless they are undertaken in flying boats, for I consider it just as preposterous to attempt to fly to Europe in a land plane as it is to take off from Los Angeles for New York in an amphibian."

RABBIT'S FOOT ACCOMPANIES HAWKS

With the rabbit's foot in his pocket that has brought him good luck during nearly two years of transcontinental speed record-making and breaking Capt. Frank M. Hawks shot his red-and-white monoplane down the runway at Grand Central Air Terminal, Glendale, got its wheels off the ground at 2:16:27 a.m. yesterday and headed for New York.

Twelve hours was the flyer's time goal for covering the 2510-mile route to Curtiss Field, Long Island. He hoped to cruise at approximately 200 miles an hour and had little doubt that he would shatter the Lindberghs' record of nearly fifteen hours.

Weather was perfect for the early take-off, a brilliant moon lighting the local territory and the airport. He was accorded a bon voyage by his parents, Mr. and Mrs. Charles Hawks of Hollywood, and a group of aviation officials of the Texas Company.

The rabbit's foot, which is a bit of a secret so far as Hawks is concerned, is the one that was carried on the tail skid of the Army's Question Mark endurance plane when it set the first refueling endurance record over Los Angeles Metropolitan Airport.

Hawks obtained the foot at the finish of that flight and wired it to the tail skid of his Lockheed Air Express, in which he set nonstop records both ways between New York and Los Angeles.

The legal snarl in Hawks's plans was straightened out before the captain left here. Counsel for himself and Mrs. Newall Vaughn, his former wife, were reported to have settled outside of court the judgment of $10,635 Mrs. Vaughn obtained against Hawks.

LINDBERGH PLEASED AT RECORD'S FALL

ENGLEWOOD (N. J.) Aug. 13. (AP)—Col. Charles A. Lindbergh expressed delight tonight when informed by the Associated Press that Capt. Frank M. Hawks had broken his record for west-east flight across the continent.

"I am certainly glad to hear it," said the flying colonel. "I think it is a fine thing that he brought the record down. I'll offer my congratulations at the very first opportunity."

FLYERS REGAIN LOST AIR CROWN

(Continued from First Page)

don't care after a time whether the engine keeps going or not," O'Brine said shortly before he took off with Jackson on their present flight.

Jackson shares his companion's ideas on cleanliness, with the result that shaves, sponge baths, regular changes of clothing and general policing of the plane are matters of routine.

Several gallons of hot water for shaving and bathing, are taken up to the flyers each day. Underwear, socks and shirts are changed every other day.

WIVES PREPARE FOOD

Cleanliness also is carefully observed in preparation and packing of the flyers' food, all of which is prepared at the O'Brine home by their wives. Two large meals are sent up daily to the endurance ship.

The meals, cold, consist of sandwiches—steak, chicken, chops or baked ham—vegetable and fruit salads, raw tomatoes, iced tea and root beer. The bucket also contains tobacco.

HUNTERS PASSIVE ON LOSS OF AIR CROWN

SPARTA (Ill.) Aug. 13. (AP)—News their brief reign as endurance flight champions is at an end was received rather passively today at their homes here by the hard-flying Hunter brothers. Their mark of 553 hours, 41 minutes, set at Chicago July 4, was broken today at St. Louis by Dale Jackson and Forest O'Brine.

Asked for comment, John Hunter, one of the pilots on the Chicago flight said: "Well, they broke the record, didn't they? I guess that's all there is to it."

He is uncertain as to whether they will attempt to regain the record but said if such a flight is made the pilots probably will be Walter and Albert Hunter, the refueling crew for John and Kenneth who flew the endurance ship City of Chicago.

Harry Perkins, manager of the Hunter brothers, has estimated the Jackson-O'Brine flight cost the Hunters about $100,000 in contracts which might have been forthcoming had they held the record.

TWO KENTUCKY MEN TAKEN IN BOMBING

PROVIDENCE (Ky.) Aug. 13. (AP) Essel Grant, 30 years of age, of Clay, Ky., and Ewing Riley, Providence, were arrested at their homes tonight by Webster county officers who said they acted at the request of State's Attorney Lewis of Murphysboro, Ill.

The arrests followed word from Murphysboro that Paul Montgomery, aviator arrested in connection with the bombing of coal mine properties at Providence, had confessed and implicated others.

The men immediately were taken to Dixon, Webster county seat, and arraigned before County Judge Hall on charges of shooting from ambush. Judge Hall explained the shooting from ambush was placed against the men from lack of a more accurate State charge.

REDS APPROACH NANKING GATES

Terror Rules China Capital as Hordes Draw Near

Populace Fears for Lives; Peasantry Joins Foe

Nationalist Forces Hurled Back by Feng Troops

NANKING, Aug. 13. (AP)—Armed Communist bands are reported tonight almost at the gates of this virtually defenseless Nationalist government capital, as Red armies continue devastations in the south and rebels drive down from the north.

The capital city has few defenders and seems an easy prey should the Communists attack. The government troops now needed here have been dispatched at various times to other areas menaced by Reds and rebels.

Much uneasiness was shown today by the populace of 400,000 within the thirty-two miles of walls as peasantry turned Reds and armed with rifles appeared in several towns near by.

DEFENSES ERECTED

Other Communist armies are advancing on Hankow, Wuchang and Hanyang, tricities 600 miles from the sea up the Yangtse River. Thousands of terrified Chinese poured into Hankow where sandbag defenses were hastily erected and machine guns mounted. Many supposed Reds were executed.

A dozen foreign warships anchored off the city give a feeling of security to foreigners, who can board them or the scores of commercial vessels in emergency.

Changsha, it is reported, has been reoccupied by Communist bands which recently looted and burned the Hunan capital, with slaughter estimated to 1500 persons. Foreigners who lost much property in anti-foreign depredations are believed safe aboard warships at Changsha or evacuated to other areas.

Harassed also by civil war, China's government is striving to hold back drives of northern alliance armies in Shantung and Honan provinces, but is being pounded severely.

DISASTROUS BLOW

Gen. Feng Yu-hsiang's troops, considered the best in China, are reported to have hurled back Nationalists in Northern Honan, seizing enormous supplies of munitions. Government officials admitted the situation is grave, necessitating reinforcement of a division from Shantung.

Nationalist airplanes dropped bombs on Tsinanfu, Shantung capital, causing additional Japanese to flee from the city recently captured by insurgents. The main government army, however, is said to be thirty miles south of Tsinanfu, blocked by a strong northern force near Tainan.

Civil war is rampant also in far South China. Cantonese aviators, attempting to drive rebels from Nanning, capital of Kwangsi, bombed the French Catholic Mission yesterday, almost destroying it. The airplane attack accompanied an infantry assault on the walled city, and caused heavy casualties among Chinese.

CHILD LABOR MODEL PLAN COMPLETED

National Conferees Adopt Act and will Support it Before Legislatures

CHICAGO, Aug. 13. (AP)—A model child labor act was adopted today by the National Conference of Commissioners on Uniform State Laws and will be recommended to the legislatures of the various States and Territories for approval.

The act was drafted by the commissioners after several years' consideration of child labor laws in the various States.

It provides that no person less than 14 years of age shall be employed for gain except that boys between 9 and 14, provided they fulfill school requirements, may distribute or sell newspapers or periodicals. Gainful employment is defined as gainful pursuit of any trade, occupation or labor except agriculture, domestic service and athletic games. Thereby, subject to school and health regulations, youngsters can work on a farm or caddie on a golf course.

In necessary cases boys and girls between 14 and 18 can get permits to work, except in a list of prohibited occupations deemed detrimental to health, provided they fulfill school and health requirements. Any organization employing children between these ages will be required to post conspicuous notice.

BONE-DRY FLAG NAILED TO MAST

Militant W.C.T.U. Worker to Lead G.O.P. Women

Mrs. Ellis A. Yost Appointed Feminine Director

Choice Gives Notice Party Adopts Prohibition

WASHINGTON, Aug. 13. (Exclusive)—Mrs. Ellis A. Yost of West Virginia was appointed today as director of the women's division of the Republican National Committee. The selection was accepted as final proof that the Republican party nationally intends to adhere rigidly to its support of prohibition in the coming campaign for control of Congress.

Mrs. Yost is the militantly dry Washington representative of the Women's Christian Temperance Union. She will resign her present position about the first of September to take up her new duties at Republican national headquarters. She happens also to be the Republican National Committeewoman from her home State of West Virginia, and so will be no stranger at the party council table.

ARIDITY EMPHASIZED

Senator Fess of Ohio, whose appointment of Mrs. Yost was his first official act as chairman of the Republican National Committee, is himself a devout dry and in recent statements has placed his organization squarely on record as upholding the Eighteenth Amendment and Volstead Act.

Thus the leadership in the national party organization is 100 per cent dry, regardless of the fact that under the rules of the game of politics it will support some Republican "wet" nominees like Dwight Morrow in New Jersey.

Mrs. Yost will succeed Mrs. Louise M. Dodson of Iowa and Pennsylvania, who submitted her resignation when former Chairman Huston stepped out and insisted that it be accepted that she might return to private life. Mrs. Yost attended the reorganization meeting last week at which the resignation was submitted and was among those who urged Mrs. Dodson to remain. So there is apparently no strife and the selection of Mrs. Yost is expected to meet with general approval of both men and women on the Republican National Committee.

Aside from indicating the Republican organization's fealty to prohibition, the appointment of Mrs. Yost is interpreted politically as a move to cement the support of the legions of dry women who played such an important part in the election of President Hoover in 1928.

SHOUSE ACCEPTS TARIFF AS ISSUE

NEW YORK, Aug. 13. (Exclusive) Jouett Shouse, executive chairman and chief party pilot of the Democratic National Committee accepted today the challenge issued this week by Senator Simeon D. Fess, new chairman of the Republican National Committee to make the Hawley-Smoot tariff the major issue in the Congressional elections this year and announced that Democracy is prepared to fight it out along that line with high hopes of winning control of the next House of Representatives.

REPUBLICANS TO KEEP FOOTHOLD IN SOUTH

WASHINGTON, Aug. 13. (AP)—Plans for an aggressive campaign to perpetuate in the South a Republican organization "based on principle rather than patronage" were outlined tonight by Col. Horace A. Mann, Southern campaign manager for President Hoover in 1928.

Mann said in a statement that the southern Republican organization will establish headquarters in Atlanta, will conduct an extensive educational campaign, including radio addresses and a wide distribution of literature, and will acquire or establish newspapers at a number of strategic places in the South.

The statement was issued after a two-day meeting here of the organization's executive committee, the first formal conference since the gathering at Savannah, Ga., three weeks ago.

Mann and his followers have rebelled against the handling of southern patronage by the administration faction of Postmaster-General Brown.

SAUNDERS LOSES OUT AT PARLEY

Meeting with Bankers on Receivership Fruitless; Going to California

MEMPHIS (Tenn.,) Aug. 13. (AP)—Back from a conference with New York bankers, Clarence Saunders said today negotiations had failed to realize his hope of regaining control and reorganizing the Clarence Saunders Stores, Inc., a unit of his grocery chains now in receivership.

Saunders said the bankers, who hold notes for $500,000 against the unit in receivership, offered to purchase the Clarence Saunders Pacific Stores, Inc., a California chain. He refused. He said he will go to California soon to manage the stores there.

The 153 units of the Clarence Saunders Stores, Inc., mostly in Southern States, were petitioned into receivership last month. The banking syndicate, headed by Bertels, Rawes & Donaldson of New York, obtained appointment of a second receiver to represent them and other large creditors.

WILBUR HITS AT MEDICAL MEN'S FEES

Doctors Must Cut Costs or Government will Have to Step in, He Says

SAN FRANCISCO, Aug. 13. (Exclusive)—Dr. Ray Lyman Wilbur, speaking as a medical man rather than as Secretary of the Interior, believes a solution of the high cost of medical service is bound to come.

"The committee on the cost of medical care has planned its work on a favorable basis," he stated. "We are extremely careful to avoid an expression of approval of any hasty attempt at a solution but we are interested in assembling and co-ordinating facts.

"The facts call for a solution and in some way, somewhere, someone will surely find a practicable method by which the savings of the average family accumulated before an illness will pay the cost of medical attention without too great a tax on those savings.

"The group practice of medicine may be the solution. No one can know until it is adequately tested. I understand such a trial is now being made in San Francisco by an organization known as the Meddical Foundation of America, Ltd. This movement will be watched with interest and the more carefully it is planned and guided, the more likely it will be to succeed.

"Unquestionably the medical profession, as a whole, would deplore a compulsory government system yet they know that something must be done. In speaking to medical men, I have often said that unless they do this for themselves, it will be done to them."

Women Accused of Flag Insult

ELMIRA (N. Y.) Aug. 13. (AP)—Two women Communists in charge of the International Relief Workers' camp at Van Etten are under charges of disgracing the American flag.

A complaint drawn by United States Commissioner Stowell of Corning, N. Y., charged that on the 8th inst., the women, Ailene Holmes and Mabel Husa, spat on the flag and used profane language concerning it. The women pleaded not guilty.

INDIA FREEDOM TALKED IN CELL

Gandhi and Coconspirators Allowed to Meet

Debate Nation's Problems with Peacemakers

Momentous Results May be Born of Conference

BOMBAY, Aug. 13. (AP)—Out of a remarkable gathering of captives today, held behind the walls of Yeroda prison in Poona, may come decisions of highest importance to the future of India.

It was a strange meeting, with Mahatma Gandhi, leader of the civil-disobedience movement, the central figure. Around him were a woman lieutenant, Mrs. Sarojini Naidu, and three men who long have been prominent in Nationalist activities—Pandit Motilal Nehru, his son, Jawarhalal Nehru, and Vallabhai Patel. All are serving sentences for acts in connection with the non-co-operation campaign.

PEACEMAKERS JOIN

Part of the time their conversations were extended to Sir Tej Bahadur Sapru and M. Jayakar, the unofficial "peacemakers," who are attempting to have the Nationalist movement held up pending the outcome of the round-table Indian conference in London this fall.

The meetings today lasted five hours and no hint was given as to what happened. Tomorrow morning the five Nationalists will meet again, with the two peace emissaries joining them in the afternoon.

What the results will be no one will predict, but all observers realize a decision of far-reaching effect, one way or the other, may result.

AFRIDIS DEFEATED

News from the northwestern frontier was distinctly reassuring to Europeans tonight, and military men consider that immediate danger to Peshawar, the city which guards Khyber Pass, and has been under siege by 10,000 hostile Afridi tribesmen, is over.

British planes continued retaliatory measures against tribal raiding parties in the vicinity of Peshawar and used machine guns on one group hiding in deep ravines southwest of the city. The main body of Afridis has broken up, it is understood, with scattered groups remaining in caves, gardens and ditches. The air force is systematically hunting these out.

CHICAGO JUDGE TO LOCK 'EM UP

"I'll Jail Gunmen and Their Lawyers, Too," He Says

Police Captains Told to Go Out and Drag Them in

Al Capone Heads List Given to Officers in Drive

CHICAGO, Aug. 13. (AP)—A promise to put both gangsters and their lawyers in jail regardless of technicalities was made by Judge Lyle today at a conference with North Side police captains.

Judge Lyle charged the district captains with the task of rounding up all gangsters in their precincts, particularly those listed in the crime commission's "who's hoodlum."

"Go out and round them up and we'll clean up the North Side," the judge said. "The public has an idea the courts are technical, but you bring these fellows before me and they will not be turned out."

LIST GIVEN POLICE

The judge gave each of the captains a list of the twenty-six public enemies described by the crime commission, the head man of them being Scarface Al Capone, who is reported to have ousted Bugs Moran from the North Side by installing Ted Newberry as his lieutenant.

Judge Lyle instructed the police captains to "go through your districts with a comb. Don't be afraid to bring a man in, even if you have nothing against him. If necessary wake me at night and I'll confer with you then about what to do with the prisoners."

LAWYERS FACE JAIL

"I'll show you that hoodlums can be thrown in a cell. These fellows will have a lot of lawyers. If necessary, I'll throw them in jail, too. You don't have to be afraid. They can't sue you. I will take the responsibility and if necessary lay my decisions in the lap of the Appellate Court and Supreme courts."

Judge Lyle last week sentenced two gunmen to a year in jail and fined them $300, the maximum penalty for carrying concealed weapons. He denied them jury trials.

Angelus
INDEPENDENT
DRUGGIST

IN THE SPOTLIGHT!
You have to be "good" these days to get in the spotlight.
◆ You have to be better than that to stay there.
◆ A group of Southern California druggists have earned a place in the public spotlight. What they are doing will win the hearty commendation of the majority of thinking family heads.
◆ These druggists, known and identified as the Angelus Independent Druggists, are rendering a new and improved service to assure you of sounder values and more satisfactory drug store purchases.
◆ Improvements extend throughout the Angelus stores — not in the form of shinier fixtures or unique store fronts. But in the things that affect your pocketbook and the satisfaction you receive from the articles you buy.
◆ No one has ever blamed the independent druggist for the drift away from the "professional attitude" in the conduct of drug stores. But now it is a group of thinking independent druggists who are applying the trained pharmacist's viewpoint to every department of the store.
◆ A real help to you in many ways. For instance, in making any sort of purchase at an Angelus store you receive SELECTED MERCHANDISE which has been purchased by scientific standards. You know, for instance, how valuable such a service is to you when having a prescription filled. The trust you have placed in your neighborhood independent druggist in times of sickness is the same kind of trust you will feel in buying any article at an Angelus store.
◆ That is why you will receive better values, and more for your money in the long run. That is why you will USE UP your Angelus purchases instead of filling the medicine cabinet with partly used, ineffective items. Take a look at your medicine cabinet, your cosmetic drawer and shelved drug store purchases. And you will appreciate this improved professional service of the Angelus Independent Druggists.

Louisianans to Have Many Courtesies in Canada

New Englanders Will Join Pilgrims in Boston

NEW ORLEANS, Aug. 13. (NANA)—Two score native Louisianians, whose forebears were exiled from Acadia 175 years ago, left their home today to start a pilgrimage to Nova Scotia.

The Louisiana delegation, representing thousands of persons of Acadian descent, will be joined at Boston by several hundred New England Acadians; and the two groups will sail from the Massachusetts City for Nova Scotia.

Back in the land of their forefathers, the Acadians will visit the picturesque church at Grand Pre and will participate in the dedication of a museum. Formal ceremonies in connection with the museum dedication will serve to commemorate the exile made famous by Longfellow's poem, "Evangeline."

Official representatives of Canada, the United States, England and France will receive the Louisiana Acadians on their arrival at Grand Pre, and courtesies will be extended them at Washington, New York and other cities along their route.

HAY-FEVER JUDGE SOUGHT TO SIT IN SNEEZE COURT

CHICAGO, Aug. 13. (AP)—Reduction of the 1930 crop of sneezes is planned in a big way by the Chicago Health Department.

Commissioner Kegel announced today he is ready to file 500 suits against owners of property on which ragweed, producer of hay fever, is allowed to grow.

Pointing out defendants have taken continuances until after the first frost has killed the weed and defeated the cases, Kegel asked the chief justice of the Municipal Court to establish a special court to hear the ragweed cases, to be presided over by a judge who suffers from hay fever.

LONG SERVICE HONORED

CHICAGO, Aug. 13. (AP)—Retiring as superintendent of the mechanical department after fifty years of service with the Chicago Daily News, Irvin I. Stone was honored at a banquet tonight.

NORRIS TO FACE NEW OPPONENT

Senator's Nebraska Victory Brings Announcement

"Independent Republican" will Bid for Party Support

Ohio Democrats Pick Wet and Dry in Primary

LINCOLN (Neb.) Aug. 13. (AP)—With defeat of the administration candidate assured, Nebraska's tempectuous Senatorial primary had an echo tonight in the threat of a widened breach in the Republican State ranks.

Soon after his opponents conceded the nomination of Senator Norris, who amassed a plurality of nearly 25,000 votes, announcement was made that Beatrice Fenton Craig, a Lincoln school-teacher, will oppose him in the election as an independent Republican "by petition."

Earlier in the day Walter Kiechel, manager of Willis M. Stebbens, Norris's leading opponent, described the insurgent leader's victory as non-Republican, and due to wholesale Democratic support.

The margin of former Senator Hitchcock over his dry opponent, Dr. Jennie Callfas, for the Democratic Senatorial nomination, continues to mount with belated returns. With only a few precincts missing Hitchcock has 49,782 votes to 13,484 for his opponent.

Charles W. Bryan, brother of the late William Jennings Bryan, won the Democratic gubernatorial nomination by an overwhelming majority over Anton Jensen and Gov. Weaver defeated Harry O. Palmer for the Republican nomination.

TICKET REPRESENTS BOTH SIDES ON LIQUOR

COLUMBUS (O.) Aug. 13. (AP)—Complete tabulation of the unofficial vote on Tuesday's primary tonight shows the Democrats selected former Representative Bulkley, Cleveland, an advocate of repeal of national prohibition, for United States Senator, and former Representative White of Marietta, an avowed dry with Anti-Saloon League backing, as their gubernatorial candidates.

Bulkley had approximately 40,000 more votes than his closest opponent, W. W. Durbin of Kenton, former State chairman, in a five-cornered race.

White defeated his wet opponent, Stephen M. Young of Cleveland, by almost 60,000.

Gov. Cooper, Republican unopposed for renomination, led his ticket with a total of 425,250 votes, while Senator McCulloch, also unopposed, received 345,699 votes.

Only one Representative, W. W. Chalmers, Toledo, Ninth District, was defeated for renomination. Chalmers was swamped by Wilbur M. White, Toledo newspaper editor, running on a wet platform.

BANKHEAD POLL HOLDS INTEREST OF ALABAMANS

MONTGOMERY (Ala.) Aug. 13. (AP)—With the nomination of John H. Bankhead of Jasper as United States Senator conceded, interest tonight centers on the size of the vote cast in yesterday's Democratic primary.

Frederick I. Thompson, Mobile publisher, today sent Bankhead a message of congratulation and assured him of his support in the general election in November, which will find Senator Heflin running as an independent to succeed himself. Heflin was excluded from the primary because of failure to support the Democratic Presidential ticket in 1928.

First estimates of a normal vote, or one approximating 200,000 were scaled downward. The vote for Senator in 1203 precincts counted stands as follows: Bankhead, 62,235, and Thompson, 33,633, or a total of 95,868 votes and an estimated one-fourth yet to report. Many observers believe the grand total will fall 75,000 or more below the 1926 vote for Senator of 216,660.

Judge B. M. Miller of Camden was slightly ahead of W. C. Davis of Jasper for the governorship nomination with three-fourths of the precincts reported.

SWEEPING VICTORY FOR ROBINSON IN ARKANSAS

LITTLE ROCK (Ark.) Aug. 13. (AP) Sweeping victory for United States Senator Robinson was recorded in yesterday's Democratic primary, it was shown by returns tonight from all but approximately 300 scattered precincts.

Senator Robinson had rolled up a plurality of nearly 100,000 over Tom W. Campbell, who waged a vigorous campaign as the veteran Congressional leader's first primary opponent in twelve years.

Gov. Parnell, who had three opponents, has more than 100,000 votes out of the approximately 195,000 accounted for tonight and is leading his nearest opponent, Brooks Hays, young lawyer of Little Rock, by more than 30,000.

The two Representatives seeking renomination who had opposition, Heartsill Ragon of the Fifth District and D. D. Glover of the Sixth, won by substantial margins.

PAIR FEARED KIDNAPED IN OHIO SAFE

Mr. and Mrs. Kern Back Home but Refuse to Tell Much of Whereabouts

ST. LOUIS, Aug. 13. (AP)—Charles Kern, rich retired flour buyer, past 70 years of age, and Mrs. Kern, for whom a wide search was conducted yesterday after their strange disappearance in Ohio with a $70,000 bank treasurer's check which Kern had drawn from a bank here, were back home today, but had no explanation to make.

Police had feared the couple had fallen into the clutches of kidnapers or swindlers.

Mr. and Mrs. Kern returned quietly to their home here at 1:45 a.m. Kern said they had gone to a point in Ohio to visit relatives, but would make no further disclosures. He did deny they had been kidnaped or swindled.

GIRL WON BY MEDALS; USHER USHERED TO JAIL

DETROIT, Aug. 13. (AP)—Benjamin Lee couldn't win his girl's love with his resplendent theater usher's uniform, so he bought some medals, won the girl, and today he is in jail as a bogus hero.

Dined and honored by Detroit veterans' organizations as one of Michigan's war heroes, Benjamin, an usher, appeared wearing the Croix De Guerre, the Victoria Cross, the Distinguished Service Cross and the Congressional Medal of Honor. He told lurid stories of his part in the World War.

Some of the veterans became suspicious. They figured out Benjamin was about 12 years of age when the war started.

Department of Justice agents questioned Benjamin and he confessed that his tales of heroism were designed to win the love of the girl who now is his wife. He said he purchased the medals from veterans who were "short of cash"—and that after his marriage his wife carried on the tales of heroism until the affair got out of his control.

BEETLE WAR SOUGHT IN LARGE AREA

Federal Experts Battle Japanese Pest in Parts of Nine Eastern States

WASHINGTON, Aug. 13. (AP)—A war against the Japanese beetle over an area approximately the size of the State of Pennsylvania—gradually invaded by the pest since its establishment here sixteen years ago—is being waged by the Federal and State governments.

The generally and lightly infested areas are said today by Lee A. Strong, chief of plant quarantine and control administration, to aggregate 43,888 square miles.

The beetle, described as "one of the major insect pests existing in the United States today," is found over the entire State of New Jersey, large sections of Maryland, Delaware, Pennsylvania, Connecticut, the District of Columbia and small areas in Virginia, New York, Massachusetts and Rhode Island.

1.3 MORE MILES PER GALLON
WITH THE NEW MACMILLAN

"...out of gas."

"WELL, Bill... That's that... the old tank is dryer than a desert wind, and ten miles to gas."

With Macmillan in the tank at the start of the trip, this story would have had a pleasant ending.

The Macmillan Petroleum Corporation guarantees you will get more mileage from the new Macmillan gasoline than from any gasoline you ever used...or your money back.

The new Macmillan is manufactured by the "Boner-Campbell process," newly discovered by Macmillan chemists, protected by patent and owned exclusively by this company. By this process certain desirable elements heretofore lost, are retained in Macmillan gasoline... providing a *combination* of qualities impossible by the old methods of refining: quick starting, 12 per cent more power and greater mileage.

Macmillan is a clean burning, crystal clear gasoline from which carbon-causing elements have been removed. It will give you a clean, sweet-running motor... and if you do not get more mileage from Macmillan than from any gasoline you ever used, your money will be refunded without argument.

The proof is waiting for you at any Macmillan pump.

GUARANTEE
MACMILLAN GASOLINE is guaranteed to give you more mileage per gallon than any gasoline you have ever used—or your money back.

NOTED ARKANSAN DIES

LITTLE ROCK (Ark.) Aug. 13. (AP) H. W. Applegate, 65 years of age, twice Attorney-General of Arkansas, died here today.

Man Puzzled--- Lost 19 Pounds of Fat

why—but the urge for activity seemed to flood his whole being and he followed the urge.

His wife was astonished—delighted—and when one evening he said with eagerness—"Let's go to a show tonight, dear,"—her joy was unbounded.

This virile Kruschen feeling that means more energy—more vigor—more ambition took possession of him—he took long walks every day—and enjoyed them.

He got on the scales one evening and came home with sprightly step—"eleven pounds of fat gone" he almost hollered—he danced a few steps with the activeness of youth and his wife danced with him.

Soon 19 pounds of unneeded and unwanted fat had left him and he marveled—and his friends marveled with him.

"Where did it all go to?" he asked, and no one could answer.

Kruschen Salts drives poisonous waste from the system—it acts on liver, kidneys and stomach and keeps them in tip-top condition—it keeps you feeling fit and fine all the time. Owl and Liggett Drug Stores and leading druggists America over sell Kruschen Salts for 85c a bottle, which lasts 4 weeks.—[Advertisement.

COURT DEMANDS HELEN'S MONEY

Baby-Talk Girl Ordered to Return $40,000

Asserted Gift of Bankrupt Admirer Sought

Singer Pleads Ignorance of Financial Affair

NEW YORK, Aug. 13. (Exclusive) Plump, pouting Helen Kane, most menacing of Broadway's baby-talkers, got something that was worth crying about today.

What she got was a nasty old paper from the Supreme Court, telling her to keep her little baby hands off the $40,000 a Broadway admirer gave her last week, which she promptly socked into her own bank account as soon as she could toddle up to the Plaza Trust Company.

And, just to add a more wistful pout to the little boop-boop-a-doop singer's baby face, a process server left Manhattan for Chicago, intent on plucking Helen from the Windy City footlights and taking her back to tell all about the $40,000 and what she knows of the financial difficulties of the Bond Dress Company.

Helen's interest in the Bond Dress Company, it appears in the legal proceedings, centers in her friendship with Murray J. Posner, partner in the concern.

Attorney Milton Weisman argued so convincingly before Supreme Court Justice Frankenthaler that the money in Helen's account actually belongs to the company creditors, that a restraining order was promptly issued.

"The records show that Posner gave Miss Kane $40,000 on the 4th inst., and $10,000 last June," Weisman said. And he added:

"There is nothing to indicate what services Miss Kane performed to earn this amount."

ACTRESS, AT CHICAGO, MAKES DENIAL OF CHARGES

CHICAGO, Aug. 13. (AP)—Helen Kane, who is boop-boop-a-dooping in a Loop theater, denied charges by creditors of the bankrupt Bond Dress Company, in New York, that Murray J. Posner, a partner in the dress concern, had given her $40,000.

"Mr. Posner is a friend of mine," said Miss Kane, "but I never heard of this money business. Maybe I've been more dooped against than dooping."

Lightning and Arsonists Play Havoc in Trees

SAN FRANCISCO, Aug. 13. (Exclusive)—With more thunderstorms setting the forests ablaze and incendiaries plying the torch, four widely flung firelines in Klamath National Forest have strenuous battles on their hands tonight, according to reports to Federal foresters here.

Just as twelve of the lightning fires in the vicinity of Happy Camp, Trinity county, were extinguished and the forces were massed on four others, several incendiary fires were reported near the junction of the Klamath River and Clear Creek, about ten miles to the south.

Al Smith will Give Radio Talk

NEW YORK, Aug. 13. (AP)—The New York World says former Gov. Smith will make at least one speech over a nation-wide hook-up during the coming Congressional campaign. The date has not been set.

This will be in addition to speeches in New York, Massachusetts, Rhode Island and perhaps two other States.

Yell Greets Pair in Death March

SAN QUENTIN, Aug. 13. (AP)—A grewsome imitation of a college yell from eight condemned murderers accompanied John Gomez, 22 years of age, and George Ryley, 21, as they were marched up to the death cell here today.

The two are to be hanged Friday for the murder of George "Dad" Jones, Livermore taxi driver, whom they robbed of $23.10.

RAIL EMPLOYMENT SHOWS FALLING OFF

WASHINGTON, Aug. 13. (AP)—Fewer workers are employed on American railroads this summer than at the same season in many years. The Interstate Commerce Commission estimated today the average number of railroad workers employed during June was 1,564,269, a decrease of 9.9 per cent from the number employed during the same month last year.

ARIZONA CITY LOSES IN CENSUS REVISION

WASHINGTON, Aug. 13. (AP)—One of Arizona's two cities of more than 10,000 population was shaved off a bit in Census Bureau revisions announced today in the State summary. Tucson, previously reported at 32,449, was announced as 32,198, an increase of 11,906, or 58.7 per cent. Phoenix remained constant at 47,950, a 65 per cent increase. Arizona's total was announced as 435,833, an increase of 101,671, or 30.4 per cent.

SEED LOAN DIRECTOR DIES

WASHINGTON, Aug. 13. (AP)—L. Emory White, director of seed loans for the Department of Agriculture, died today at his home here of septic poisoning. He had suffered ill health for several months.

AIR CRASH KILLS OKLAHOMAN

OKLAHOMA CITY, Aug. 13. (AP) H. C. Huckabee of Oklahoma City was killed tonight when the small airplane he was flying crashed near the Municipal Airport here. The ship went into a tail spin at about 500 feet.

Cloudburst Causes Damage in Nevada Mining Camp

SALT LAKE CITY, Aug. 13. (AP)—Flood-swept sections of Utah, working desperately to relieve the effects of mud and water that have destroyed farm lands, blocked highways and inundated homes, suffered new damage today.

To the south, north and west of this city, which has scarcely felt the results of heavy rainfall that sent mountain sides sluicing down on towns and farm lands, the waters continued their destructive course.

RESIDENTS DESPERATE

At Centerville, visited repeatedly this summer by flows of mud and rocks, and the scene seven years ago today of a flood that took five lives, a new rush of water this afternoon damaged four more homes and deposited fresh layers of silt on farm lands already buried. Residents, growing desperate, prepared to leave.

In Dry Canyon, above Provo, five families were made homeless when a cloudburst sent torrents of mud and debris over their farms, destroying all buildings. The families, including twenty-eight children, found refuge for the night in a neighboring farmhouse which escaped the effects of the storm.

MILL TOWNS HARD HIT

To the west of this city the copper-mill towns of Garfield and Magna were visited by new floods when swollen overflow canals above them at the foot of the Oquirrh Mountains gave way. Residences and business Houses in Magna were inundated, with muddy water in the business street knee deep.

At Arthur, another copper-mill town, a part of the Utah Copper Company's plant was flooded for the second day. Grantsville, in Tooele county, still is submerged, and Ophir is almost isolated by slides.

Hope for a cessation of the heavy rainfall of the present week is seen in a Weather Bureau forecast that promise clearing skies tonight and tomorrow.

HOTEL WRECKED, HOUSES WASHED AWAY

TONOPAH (Nev.) Aug. 13. (AP)—Heavy damage was caused by a cloudburst which struck the mining camp, Round Mountain, sixty miles north of here, last night.

The main hotel was partly wrecked and business houses suffered damage to stocks. A few small houses were washed some distance from the camp. Wire communication was cut off several hours.

Several were reported slighting injured but no lives were lost.

Filipino Workers Lose Jobs After Threat Letters

SAN JOSE, Aug. 13. (AP)—More than 100 Filipinos working in fruit and vegetable crops in this vicinity were released by orchardists and other employers following distribution of anonymous warnings against employment of Filipino labor, check of labor camps revealed today.

Most of the warnings were distributed two weeks ago and postal authorities have since been conducting an investigation.

The threatening letters, however, were not mentioned at the inquest at Mountain View this afternoon into the death of Joaquin Somera, Filipino laborer, burned to death when five cabins near Sunnyville were destroyed by fire of unknown origin late Tuesday. "Probably accidentally burned to death" was the jury's verdict.

FORMER G.A.R. CHIEF EXPIRES

Capt. E. L. Hawk Passes Away at Napa

SACRAMENTO, Aug. 13. (AP)—Capt. Elbridge Lafayette Hawk, former Commander-in-Chief of the Grand Army of the Republic, died today in the Soldiers' Home at Yountville, Napa county.

Death came quietly to the veteran, who was 88 years of age.

Capt. Hawk went to Yountville three months ago to attend a board meeting of the Soldiers' Home. Taking ill, he was confined to bed and never recovered.

Capt. Hawk was born November 30, 1841. He had been a resident of Sacramento since 1873, engaging in commercial, real estate and agricultural pursuits.

He had been a member of the G.A.R. since 1867, serving as department commander in 1910 and 1911. In 1927 the Sacramento veteran was elected National Commander-in-Chief.

FAY WRAY CHOSEN FOR LEAD

Bill Haines to Star in Story by Frederick Lonsdale; Charles Judels, John Halliday With Warners; "Last Mile" Author Writes for Universal

BY GRACE KINGSLEY

A change of directors and the assignment of a leading lady were the palpitating issues in connection with William Powell's next Paramount starring vehicle, "New Morals," according to word received yesterday from B. P. Schulberg.

FAY WRAY

John Cromwell and not Ludwig Berger, as first announced, will direct Powell, Berger being switched to another picture. Cromwell is now directing Jackie Coogan in "Tom Sawyer."

Fay Wray will be Powell's leading lady in the picture. Miss Wray recently completed the feminine lead with Richard Arlen in "The Sea God." But this will not be Miss Wray's first appearance as heroine to Powell's hero, as she played opposite him also in "Behind the Make-Up" and "Pointed Heels."

BILLY HAINES STAYS UNDER M.-G.-M. FLAG

Although it is known that various other picture concerns would like very much to annex the valuable talents of William Haines, that clever young comedian, is to remain with Metro-Goldwyn-Mayer, we learned yesterday.

WILLIAM HAINES

Haines has just signed a new five-year contract, and M.-G.-M. is out looking for the best obtainable stories for him.

His first will be Ursula Parrott's "Gentleman's Fate," according to present plans.

He is also to appear in a story written for him by Frederick Lonsdale.

WARNERS GET STARS FOR FILM SPECIAL

I don't know who in the world will be left to play in any other picture if Warner Brothers keep on signing up stars for "Fifty Million Frenchmen."

JOHN HALLIDAY

Yesterday Darryl Zanuck announced that two additional luminaries had just been signed for the special. Charles Judels, well known to Broadway, and John Halliday, also of the great White Way, will have featured roles in the production. Judels will have one of the principal comedy roles.

The cast already includes Claudia Dell, William Gaxton, Helen Broderick, Lester Crawford, Lydia Knapp and others. Work on the production started yesterday.

John Wexley Writes One

That clever writer of plays, John Wexley, whose play, "Last Mile," is now in its seventh month in New York, has quietly been writing a story for Universal, we hear.

He has indeed finished a yarn, the name and nature of which are unknown, but which is destined, we understand, to serve as a starring vehicle for Lew Ayres. Lewis Milestone, according to the same report, will direct. And already, at his apartment at the Hollywood Plaza, Mr. Wexley is at work on another play, shortly to be produced in New York.

Betty Boyd With Paramount

Charming little Betty Boyd has been signed by Paramount for an important role in Charles Rogers's next starring vehicle, "Molinoff," we learned yesterday. Lloyd Corrigan is directing.

Betty has recently played some leading roles with R.-K.-O. and other concerns.

Jose Crespo Signs

Surmounting the immigration difficulties which beset him during a visit to Mexico, Jose Crespo, noted Spanish actor, has returned just in time for the producers to avail themselves of his services.

JOSE CRESPO

He has just signed with M.-G.-M. to play the juvenile lead in "Mr. Wu."

Crespo is an accomplished actor, noted in his native land, where he was a member of the celebrated Benevente's theatrical troupe in Madrid. He has lately been playing in various Spanish versions of pictures.

Gwen Lee With Tiffany

Gwen Lee is rapidly establishing herself as a comedienne. She has just signed with Tiffany for the leading comedy role in "Extravagance," which Phil Rosen is directing. June Collyer has the romantic lead.

Miss Lee was formerly under contract to Metro-Goldwyn-Mayer, her contract expiring a month or two ago. Since that time she has been free-lancing.

Three-Year-Old With Darmour

With the signing of 3-year-old Billy Barty for a term contract, Larry Darmour, producer of R.-K.-O. comedies, now has the youngest contract player in pictures. Billy, who received the contract yesterday, on his birthday, has been seen in several of the Micky (Himself) McGuire comedies produced by Darmour.

Albert Roscoe With R.-K.-O.

"The Losing Game," over at R.-K.-O., seems to be annexing a lot of good actors. Now it is Al Roscoe, well-known character man, who has been signed for the production, an original story by Samuel Shipman. Roscoe has been appearing in a number of R.-K.-O. pictures lately, including "Half Shot at Sunrise," "Danger Lights" and "The Fall Guy."

'POOR NUT' PLAY CAST SELECTED

Norma Lee, Ruth Nugent and Cornelius Keefe to Support Star

Most of the principals of the original New York cast of "The Poor Nut" have been engaged by Henry Duffy to support Elliott Nugent in the rollicking comedy of college life which opens Sunday matinee, the 24th inst. at El Capitan Theater.

Norman Lee, Ruth Nugent, Percy Helton, Cornelius Keefe, Eric Kolkhurst and Russell Scott, who appeared with the star for more than a year on Broadway and for another year in Chicago and Boston, will support him again. The balance of the cast of twenty principals will be announced in a few days.

"The Poor Nut" is said to be the most elaborate production that has ever been staged at El Capitan. The comedy of campus life was written by J. C. and Elliott Nugent.

Powell Plays Attorney in New Picture

William Powell in his latest starring picture, "For the Defense," comes to the Paramount Theater today. Featured with the star in the feminine lead is Kay Francis, charming leading woman who also was cast opposite Powell in "Street of Chance."

KAY FRANCIS

The story tells of a brilliant metropolitan lawyer who defies justice for the woman he loves and becomes ensnared in the toils of the law, from which he has saved innumerable clients. John Cromwell directed and Oliver H. P. Garrett is responsible for the script.

Supporting Powell and Miss Francis are Scott Kolk, William B. Davidson, John Elliott and Thomas E. Jackson.

Cast of M.-G.-M. Film Invited to Criterion

Celebrating the opening of Greater Talkie Season, tomorrow night will be "Our Blushing Brides Cast Night" at the Criterion Theater.

All of the members of the cast of "Our Blushing Brides" have been invited by the theater as well as by Metro-Goldwyn-Mayer studio representatives. It is hoped to have Joan Crawford, Anita Page, Dorothy Sebastian, Robert Montgomery, Raymond Hackett, John Miljan and others present, according to the theater.

The picture, now starting its third week at the Criterion, has broken all midsummer patronage records in the history of the theater, it is said.

The Criterion is entering forty-eight doubles for the stars of Hollywood. More than 300 "twins" of the film celebrities will be judged by studio players at the Chinese Theater Friday morning.

Drama Brings Fellow-Actors to Playhouse

Herbert Bunston and Charles Coleman met for the first time in eighteen years when they found themselves on the stage of the Hollywood Playhouse rehearsing "The Champion," in which Grant Mitchell will be seen as the star, starting Sunday evening.

Bunston and Coleman played together with Lydia Yavorsky's production of "Anna Karenina," but had not met since that engagement until Claude King, the director, started to introduce them at the rehearsal. Coleman has been a member of the picture colony for several years, but Bunston has confined most of his professional activities to England until he came to this country to act in Pinero's "The Enchanted Cottage."

Doris Lloyd heads the supporting cast, which also includes Claude Allister, Lucy Beaumont, Evan Thomas, Lorna Noy and Nenette Vallon.

GEYER COMEDY ANNOUNCED

Gilbert Miller's New York production of "Candlelight," gay Viennese comedy, will usher in the new season at the Biltmore Theater, opening Monday night, the 25th inst., for two weeks only. Reservations forecast a gala premiere.

Written by Siegfred Geyer, European farceur, "Candlelight" enjoyed lengthy runs in Vienna, Berlin and London. P. G. Wodehouse, playwright and novelist, provided the American adaptation which ran eight months in New York.

"Candlelight" features Eugenie Leontovich, brilliant Russian actress who achieved note in "He Who Gets Slapped" in Moscow and in Pepys' "And So to Bed" in New York. She appears in the role of a maid, masquerading as her mistress to gain the affections of a prince, who turns out to be a valet.

Reginald Owen, recently here with Fay Bainter in "Caprice," and Alan Mowbray, who scored last season in "The Second Man," share honors with Mlle. Leontovich. Also in the cast are Byron Sage, Eden Gray, Lorayne Carpenter, Akim Tamiroff and Lucian Self.

'Scarlet Pages' Ends Run Today

After a run of two weeks "Scarlet Pages," the current attraction at Warner Brothers' Downtown Theater, ends its engagement today. In this First National Vitaphone production, Elsie Ferguson, who has the starring role, makes her first talking-picture appearance. Marian Nixon, Grant Withers and John Halliday enact supporting roles.

Starting tomorrow, the Downtown will have the world premiere of "Moby Dick," the picturization of the novel by Herman Melville, starring John Barrymore.

Psychology Motifs Blend with Spectacular Effects

Air Commander's Tragedy of Bafflement Disclosed

Barthelmess and Others in Cast Do Superior Work

BY EDWIN SCHALLERT

"Happy Landings!"

Two words carelessly flung to departing aviators in "The Dawn Patrol," but they tell a deep story.

Another great air picture is playing here, and it thrives by virtue of its plot and psychology.

"The Dawn Patrol" is at the Orpheum Theater, and with Richard Barthelmess as the star, is a victory not only of spectacle, but of acting and direction. There are theatrical inclinations, 'tis true, at times, in this production of the battling aces' fight to the death, but, even coming as it does after other pictures of the same general scope, "The Dawn Patrol" presents a new impression to the view.

We have here the theme of the air commander's inward revolt against the horrors of war—the fact that time and again he has to send out men to die, veterans first who are experienced (and that is not so bad) then mere schoolboys with scarcely any training in combat maneuvers. The harsh mill of discipline grinds on, taking its toll of human beings.

All of "The Dawn Patrol" takes place in a dangerous sector, where raids, dogfights and difficult secret maneuvers are the order of the day. The Flying Circus of Richter, (used all too frequently, I am afraid, in pictures) is pitted against the English group who are followed in the plot. Planes are shot to pieces, burst into flames, and fall to the earth as they have, mayhap, in other air pictures, and there is the great bombing of a railhead as a climax.

But the significant thing is the attitude of the man who issues the orders, and carries out the commands. Hemmed in, hedged in by the duty of remaining behind, he can have no part in the conflict that rages for the others. The inward conflict is the thing that kills.

It is Neil Hamilton as Maj. Brand who begins this somber death watch, and who carries it on through several reels of the picture. He is glad to turn it over to Barthelmess as Dick Courtney after the latter has made a sensational escape from a forbidden attack on the Richter air circus.

It is Barthelmess then that carries the leader duty through to the bitter end, where he substitutes for an aviator who is to undertake the munitions bombing flight—and goes west.

The man for whom he substituted, and who bore a grudge toward him because he sent his younger brother out on a difficult patrol, is the one who ironically enough inherits the commander's post, with its solace of drink as an antidote for the gloom.

I think that the seriousness of this psychological motif of "The Dawn Patrol" is overdrawn in certain scenes. I question whether each officer would follow the same course. But theatrically considered the undercurrent of drama in the picture is amazingly strong. It is evidence of the quality of the original story "The Flight Commander" by John Monk Saunders, and the adaptation by Howard Hawks, Dan Totheroh and Seton Miller. Hawks it was, too, who directed, with a rigor that is seldom found in any film.

Barthelmess, Douglas Fairbanks, Jr., Neil Hamilton and Edmund Breon play the largest roles, while Gardner James, William Janney, James Finlayson are other prominent. Barthelmess and Hamilton share very evenly in the laurels in this picture, because both their portrayals are so forcibly done. Fairbanks, Jr., is but little behind them in the running, whereas the aide portrayed by Breon is a gem of its kind. James is excellent in a role that is briefer than the other four. It is strong in character for its short duration. Barthelmess maintains the high average of his recent performances in this production.

It might be noted that there are no women in the cast.

Spectacular scenes are brilliantly devised, both the munitions plant raid and the attack on the German air field. Photography, especially in the more intimate scenes, is of a striking quality, and is credited to Ernest Haller.

This is a very fine and worthy production to augment the gallery of air warfare epics.

Accompanying the feature is a Clark and McCullough comedy that is rich and amusing relief.

MAUDE RE-ENACTS 'GRUMPY'

Noted Star Dominates Familiar Story in Talkie Form at United Artists Theater

BY PHILIP K. SCHEUER

Albeit he wheezes, now the cinema is dignified by the presence of Cyril Maude, the eminent stage actor. Mr. Maude appears at the United Artists Theater this week in the titular role of "Grumpy," taken from the old script by Horace Hodges and Thomas Wigney Percyval, and done into talkie form by Paramount. The late lamented Theodore Roberts played the part in an earlier silent version.

"Grumpy" is as gentle, as somnolent, as the English countryside—of which, incidentally, only a single flash is vouchsafed during the unfoldment of the simple plot. For the rest, the picture is devoted to the indoor eccentricities of a gentleman who, despite his querulous age, dominates those scenes through which he hobbles. It is a performance that Cyril Maude gives—shrewd, beautifully timed, and never, to me at least, conveying any sense other than that it is a performance.

How this retired criminal lawyer recovers, for his daughter's fiance, a rare diamond from the African mines, is the story. The boy had come to the manor for the night; the morrow would see the completion of his secret mission; but in the evening he was attacked by an unknown who wrested the uncut jewel from his pocket. So "Grumpy," putting two and two together—in this case his clews are camelias—traces the diamond and the thief to his lair. Further, he forces the thief to return the diamond at almost the exact spot from which he made off with it. This is in what corresponds to the third act; and then, aching in every joint, groaning at every step, Grumpy retires to bed.

The characterization, you can see, is second nature to Cyril Maude by now. One remark suffices to illustrate him; in greeting young Ernest Heron, he recalls him as a "little curly haired, blue-eyed . . . beast of a boy." Alternately gruff and melting, he roars at faithful, long-suffering Ruddick, his man, and then squints up at him humorously.

The film has been accorded a tasteful production and the supporting cast is refined. Phillips Holmes and Frances Dade play the young sweethearts with appropriate charm, young Holmes being required to suffer a bad headache, as he was in "The Devil's Holiday." Miss Dade, a comparative newcomer, reveals an appealing simplicity in her part.

Halliwell Hobbes portrays Ruddick, the serving man, and the others are Paul Cavanagh, Olaf Hytten, Doris Luray, Robert Bolder and Colin Kenny.

Satisfactory direction is accredited to George Cukor and Cyril Gardner, who are faithful to the letter of the original.

An exceptionally pleasing short subject, "Drifting Along," is presented on the same program.

LATE SHOW DEDICATED TO COMICS

Chinese Theater Plans Festivities in Honor of Mitchell and Durant

The midnight matinee Saturday at Grauman's Chinese Theater will be dedicated to Mitchell and Durant, comedians, who have been featured in the prologue during the run of "Hell's Angels."

Coming to Hollywood fresh from an extended engagement in George White's "Scandals," the comic duo have been one of the outstanding attractions of the stage show at the Chinese, and the coming midnight matinee will be in the nature of a farewell tribute to the duo from the motion-picture colony of Hollywood, it is said.

Expressing the carnival spirit prevailing at the late hour showings, special festivities will be staged at the midnight matinee, with stars of stage and screen participating.

'Common Clay' Due Today at Loew's State

The Harvard prize play, "Common Clay," in screen version, is the choice of Loew's State to open Greater Talkie Season, starting today.

LEW AYRES

The film is said to deal frankly with modern life and its temptations. A love story holds together the incidents of the plot.

Constance Bennett portrays the leading feminine role and Lew Ayres, who came into prominence in "All Quiet on the Western Front," is the wealthy young swain. Tully Marshall, Beryl Mercer and Matty Kemp have prominent parts. Victor Fleming directed.

Miss Bennett will appear personally on the stage at tonight's performances, according to word from the theater.

MOTION PICTURES

Bard's, Eighth between Broadway and Hill—"The Border Legion." Richard Arlen and Jack Holt do some plain and fancy shooting and its all swell.

Boulevard, Washington at Vermont—"Women Everywhere." Opens today.

Carthay Circle, Carthay Center—"Holiday." A film play of quality and delight with Ann Harding at her best in defense of youth.

Chinese, 6925 Hollywood — "Hell's Angels." It took Howard Hughes four years and $4,000,000 to produce the colossus of the air; and it was worth it.

Criterion, 642 South Grand — "Our Blushing Brides." A scintillating fast-moving story of the younger set with a heart throb or two from Joan Crawford.

Egyptian, Hollywood Boulevard—"The Man From Wyoming."

Figueroa, Figueroa at Santa Barbara—"Shadow of the Law." A widely discussed picture with William Powell.

Filmarte, 1228 North Vine—"Pamir." A travelogue of unknown land which just misses greatness.

Forum, Pico at Norton—"Golden Dawn." The sun comes up with song, but who cares? Vivienne Segal.

Loew's State, Broadway at Seventh—"Common Clay." Opens today.

Million Dollar, Broadway at Third—"The Storm." Opens today.

Pantages, Hollywood at Vine—"Romance." The glamorous Garbo does not come up to expectations. Nor does the picture.

Paramount, Hill at Sixth—"For the Defense." Opens today.

Ritz, Wilshire at La Brea—"The Man From Wyoming." A rambling account of the war which doesn't get anywhere. Gary Cooper.

R.K.O., Hill at Eighth—"Night Work." Opens today.

R.K.O., Orpheum, Broadway at Ninth—"The Dawn Patrol." Reviewed in today's Times.

Tower, Broadway at Eighth—"Recaptured Love." Amusing, sophisticated is this conflict between Belle Bennett and John Halliday.

United Artists, Broadway, near 9th—"Grumpy." Reviewed in today's Times.

Uptown, Western, at Tenth—"The Shadow of the Law." A much-discussed picture in which William Powell stars.

Warners' Downtown, Hill at Seventh—"Scarlet Pages." Elsie Ferguson appears to some advantage in an uneven story.

Warners' Hollywood, Hollywood Blvd. at Wilcox—"The Matrimonial Bed." Clever, witty and very entertaining is this French farce with Frank Fay.

Westlake, 638 Alvarado—"The Rogue Song." Lawrence Tibbett careens around the Caucasus in full baritone. Good.

STAGE

El Capitan, Hollywood Blvd. nr. Highland—"Tea for Three." A triangular view of a modern home becomes entertaining. Tom Moore, Gladys George and Ernest Glendinning.

CALIFORNIA PEACH CROP ESTIMATED

Production Expected to be 27,919,000 Bushels, Less Than Had Been Expected

SACRAMENTO, Aug. 13. (AP)—Clingstone peach production in the State this season was forecast at 466,000 tons, and the freestone crop at 304,000 tons, by the Federal-State Crop Reporting Service here today. The State's total peach harvest is estimated at 27,919,000 bushels.

The report, issued by Statisticians Kaufmann and Blair, said slight determination was shown in the clingstone crop during the past month due to lack of sizing on account of hot weather. A lighter crop than had been expected is seen for Southern California.

Harvesting and canning are reported going ahead rapidly.

Fear of considerable injury to the orange crop is felt due to long periods of abnormally hot weather, the report said, but serious damage was not reflected from reports of the 1st inst.

California's apple crop was forecast at 11,502,000 bushels. Prospects for other crops are:

Pears 227,000 tons; prunes, 234,000 tons; apricots, 209,000 tons; almonds, 12,500 tons; walnuts, 31,000 tons.

CHINESE HUNTS GOLD FOR SIXTY-SIX YEARS

BOISE (Idaho) Aug. 13. (AP)—Sixty-six years ago young Doo Lee, Chinese, trotted into Idaho City to toil with his countrymen for the gold that spelled independence and affluence in his home country. Today Doo Lee, 91 years of age, is dead. During his lifetime, he witnessed the peak of the gold rush into the Boise basin. He continued panning a bit of gold, making a living where only patience would bring results. His savings totaled $147.

IN MEMORIAM

HOLMES—In loving memory of my dear husband, W. J. L. (Bill) Holmes, who passed away (accident) at the age of 27 years, three years ago today, August 14th, 1927.

My Beloved:
"As sweet fragrance of a rose,
Though its leaves are crushed and dead,
So the memory of thy precious love
Is with me in thy stead."

His lonely wife,
ROBBIE C. HOLMES.

CARD OF THANKS

The family of Lewis B. Cohn wish to thank his friends and schoolmates for their kind expressions of sympathy in their recent bereavement, and acknowledge gratefully the floral offerings, cards and words of condolence.

Horse Deadlier Than Airplane

MADISON (Wis.) Aug. 13. (AP)—Horses killed more persons than airplanes in Wisconsin during the second quarter of this year, the Bureau of Vital Statistics of the State Board of Health announced today.

During April, May and June, eighteen persons lost their lives as the result of accidents involving horses and horse-drawn vehicles. In the same period, five persons were killed in airplane accidents.

ELEVATOR OPERATOR VICTIM OF THIEVES

ST. LOUIS, Aug. 13. (AP)—Joe Walinsky operates an elevator for the Mercantile-Commerce Trust Company, in which capacity he undoubtedly heard a bank is the safest place for one's savings. But Joe had his own ideas about that.

Walinsky went to work as usual yesterday. His job of operating the bank's elevator done for the day, he returned to his home and found buglars had entered by means of a duplicate key and ripped open the mattress in which he had sewed his entire savings, $2200.

HUNTER MINES GOLD IN GROUSE'S GIZZARD

BOISE (Idaho) Aug. 13. (AP)—Gus Gilbert thinks he is entitled to the gold-inlaid grouse—in fact, he got it. While hunting on the Upper Boise River Gilbert shot a grouse in whose gizzard reposed a gold nugget about the size of a lima bean. He didn't start a gold rush, however, as none of his other three grouse had gathered any.

NOTICIAS MUNDIALES DE ULTIMA HORA

NOTAS TELEGRAFICAS

La Duquesa de Brabant Espera una Nueva Criatura

BRUSELAS, Agosto 13.—La duquesa de Brabante, que fue la princesa Astrid, de Suecia, espera nuevo alumbramiento para fines de Agosto o primeros de Septiembre.

Ella y su esposo, el príncipe Leopoldo, heredero de la corona de Bélgica, son ya padres de una niña, la princesa Josefina Carlota, nacida el 11 de Octubre de 1927.

El Kaiser Complacido por unos Artículos sobre el Origen de la Guerra

GENOVA (Italia), Agosto 13.—Guillermo de Hohenzollern, emperador que fué de Alemania, ha telegrafiado hoy al barón Alberto Lumbroso, dándole las gracias por unas copias de sus artículos sobre los orígenes de la guerra mundial. Esos artículos se publicaron hace poco en el "Giornale di Genova", y dan la razón a Alemania en aquello de rechazar la culpa de que haya estallado la guerra.

Aumenta la Entrada de Turistas

SACRAMENTO, Agosto 13.—G. H. Hecke, director de Agricultura del Estado, publica las cifras de turistas entrados por las fronteras de California, y ellas revelan que ha crecido mucho el número de viajeros que nos visita.

El número total de automóviles que entraron en el Estado por las estaciones de la frontera ascendió el mes próximo pasado a 109,073. Los entrados en Julio de 1929 sólo llegaron a 91,454.

Esos automóviles trajeron en Julio de este año 313,795 viajeros, de los que 133,864 cruzaron por la frontera de Nevada, 112,338 por la de Oregón, y 67,593, por la de Arizona. El año pasado, el número total de viajeros ascendió a 266,740.

Más Mortal Resulta el Caballo que los Aviones

MADISON (Wisconsin), Agosto 13. Los caballos mataron más personas que los aeroplanos en Wisconsin durante el segundo trimestre de este año, según ha anunciado hoy el negociado de Estadística Vital del Consejo de Sanidad del Estado.

Durante los meses de Abril, Mayo y Junio, perdieron la vida dieciocho personas como resultado de accidentes ocasionados por caballos y vehículos tirados por dichos solípedos. En igual período de tiempo perecieron cinco personas en accidentes de avión.

Chino que Busca Oro Durante Sesenta y Seis Años

BOISE (Idaho), Agosto 13.—Sesenta años ha, el joven chino Doo Lee hizo su aparición en Idaho City para trabajar con sus paisanos en la búsqueda del precioso metal, que había de darles independencia y riqueza en su tierra natal. Hoy ha muerto Doo Lee a los 91 años de edad. Le tocó presenciar el apogeo de la fiebre del oro en la region de Boise. De entonces acá ha lavado mucha arena y recogido algunos granos de oro, con lo que logró vivir a costa de buena dosis de trabajo y paciencia. Al morir, sus ahorros no llegaban más que a $147.

Marion Talley se Vuelve al Este, y Tal Vez Cante Allá

CHICAGO, Agosto 13.—La muchacha del Oeste de Oro, Marion Talley, ha descubierto que, después de todo, no es el oeste tan dorado como el este.

Habiendo hecho escala aquí ayer, de paso para Nueva York, dijo la joven diva que la seca le había destruido su cosecha de maíz en su granja de 800 acres de Kansas, y dio a entender que tal vez trataría de compensar sus pérdidas volviendo a cantar en la Gran Opera Metropolitana de Nueva York, que abandonó hace un año, tras un éxito repentino, para irse a trabajar en una granja.

"Tengo todo derecho para cambiar de modo de pensar", agregó la señorita Talley.

Mujeres Acusadas de Haber Insultado al Pabellón

ELMIRA (Nueva York), Agosto 13.—Están bajo la acusación de haber mancillado la bandera norteamericana, dos mujeres comunistas, que tienen a su cargo el campamento de los Obreros de la Ayuda Internacional, en Van Etten.

La acusación fue formulada por el comisionado federal Stowell, de Corning (Nueva York), quien dice que el 8 del actual, Ailene Holmes y Mabel Husa escupieron el pabellón de los Estados Unidos, y le dirigieron insultos de palabra. Las dos mujeres han desmentido el cargo.

NOTAS LOCALES

Gemelas en una Jira de Propaganda

Las gemelas Helen y Eleanor Hogan, de 4847 del bulevar de Beverly, comenzaron ayer a llevar una pelota de golf desde la esquina de las calles Primera y Main hasta Hollywood, Beverly Hills, Santa Monica, Venecia, Culver City y West Los Angeles.

Su objeto es llamar la atención pública al hecho de que va a abrirse una pista de golf, el 1 de Septiembre, en la esquina de la avenida de Vermont y la calle Cuarta. Para esa fecha piensan estar de regreso en tal punto las gemelas Hogan, dando fin de ese modo a su recorrido de larga distancia.

Charlas Infantiles para Chiquillos de Escuela

II.

Era un chiquillo muy modosito, a quien no le gustaba meter sus manos hasta el fondo de los bolsillos del pantalón, ni silbar por entre los dientes de enfrente, ni cambalachar ágatas, como la mayoría de los muchachos. Mientras los demás muchachos de la población se iban a pescar barbos en los canales o a jugar a la liebre y los sabuesos en los bosques pantanosos y musgosos, John James se acostaba tranquilamente boca arriba bajo un naranjo, y dede allí podía ver al sinsonte edificar su nido en las ramas, y podía escuchar sus agudas notas (He was a very quiet little lad, who did not care to put his hands deep down into his trousers pockets, whistle through his front teeth, and swap agates like most boys. When the other boys in the town went fishing for catfish in the canals, or played hare and hounds through the swampy, moss-hung woods, John James used to lie quietly on his back under an orange tree, where he could watch a mocking-bird building its nest in the branches and could listen to its shrill song.

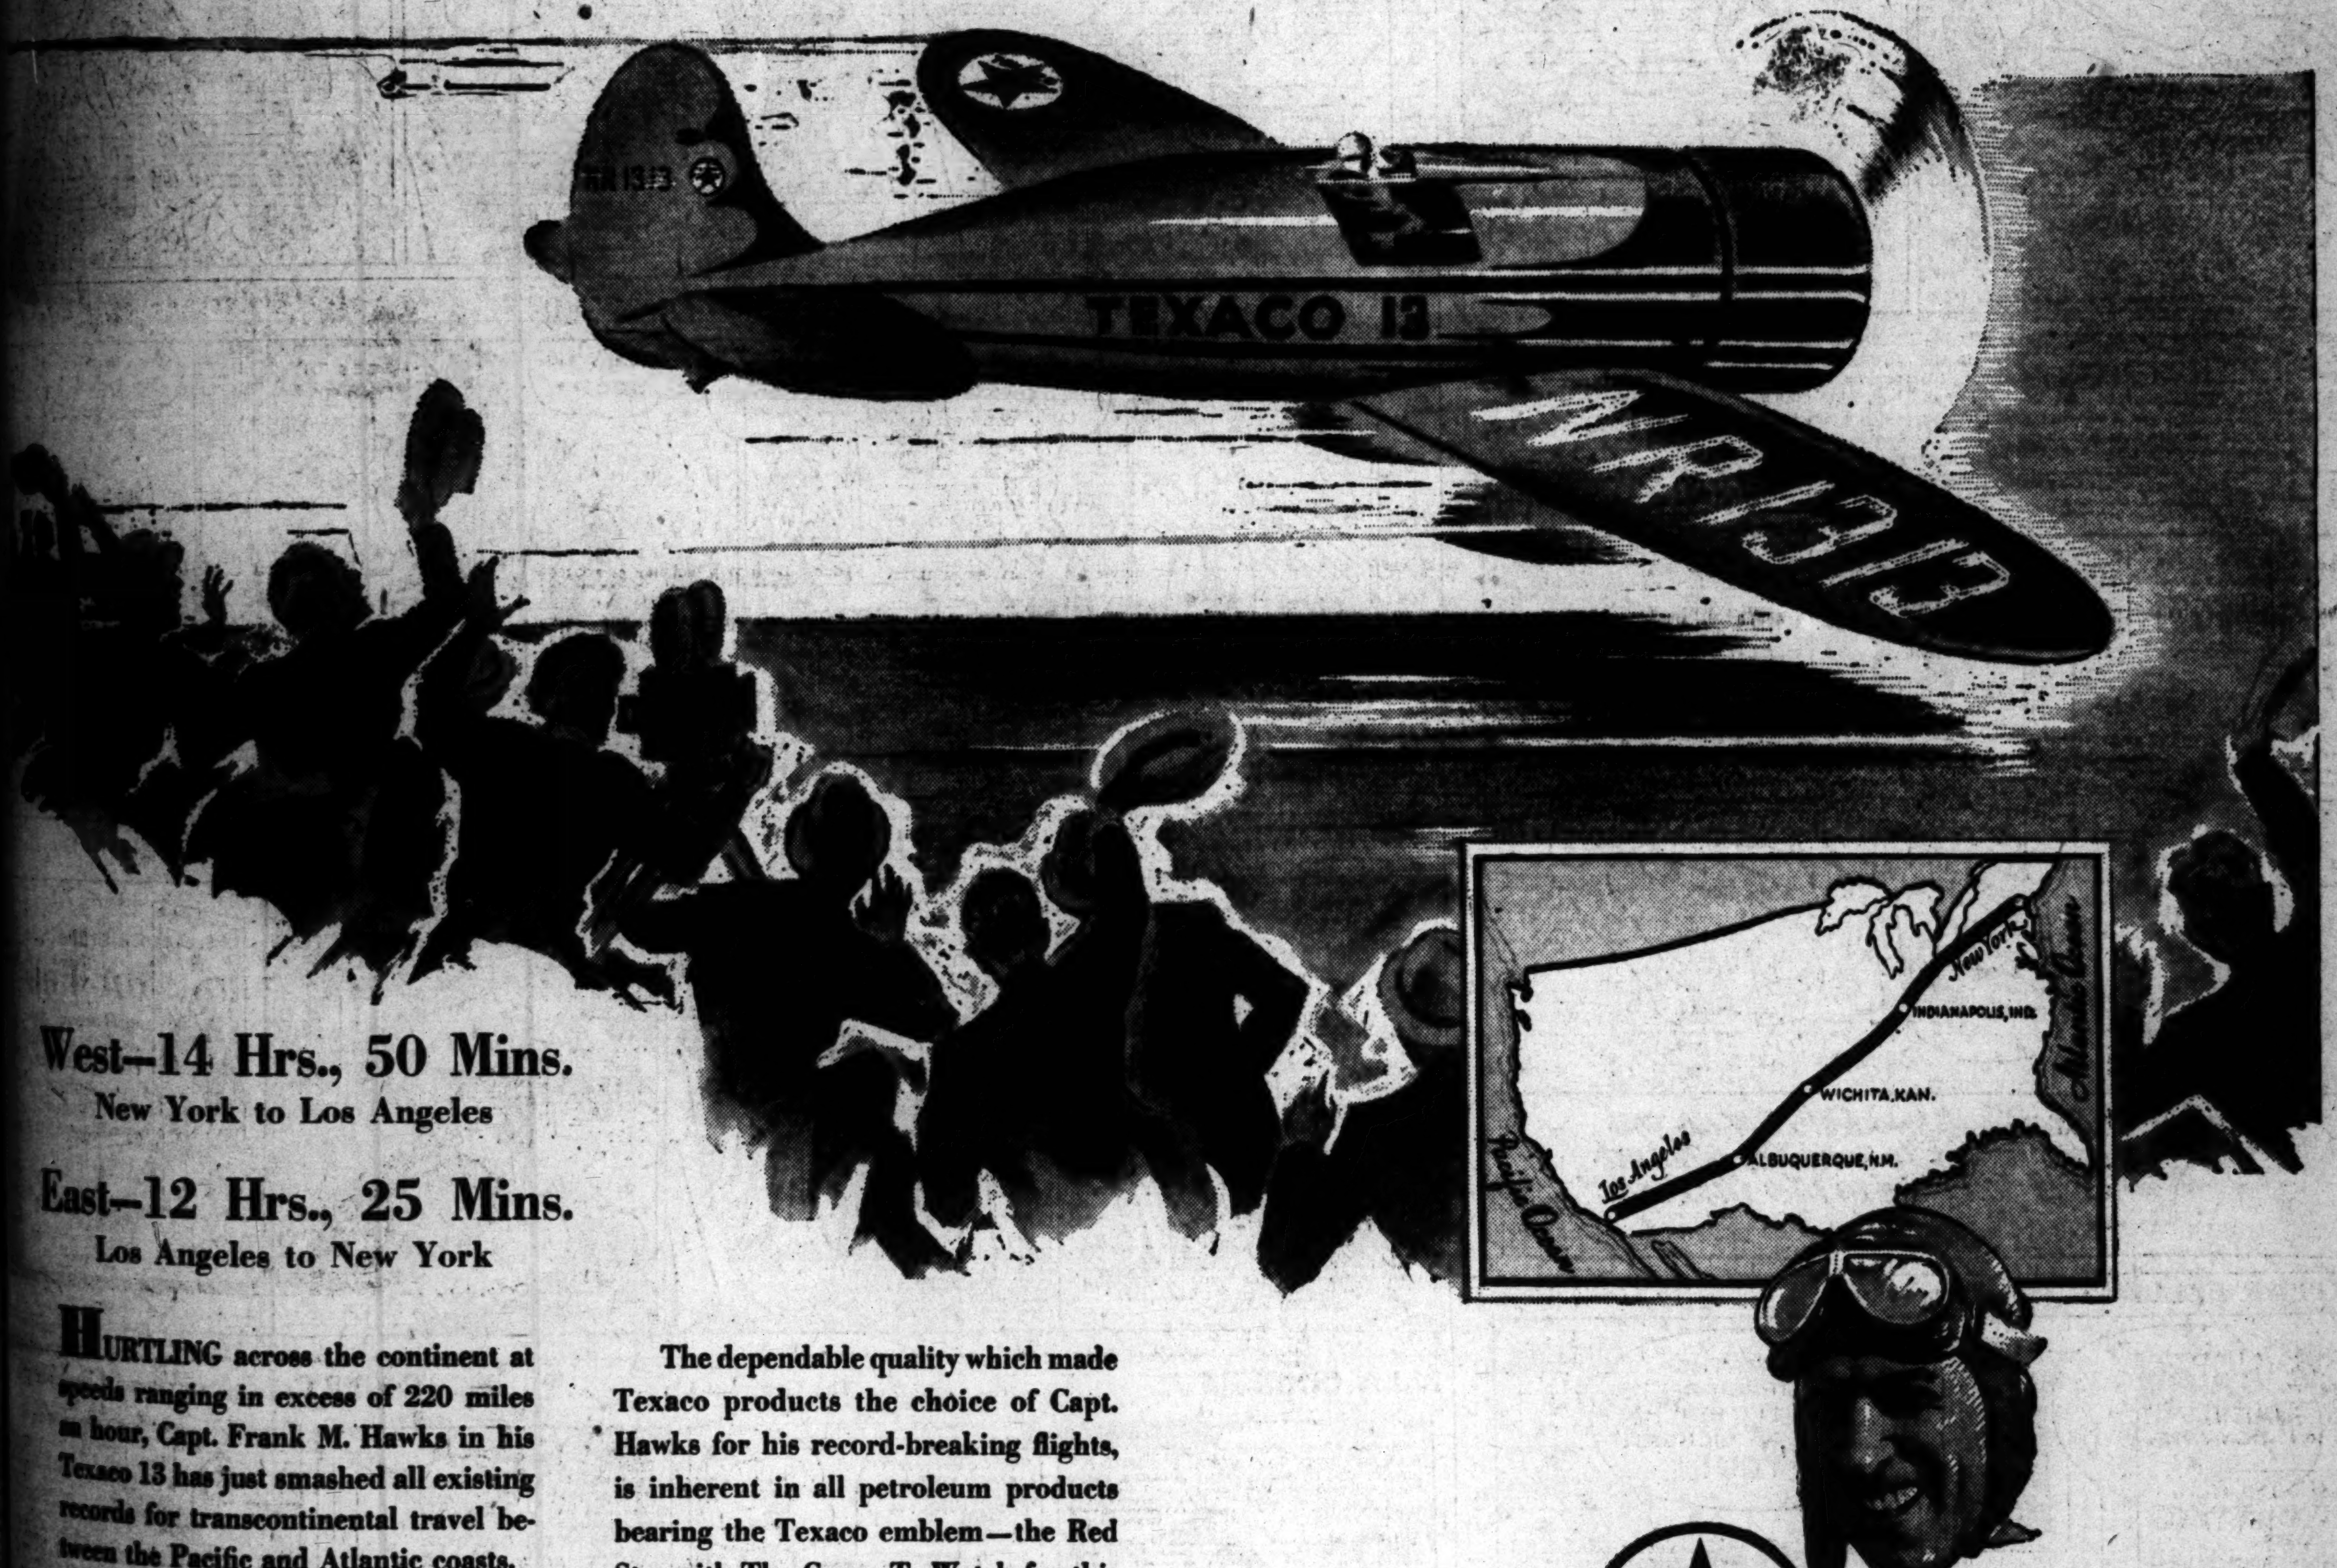
Capt. Frank Hawks

SMASHES BOTH TRANSCONTINENTAL RECORDS with TEXACO



CAPTAIN
FRANK M. HAWKS

West—14 Hrs., 50 Mins.
New York to Los Angeles

East—12 Hrs., 25 Mins.
Los Angeles to New York

HURTLING across the continent at speeds ranging in excess of 220 miles an hour, Capt. Frank M. Hawks in his Texaco 13 has just smashed all existing records for transcontinental travel between the Pacific and Atlantic coasts.

Texaco Petroleum Products were used exclusively on these astonishing flights—the fastest trips ever made between Los Angeles and New York City. Texaco Aviation Gasoline fueled the special 400-horsepower Wright Whirlwind engine which sent Capt. Hawks' low-wing Travelair plane racing across the sky. Texaco Lubricants were used in the roaring motor, which "turned over" at the tremendous speed of 2200 revolutions per minute.

The dependable quality which made Texaco products the choice of Capt. Hawks for his record-breaking flights, is inherent in all petroleum products bearing the Texaco emblem—the Red Star with The Green T. Watch for this mark of quality in the purchase of your motoring products. Your "hops" may only be a few score miles over the week-end, or perhaps through the daily complexities of city traffic—but wherever you go, watch for service stations displaying the Texaco emblem.

Learn for yourself the superiority of Texaco New and Better Gasoline, Texaco "Dry" Ethyl Gasoline, and the New Texaco "Crack-proof" Motor Oil.

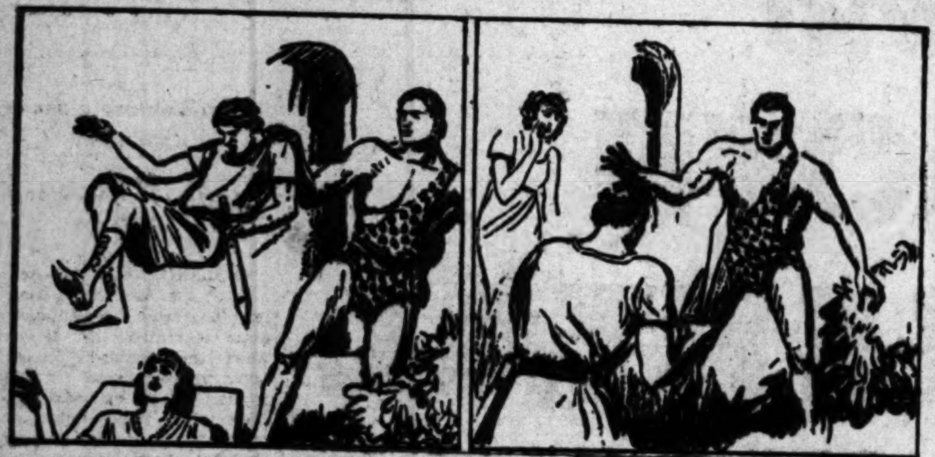
TARZAN AND THE LOST EMPIRE

By Edgar Rice Burroughs



A heavy hand fell upon the collar of his tunic and the young man felt himself swung from the girl and hurled roughly aside. He saw his assailant lift his victim to her feet and his little eyes saw, too, one other thing: the stranger was unarmed! Here was his chance!

Then it was that the sword of Fastus leaped from its scabbard and Tarzan found himself facing naked steel. The girl saw what Fastus would do. She saw, too, that the stranger was unarmed and she leaped between them calling "Azuch! Sarus! Mpingu! Hither, quickly!"

Taran seized the girl and swung her swiftly behind him. Simultaneously Fastus leaped to the attack. But the Roman had reckoned without his host and easy conquest over an unarmed man seemed far from easy, for when his sword swung to cleave his foe, the foe was not there.

Never in his life had Fastus witnessed such agility. It was as though the barbarian's body moved more rapidly than the sword, always a fraction of an inch ahead. Three times he swung viciously and three times his blade cut empty air. Tarzan moved like lightning.

CHILDREN'S DAY AT FAIR

Youngsters Throng Grounds at Santa Maria Exposition Wednesday

SANTA MARIA, Aug. 13.—Lollypops and Shetland ponies were the popular attractions of today's Santa Barbara County Fair as the children swarmed the fair grounds for "kiddies' day," and the opening of the horse show last night was attended by several thousand people.

Some of the finest show and draft horses and beef and dairy cattle on the Pacific Coast are being judged here today and tomorrow. Beautiful draft horses from the Los Angeles county and Stinson Orange county rancho, stock and show horses from the Dos Pueblos, Juan Y. Lolita, Los Pritos, and Price's Los Alamos rancho, are entered in the competition.

An exhibit of fine poultry of every variety is seen in the adjoining tent.

Then there is the cattle, fine beef and dairy animals from various ranches of this and other States. Long-horned Ayrshire from the Lochinvar Ranch, Phoenix, Ariz., Guernseys of Minnie E. Miller's Wendell (Idaho) ranch, and Trautmer Ranch of La Honda, Holsteins from Rosemary Farm and Pellissier Ranch of Whittier, and the Central-avenue Dairy of Phoenix, and beef cattle from Price's Los Alamos and Dos Pueblos ranchos, are included in the display.

Buron Fitts, District Attorney of Los Angeles county, and candidate for the Republican nomination for Governor, will speak tomorrow evening at 7:30 o'clock.

WAITRESS FALLS TO PAVEMENT

Santa Barbara Girl Escapes Death in Plunge from Apartment Window

SANTA BARBARA, Aug. 13.—Lillian Meisel, 19-year-old waitress, miraculously escaped death or serious injury when she plunged out of a third-story window of the Bergman Apartments, 125 West Anapamu street, in the early hours of this morning.

She fell forty feet, striking an iron railing with her arm and then dropping to a cement alleyway. Her fractured arm is her only serious injury.

She was clad only in pajamas when police found her outside of the apartment.

The accident is thought by police to have culminated an all-night drinking party in which she and Dick Glendenning, who occupied the apartment, and another couple, took part.

According to information given Detectives Kimsey and Westergaard, Miss Meisel locked herself in the bathroom, complained that she couldn't get out and attempted to reach a fire escape placed about five feet from the bath room window.

She missed her footing and plunged to the ground. Her fall was broken by her arm striking the iron railing of the basement entrance, it is thought. Her right arm was nearly torn off by the impact of hitting the railing but no other serious injuries were found by doctors at the Cottage Hospital.

According to hospital attendants there is no immediate danger of her loosing her arm. her losing her arm.

Miss Agnes Bergman, proprietor to be looking out the window on the ground-floor apartment directly under the room from where Miss Meisel fell. She saw the girl's arm strike the railing and saw her body as she described it "sort of collapse" to the cement alleyway.

REGIONAL MEETING OF FARM FEDERATION

ANAHEIM, Aug. 13.—Representatives of Region 1 of the California Farm Bureau Federation will meet all day Saturday, the 16th inst., at Laguna Beach, J. A. Smiley of Orange, Region 1 chairman, announced here today. The region includes the counties of San Diego, Imperial, San Bernardino, Riverside and Orange.

Starting at 10 o'clock the morning session will include roll call, reading of the minutes of the last previous meeting, reports from the various counties and an address by R. W. Blackburn, president of the California Farm Bureau Federation, on "American Farm Bureau Federation."

The afternoon program is to include a report by Felix Landis on the meeting of the county executive secretaries held in Los Angeles July 25-26, a report by R. D. Flaherty on the western States conference held at Salt Lake City July 8 to 11, an address on "The County Land Bank in Relation to Imperial Valley," by Sam Robinson, president of the Imperial County Farm Bureau; discussion of the tax question in relation to schools, especially junior colleges, led by R. O. Price of San Bernardino, and a discussion of taxation in relation to real estate, led by L. E. MacEwen of Riverside.

BURON FITTS IS CLUB FAVORITE

BUENA PARK, Aug. 13.—Buron Fitts will be the next Governor of California if the selection is left to members of the Buena Park Kiwanis Club.

At their regular meeting last night members in a straw vote gave Fitts 13, James Rolph, Jr., 7 and C. C. Young, 3 ballots.

According to a report given before the club Anaheim Kiwanians yesterday noon voted twelve each for Fitts and Rolph and eight for Young.

OFFICERS RAID GAMBLING GAMES

ONTARIO, Aug. 13.—They thought they had found a peach of a place in which to fling the skittering cubes and flip the pasteboards when they chose a peach orchard for their pastime, but along came the cops and closed the deal.

Eight men engaged in two conquests, dice and poker, and three officers of the law raised the ante from the blanket, faded all the cube artists and took them all to Judge James Sharp in Cucamonga court, who authorized them to contribute to another jackpot of $160 in fines.

The double quartet were told the fruits of evil even in a peach orchard are not so good, and they admitted the "pickings" were not to their liking. A lemon grove would be more appropriate, they were informed.

Those who anted to Judge Sharp were C. K. West, J. S. Gibson, John Adams, Earl Bybee, K. Wolfe, O. N. Trewett, Paul Scott and R. S. Jones.

PROPERTY CONDEMNED FOR ROAD EXTENSION

SANTA ANA, Aug. 13.—Steps to condemn three parcels of property to secure a thirty-foot right of way for an extension of Palm avenue, Anaheim, between Katella Road and Chapman avenue, as a link of the proposed new harbor cut-off boulevard were authorized by the County Supervisors late yesterday.

This link is one of three to be supplied for the proposed new route. Another is the extension of Buaro Road across the Santa Ana River to meet Fairview avenue and complete the route to Costa Mesa. The third link will be supplied by the proposed new highway from Costa Mesa to the coast boulevard past the Harbor High School site.

HORSES RESCUED IN VALLEY HAY FIRE

SEPULVEDA, Aug. 13.—More than fifty tons of hay stored in a large barn owned by Anton Piani, rancher at 16905 Parte Parthenia street, was destroyed by fire last night. Loss is estimated at $3350. Firemen called from the Van Nuys station battled with the flames for several hours before the burning hay was extinguished. A number of horses were in the barn, but were rescued.

LARGE CONTRACT SIGNED

Los Angeles Company to Build Flood-Control Works in Santa Clara River

SANTA PAULA, Aug. 13.—Within two weeks the first earth will be broken on the Santa Clara River protection work by the Thomas Haverty Company of Los Angeles, contractors in charge, who, today signed the contract with the local river hazard committee. Construction of levees and jetties and excavating work will now be pushed rapidly from the starting point near Piru down the river to a point near Saticoy, a distance of about thirty-one miles.

The contract signed by the Haverty company calls for a total expenditure of $312,500. The heaviest work will be done between Fillmore and Santa Paula. All equipment will be in operation within a month, and it is expected to be completed by January 1, before the spring flood season starts. R. G. Whinery, engineer in charge of the work for the Haverty company, stated that about 100 men will be employed. Many of them will be expert steam-shovel and pile-driver operators.

Thomas Haverty, president of the company, met with the local river hazard committee, composed of R. G. Edwards, chairman; John McNab, Richard Bard and Howard Pressley. The committee was advised by Edmund Pugh, attorney for the Security-First National Bank of Los Angeles, and A. F. Walden, vice-president of the local branch, that the warrants sent up for the escrow by the city of Los Angeles would be acceptable, inasmuch as the city had given the bank assurance that bonds would be issued to cover them at once, and the money would be soon available. The contractors agreed to accept the contract and proceed under the same provision. Walden and Pugh signed for the bank.

The project will be the largest of its kind in this region since the disastrous flood in 1928.

County Engineer Charles Petit will be in charge of operations.

RAILROAD PLANNING NEW YARDS

Santa Fe Makes Final Survey for Improvements at San Diego

SAN DIEGO, Aug. 13.—Santa Fe engineers this week began a survey for freight and terminal yards proposed for the near future along the water front extending from Twelfth street to Twenty-fifth.

This is said to be the third survey made for this important industrial project and, according to report, is to be the last, as the freight business of the Santa Fe in San Diego has grown to such extent that additional facilities for handling shipments are immediately necessary.

According to report, the Santa Fe has set aside a large sum of money for yard improvements here.

The expenditures may run to $500,000, it was stated today. Several years ago the Santa Fe acquired a large tract of land at Old Town, where it was proposed to construct shops and yards, but the protest from Mission Hills property owners to Santa Fe officials was so great that this plan was abandoned and the present site from Twelfth street to Twenty-fifth was proposed.

Officers Stage Liquor Raid at Santa Barbara

SANTA BARBARA, Aug. 13.—Acting on evidence secured last week by a squad of prohibition agents from Los Angeles W. A. Patterson, Federal prohibition agent, arrested eight men and four women on charges of possession and sale of intoxicating liquor. Four of the men were released when they were arraigned before Dudley McGregor, United States Commissioner. All the raids were made on Federal search warrants supported by affidavits of sale of intoxicants made before the commissioner. With the exception of two, the cases were transferred to city and justice courts, after arraignment before McGregor.

Irma Carmen, arrested yesterday, was arraigned before United States Commissioner McGregor and her bail set at $500.

Frank Stewart, Frank Morgan, Frank Matthews, C. D. Fanchous and John Culberson were arrested at 1336 Laguna street. All except Stewart were released when arraigned before McGregor. He is held on charge of possession of liquor with his bail set at $500.

Genevieve Rivers was fined $100. Mrs. Leetha Ward, 1230 West Valerio street, and Isabel Swope, West De La Guerra street, pleaded guilty to the possession and sale charges and were fined $250 each. Louis Petroni gave bail of $500 in police court. Emery Bradley gave bail of $250. Jess D. Deidrick, arrested Monday in Summerland, was taken before Justice Court in Carpinteria, where he paid a fine of $300, and was given a suspended sentence of ninety days.

Murder Charge Grows Out of Woman's Death

EL CENTRO, Aug. 13. (AP)—A warrant charging murder was issued here today against Lee Roberts, held in the Yuma (Ariz.) jail in connection with the death Sunday night of Florence Miller, 34 years of age, and extradition proceedings were started. Roberts was arrested shortly after he carried the body of the woman into the home of friends and told them she had been killed when she fell out of his truck in a collision.

At the time of the arrest it was believed the woman died in Arizona, but subsequent investigation indicated, the Imperial County Sheriff's office said, she died in California. Officers charge Roberts beat the woman to death.

Deputies were sent from here to Yuma yesterday to bring Roberts back, but he refused to waive extradition.

Officer Finds Dog and Auto

VENTURA, Aug. 13.—Anybody lose a German police dog?

Also a Franklin automobile?

The automobile was found abandoned yesterday, the dog, whining and starving, locked in it, eight miles up the Rincon highway from here.

Residents near by told Officer Joe E. Waite of the California Highway Patrol, that the car had been there since Sunday night.

Waite found the machine was registered to Robert H. Douglas of 155 Westminster avenue, Venice. A check on the ownership immediately was started by the patrol.

Meanwhile, the dog remained in the possession of Waite, who says he intends to keep the animal if its owner does not appear to claim it.

Sugar Plant Begins Work

SANTA ANA, Aug. 13.—The Holly Sugar Corporation's Dyer Road plant today began operations for the conversion of beets into sugar in what is expected to be one of the longest runs in recent years of 100 days.

Two hundred and fifty persons are now engaged in "curing" the beets which come into the factory at the rate of 1200 tons a day.

The company's pay roll for factory employees alone reaches approximately $2000 a day or $14,000 a week. Two shifts are maintained and the plant will be in constant operation day and night until the 1930 crop has been refined, officials said.

BANDIT AROUSES HISTORIC TOWN

Ranch Hand Raids One-time Lair of Murrietta

Gets $1200 from Bank and Flees in Machine

But Rancher and Cashier in Fast Auto Catch Him

TEMECULA, Aug. 13.—This village, once the headquarters of Juan Murrietta, famous bandit, and one of Southern California's historic towns, enacted pioneer days this morning with a vengeance. A youthful robber held up the bank, got away with $1200 in cash, and, after a dramatic automobile chase, was captured—all within less than a half-hour.

The quiet little town was basking in the summer sun with a half-dozen Indians standing somnolently on the street corner when Michael Diaz, a workman from one of the huge ranches that are the last remnants of the early Spanish estates, drove up to the bank and jumped out of his car with a paper package under his arm.

Inside the bank Cashier J. W. Chisholm and Miss Agnes Freeman were counting the cash and working over the books. Diaz stepped quickly to the window, tore off the paper wrapper from a 38-caliber revolver, and sharply demanded all the money in sight.

THREAT TO KILL

"I'll kill you both if you don't do just as I say," he ordered, with a curse. The girl put up her hands and Chisholm shoved over all the cash on the counter. Diaz scooped up the money with his left hand, his fingers trembling as he did so, stuffed it in his pockets, and with another muttered oath, commanded the two to enter the big vault. The robber pushed shut the heavy door, but in his nervousness was unable to lock it.

Then he dashed for his machine and fled in the direction of Elsinore, twenty miles away.

Cashier Chisholm swung back the vault door, ran into the street, and emptied a revolver into the air. Instantly the town came to life. The car of John McSweeney, wealthy rancher, was parked across the street, and he motioned Chisholm to jump in.

STRATEGY FAILS

The chase was on. The bandit's car had a good start, but McSweeney's car was powerful and he opened the throttle wide. Gradually they gained on Diaz. They were almost to him, when, without warning, he turned on a side road to Murieta Hot Springs. With screaming brakes and precarious balancing on two wheels, McSweeney's car managed to make the turn.

A moment later they were within shooting distance and Chisholm took aim. The first shot shattered the windshield. The second whizzed by Diaz's ear. That was enough. The robber pulled up the car to the side of the road and tamely submitted to capture. All the bank's money was in his pockets. He told the two men he wanted the money to pay his tuition at a Los Angeles aviation school.

Hornet's Sting Causes Wreck of Automobile

INDIO, Aug. 13.—Miss Alice Havlin, 17 years of age, daughter of Mr. and Mrs. C. H. Havlin of Indio, was seriously injured this morning when she lost control of her car after having been stung by a hornet while driving on Fargo avenue. Miss Havlin says the pain of the sting was so great she was unable to see where she was going and she ran head-on into a telegraph pole.

The car was wrecked and Miss Havlin thrown to the street, where she was picked up by passers-by and taken to the Coachella Valley Hospital, where it was found she was suffering from several cuts on the face and shock. She was later removed to her home in Indio Heights.

ASSESSMENT SHOWS GROWTH OF DISTRICT

HUNTINGTON PARK, Aug. 13.—The total assessed valuations of property in the cities in this district have shown a satisfactory increase as compared with the valuations of a year ago, according to reports that have been received by the clerks of these various municipalities.

Huntington Park's assessed valuation this year is given as $23,441,730, as compared with $19,390,250 a year ago.

South Gate's valuations this year are $15,623,035, as compared with $14,504,840 a year ago.

Maywood's valuations this year are $4,343,040, as compared with $4,348,175 a year ago.

The valuations in Bell are $4,627,230 this year as compared with $4,006,175 a year ago.

Vernon, the industrial city, shows $48,083,753, as compared with $46,661,020 last year.

Walnut Park, which is unincorporated territory, shows a total assessed valuation of $6,509,050, as compared with $6,052,620 last year.

PRESIDENT'S BAND TO PLAY AT GLENDALE

GLENDALE, Aug. 13.—Four appearances, two of which will be made in Glendale, are scheduled for the United States Marine Band, known as "The President's Own," in its tour of California during the month of October, according to an announcement made today at the meeting of the local Chamber of Commerce.

The band will be heard here on the afternoon and night of October 25. The only other appearances to be made by the band in the Southland will be in Los Angeles and Long Beach.

MINIATURE GOLF TABOO

Ontario Council and Planning Commission Refuse Permit to Honey Man

ONTARIO, Aug. 13.—Efforts of William Atchley, Upland honey producer, to establish a thirty-six-hole miniature golf course in the residential district of Euclid avenue, Ontario, came to naught, when City Council and the City Planning Commission members voted unanimously to ban all enterprises from the beautiful avenue, that smack of commercial enterprise.

Atchley and his attorney, E. E. Gray, made a hard fight to build the miniature golf course at the corner of Fourth street and Euclid avenue, the heart of the choicest residential district of Ontario, and directly across from Chaffey Union High School.

Atchley in his request for the golf course permit, asked the City Council and City Planning Commission members to change the zoning ordinance to permit construction of miniature golf courses.

He presented a petition bearing the names of twenty-eight signers, who he said were property owners adjacent to the golf grounds. These signers, he said, declared themselves in favor of building the miniature course.

A. R. Gemmel, Ontario druggist, 1022 North Euclid avenue, leader in the fight against inroads of the pee-wee golf courses in the residential district, presented a petition bearing thirty-six names of prominent property owners who objected vigorously to the plan. Gemmel read letters of protest from property owners of the district, who are away on vacation, in which they denounced the proposed golf plans. Attorney Gray declared Euclid avenue is being lost to Ontario as a residential avenue, because of the traffic that speeds over it daily. The avenue belongs to the people, he said, and they should be allowed to have a voice in what is done with it, and what is built upon it.

WOMAN IS ACCUSED OF THEFT

Assistant Secretary of Loan Association said to be Short in Accounts

SANTA ANA, Aug. 13.—Said to have misappropriated in excess of $800 from the Orange Building and Loan Association, Mrs. Tressa Carothers, 30 years of age, of Santa Ana, assistant secretary of the association for the past several years, today was facing a charge of grand theft.

A complaint sworn to late yesterday by D. F. Campbell, prominent orange rancher and president of the Orange Building and Loan Association, was issued by Dep. Dist.-Atty. Leo Friis and later was filed in the Orange Justice Court. It was said a warrant for the arrest of Mrs. Carothers was issued and was served upon her but she was allowed her liberty.

The young woman, a trusted official of the association, has admitted responsibility for the asserted shortages, it was stated today. The exact amount of the losses are not yet known and their determination will await a detailed investigation, it was said.

Misappropriation of funds has been carried on, it is believed, for approximately six months. The accusation created a sensation in Orange and Santa Ana, where Mrs. Carothers makes her home with her husband, Charles R. Carothers, at 2000 South Ross street.

BIG RETURN EXPECTED FROM LETTUCE CROP

RESEDA, Aug. 13.—First indications are to the effect that San Fernando Valley this season will receive about $300,000 from the 2000 acres of lettuce planted in various parts of the valley area. Last year about 1000 cars of lettuce were shipped from the 2200 acres planted. Of this total 500 acres failed to yield because of the various kinds of damage, growing lettuce more or less faces. Last season lettuce sold from 75 cents to $2 a crate. It is yet rather early to estimate what the present market will be, according to ranchers. But even if the crop only brings $1 a crate this will make a total of $300,000. Next to baby lima beans the semiannual lettuce crop of San Fernando Valley is one of the best agricultural industries in this area.

VALLEY NATIVE SONS IN MIDST OF DRIVE

RESEDA, Aug. 13.—A campaign to obtain more members for Cahuenga Parlor, Native Sons of the Golden West, is in full swing this week in San Fernando Valley, the drive to terminate on the 22nd inst. when wholesale initiation ceremonies will be conducted in Alton Hall on Reseda Boulevard. Six parlors of Native Sons will be represented. H. Phelps Gates, president of the parlor, will introduce Sheriff Traeger and Senator Charles W. Lyon and other prominent natives of the Southland. There are more than 900 native-born in the valley area. Effort is being made to get all to join the organization. The next meeting will be Friday night at Alton Hall.

PLAN FOR RESEDA SEWERS TO BEGIN

RESEDA, Aug. 13.—District Engineer O. L. Turner has been instructed by the Los Angeles City Council to start plans for the laying of the sanitary sewer system in the Reseda area, following assurance by the local Chamber of Commerce that a majority of local residents wanted the sewers. The sewer system is to connect with the main outfall line through the valley, Engineer Turner says, and it is planned to start work soon.

WORK IS ORDERED ON STORM-WATER DRAIN

SAN FERNANDO, Aug. 13.—Instructions have been given by the Los Angeles City Council to the City Engineer to proceed with the improvement of the Wilson Canyon storm-drain channel to carry storm waters from Wilson and Aliso canyons from Rinaldi street east to the Pacoima Wash. The improvement will be made under the County Mattoon Act, to take advantage of the co-operative offer of the Los Angeles County Flood Control District.

Council Fails to Pass Law

VENTURA, Aug. 13.—The proposal to license card-playing clubrooms in Ventura died a natural death in City Council session this week when it was withdrawn by its sponsors.

Plans of the Council to vote upon the request were dropped when Councilman H. E. Albro told the members that R. W. Harthorn, hardware man, with whom the proposal originated, has asked that no action be taken.

Retraction of the "clubroom" plan came in the face of outspoken opposition from church leaders, one of whom, the Rev. H. C. Taylor of the First Methodist Episcopal Church, was present to speak against it should the Council plan to vote.

"Every member of the Council to whom I talked about the idea was planning to vote it down," Albro said today.

Harthorn indicated today that the matter might be reopened, saying that it had been withdrawn pending investigation. When he advanced the plea for licensed clubrooms at the City Council meeting a week ago, he said he was representing a group of Ventura merchants who were opposed to seeing local pay checks go to Oxnard or Santa Barbara gambling houses, and a body of laboring men who felt that Ventura should offer that type of amusement.

Damage Suit Soon to End

VENTURA, Aug. 13.—Indications that the jury hearing the five consolidated damage suits now on trial in Superior Court, brought against the Southern California Edison Company, for asserted devastation during the Sulphur Mountain fire of last September 16, would get the cases Friday went the rounds at the Courthouse today as the defense rested its case.

Today was the twenty-fifth day of the trial, which started July 1.

Attempting to rush through the final part of its case, the defense yesterday rapidly called ten witnesses to the stand. They were Walter Claberg of Santa Paula, chief deputy county fire warden; William G. Southwell of Covina, a witness at the fire; William H. Rhodes of Santa Paula, Edison company employee; R. E. Cunningham of Los Angeles and N. B. Hinson of Pasadena, electrical experts, and J. C. James, Alvin Johnson, J. W. Mosher, J. B. Shaw and Otto Johnson, all of whom were recalled, having been on the stand at various times before and during the trial.

NEW WATER PLANT

HUNTINGTON PARK, Aug. 13.—The fourth city water plant has been completed and put in operation in Huntington Park, this plant being located north of Saturn avenue and east of Alameda street. The plant is modernly equipped under the underwriters' specifications, and has a large reservoir which has a capacity of 500,000 gallons of water. There are now eight wells in operation at the four plants in the city. The total amount of water pumped at these plants in July was 108,803,850 gallons which is the record month for the local plants.

TWO BOYS INJURED

Youngsters Fall from Trees While in the Quest for Fruit

PASADENA, Aug. 13.—Two boys, who had better reasons for climbing trees than "just sitting," were injured seriously late yesterday when they tumbled from their precarious perches while reaching for fruit.

Edgar Wiley, 12 years of age, of 216 Thorn street, Los Angeles, incurred a possible skull fracture when he fell from an apricot tree at Monterey Road and Fremont avenue. Due to the fact that he was unconscious when discovered, it was first believed that he was the victim of a hit-and-run motorist or of an assault.

He was rushed to the Pasadena Hospital, where his condition was reported much improved tonight.

Charles W. May, 13, of 296 North Michigan avenue, incurred a broken left leg when the limb of a fig tree snapped off, catapulting him to the ground. He was given first aid by Dr. Thomas Harter at the Pasadena Emergency Hospital and taken to the Pasadena Hospital in the city ambulance.

REDLANDS PLANS GREAT SHOWING

Legion Post and Drum Corps to Attend Convention

Record-Breaking Attendance Anticipated

Three-Day Holiday Has Been Declared

REDLANDS, Aug. 13.—Redlands post of the American Legion will send its greatest representation to a State convention the 18th inst. when the California convention opens in Sacramento. In addition to the regularly appointed delegates there will be twenty-eight members of the drum-and-bugle corps in attendance. Formal delegates will include Commander Frank M. Godshall, State finance chairman; H. E. Cromas, H. H. Ford, Jr., A. B. Drake and Milton Brown. The drums corps, determined to make a showing in the contest against similar outfits from throughout the State, will leave Redlands on the afternoon of the 16th inst. Wilson L. Spoor, drum major, has chartered a Pullman bus for the trip. The corps is practicing three nights a week.

"We have entered the competition that is reserved for posts of the first division," said Mr. Spoor yesterday. "That will stack us up against the biggest drum corps in the State, although we could have entered the smaller division. In past competitions we have lost first prize by such a narrow margin, however, that we have not lost confidence."

The convention will be held at the State capital the 18th to 20th inst. and 25,000 persons will attend, according to information that came yesterday from Walter W. Wright, convention official, who was recently here.

With regard to the estimated attendance figure, Wright said: "There are more than 50,000 members of the American Legion in California in addition to the women's auxiliary of 7000 members. Taking into consideration the crowd that will naturally attend such an event, it can readily be seen that the estimate of 25,000 visitors is not excessive. The State conclave of the Legion has assumed national proportions in the matter of attendance; in fact, the number of delegates outnumbers those of its national conventions.

"San Diego officials were skeptical when Legion officers promised an attendance of 20,000 in that city at last year's gathering. It is a known fact, however, that 25,000 attended and Sacramento, with its central location is expected to be invaded by even a greater number of Legionnaires and their followers."

The parade, which will be held on Monday, the 18th inst., according to Wright, will be the "most inspiring, patriotic and colorful panorama of marching pageantry ever to wind itself through the streets of Sacramento.

"A three-day holiday from sleep in the downtown district can be looked forward to, for the rumble of drums and the blare of bugles will rend the air at all times during the day and night."

Wright explained that approximately seventy-five drum-and-bugle corps and bands are to attend the convention.

Valley Police May Close Up Substations

VAN NUYS, Aug. 13.—Closing of the San Fernando Valley police substations at Owensmouth and Pacoima was predicted today, and the beginning of the motor patrols for more effective policing of the two districts was brought up, when Capt. C. A. Hodson, Valley Division commander, announced that plans were under way to provide direct telephone communication to Van Nuys police headquarters from the Owensmouth and San Fernando telephone exchanges.

The change, following approval by the Board of Public Utilities, is being worked out by Sergt. A. R. Ferguson, head of the police department's telephone system, and the telephone company officials. If the new plan is established, residents of the two communities will be able to call police headquarters here direct, without paying toll charges.

According to Capt. Hodson this plan will do away with the necessity of maintaining the two substations, saving more than $200 per month, and will release officers stationed in them, for motor-patrol duty in their districts.

ESCAPED PRISONER AGAIN IN CUSTODY

RIVERSIDE, Aug. 13.—Joseph M. Beard, 29 years of age, thought to have been the ringleader in the escape of four men from the prison camp in the San Jacinto mountains, last Saturday afternoon, was taken into custody by Los Angeles County Deputy Sheriff Early this morning as he was attempting a get-away to Fresno.

In a telephone message to Sheriff Clem Sweeters this morning, officials indicated that they expected to find Howard Reeder, 20, who made his get-away with Beard.

Dr. A. Gist and James D. Morgan, who were run down by guards from the prison camp near Kenworthy, after being at large for twenty-four hours, are still held at the prison camp under close surveillance.

Beard was sentenced to the county prison camp in Superior Court recently to serve a four-month sentence for forgery committed at Indio. He has a long prison record, having served in several Federal penitentiaries, investigation has disclosed.

Hancock Oil A Issue on Parent Board

Total New Listings for Year 1,756,132 Shares

Valuation of List Close to Five Billion Mark

Application of Hancock Oil Company of California to list 207,087 shares of $25 par value Class A common stock was approved yesterday by the board of governors of the Los Angeles Stock Exchange, effective for trading on Monday, the 18th inst., according to an announcement by F. E. Sanford, secretary and manager of the exchange.

Total new listings on the exchange this year now amount to 1,756,132 shares with a $61,751,958 market value, bringing the total shares listed to 129,964,734 with a market value of $4,890,069,069.

The Hancock issue is the fifth to be listed during the second half of the current year. The company's stock has been listed on the Los Angeles Curb. The company a year ago acquired the business and properties of the Hancock Oil Company through an exchange of stock.

Oil properties of the concern are rated at approximately 5000 barrels daily of settled production but are at present held back to 3000 barrels. Most of the properties held are undeveloped. Sixteen acres at Signal Hill and forty at Maricopa Flat have been drilled but the balance of the 1016½ acres held have not been tested. The holdings, all of which are under lease, are distributed throughout Southern California.

The company's principal product is gasoline which is marketed by approximately 450 independent service stations in Southern California. For the first five months of this year sales totaled $3,532,056 with earnings of $213,680 equal to 92 cents a share. For the entire year of 1929, sales were $8,019,223 and earnings, $383,035.

Bankers' Group Plans Conclave

CHICAGO, Aug. 13.—Financing of home-ownership as a factor in the upturn of business prosperity will be a leading topic of discussion at the convention of the Mortgage Bankers Association of America to be held at Detroit, September 16 to 18. Five hundred delegates from forty States are expected to attend the meeting, of which the keynote will be "Management: The Responsibility of the Mortgage Banker in the New Decade."

Among the speakers will be William H. McNeal, vice-president, New York Title and Mortgage Company, New York City; Wallace Moir, vice-president, Pacific Mortgage Guaranty Company of Los Angeles; Reade Ireland, vice-president, McMaster, Ireland Company, Portland, Or. and Walter B. Kester of Chicago, secretary of the association.

Utility Adds to Holdings

American Utilities and General Corporation has acquired an interest in Missouri Valley Gas Company, which controls large natural gas holdings in Stevens county, southwest Kansas, it was announced yesterday.

These properties are to supply under long-term contracts most of the requirements of the pipe line under construction by the Missouri Valley Pipe Line Company to Des Moines, and additional cities of Iowa and Nebraska.

NEW MEXICO GUSHER SCORES NEW RECORD

ROSWELL (N. M.) Aug. 13. (AP)—Shattering all oil-production records in New Mexico, the Midwest Refining Company's Myers No. 33 has gauged 24,000 barrels on a twenty-four-hour test. The well is making about 40,000,000 feet of gas and producing almost 3000 barrels of oil better than the next best well in the Hobbs area. The potential production of the Midwest well was announced by C. G. Staley, umpire under the proration agreement.

LOCKHEED EXCHANGE PRIVILEGE EXTENDED

Beverly Hills Bank Votes to Boost Capital

Stockholders of the First National Bank of Beverly Hills have voted to increase the capital from $300,000 to $400,000, Richard L. Hargreaves, president, announced yesterday. This is the third increase within two and one-half years.

The sale of the stock is to be at a price to increase the surplus $100,000 and undivided profits $50,000, making aggregate capital, surplus and reserves approximately $1,000,000.

Acquisition of the new bank building valued at $525,000 from the First National Corporation was also approved by the stockholders. By reason of leases executed by the affiliated First National Corporation, the bank has free ground rent for ninety-six years. Revenues from the building after seven months' operation more than take care of carrying charges, Mr. Hargreaves said.

Oil Production Shows Decline

Daily average gross crude oil production decreased 34,950 barrels for the week ended the 9th inst., amounting to 3,480,350 barrels, according to the summary of the American Petroleum Institute issued yesterday. The daily average east of California was 1,864,250 barrels, off 44,350 barrels.

Financing for Warners Large

NEW YORK, Aug. 13. (AP)—Wall street understands the new financing planned by Warner Brothers Pictures, Inc., will amount to between $15,000,000 and $22,000,000. The company is understood to have earned approximately $12,000,000, or $4 a share in the year ending the 31st inst., the bulk of which was earned in the first half.

Owing to the falling off in business during the summer, it has omitted the quarterly dividend of $1, and seeks permanent financing to pay for completion of its expansion program. One financing plan suggested calls for the issue of rights to purchase 1,000,000 shares of stock at $22 a share.

Bob Feinstein Ruled Off Curb

Governors of the Los Angeles Curb Exchange, at a special meeting yesterday, ruled that Bob Feinstein of Bob Feinstein & Company be suspended as a member of the Curb Exchange for violation of Section 2 of Article XI of the constitution and by-laws.

This section of the by-laws provides for indefinite suspension for failure to maintain the required ratio of assets to volume of business.

CALLAHAN ZINC LOSS REPORTED

NEW YORK, Aug. 13.—Callahan Zinc Lead Company reported today for the quarter ended June 30, last, a loss of $18,360 after development costs and experiments but before depreciation and depletion as against the loss of $5643 in the preceding quarter and the loss of $7236 in the June quarter of 1929. Total loss for the six months amounted to $24,003 before depreciation and depletion as against the loss of $32,808 in the first half of 1929.

MANAGERS APPOINTED

Appointment of John M. Walters and George T. Compton as sales managers for O. W. Heinz & Co., underwriters for the C. C. C. Tatum Building Income Trust, was announced yesterday by O. W. Heinz, president of the local investment house.

MORAN SEES NEW OIL ERA

President of Morgan Company Bullish on Next Decade in Petroleum; Marketing Not Planned Here

BY EARLE E. CROWE

Daniel J. Moran, who runs the Continental Oil Company of Delaware for the potent house of Morgan, is more enthusiastic now over prospects of the oil business for the next decade than he was ten years ago.

Here on an inspection trip of Continental's California properties, Mr. Moran said yesterday that changes are under way in petroleum that presage full realization of the brilliant opportunities so long overlooked. Of first importance, he pointed to the increasing elimination of the old-school speculator and the rise of business executives employing business principles.

PRINCIPLES LEARNED

"Present-day administrators of oil affairs," said the Continental president, "are taking a course in logic that is certain to produce beneficial results. They are learning the difference between unsound and sound economics as applied to oil. The next step will be a universal resolution to follow only sound principles."

Mr. Moran is not, however, inclined to hand the oil industry too much credit for its newer conception, for, he said, the transition in mental processes has come only after every expedient has been tried to dodge the working of fundamental laws.

Curtailment of oil production, he declared, has placed the producing end of the business on a firm and healthy basis and is a principle here to stay. "Occasionally," he remarked, "a few cases of eczema will occur, but they will only be skin-deep and will not have much effect."

The marketing end of the business is slower to respond, Mr. Moran commented, but a solution of its many ills is inevitable, in his judgment. No business the size of the oil industry can continue to market a depression-proof commodity at ruinous prices, he pointed out, nor continue to use cut-throat and unbusiness-like selling tactics. He expressed the opinion that consumers are gradually drifting from inferior grades of gasoline to the high quality product, a trend that spells the doom of the price-cutter.

TIRE PLAN HIT

Mr. Moran is not in sympathy with the experiments of some oil companies in selling automobile tires at gasoline service stations. His position is that the oil company had better concentrate on selling its own products at a fair profit instead of entering into somebody else's business.

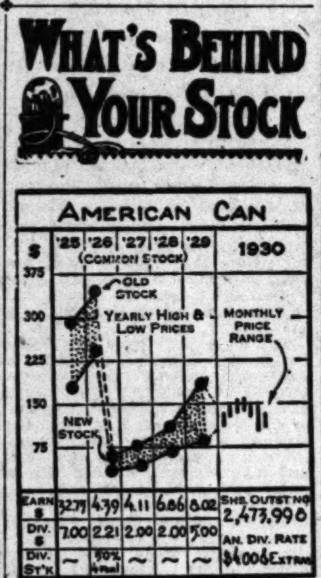
One subject that he apparently likes to discuss is Continental's crude oil reserves. In company with Roy E. Collom, California manager; E. J. Nickolos, vice-president in charge of production, and Edwin S. Karstadt, vice-president in charge of marketing, he has been checking over the company's strong position in this State. At Kettleman Hills, Continental is the second largest holder of acreage, the value of which is so tremendous that Mr. Moran does not even hazard an estimate.

RESERVES EXTOLLED

But aside from Kettleman, he pointed to another reserve of immense value at Seal Beach, a field controlled by Continental. And in the Hobbs district in New Mexico, the latest sensation, Continental has 387,000 acres; and over in the Big Lake field in Texas, a ranking position in this high-gravity production. In Canada, Continental is half-owner of 5,000,000 acres on which are twenty geological structures, while in Northern Mexico are owner 1,000,000 acres on which favorable indications have been found. Mr. Moran said the Mexican acreage, in his opinion, will be more valuable to Continental than would be production in the prolific South American fields.

Continental, he said, is not planning an entry into the marketing business in California at this time, nor are any plans under consideration for the absorption of California companies. He added, however, the qualifying remark that developments come quickly in oil, and nobody can forecast very far ahead.

WHAT'S BEHIND YOUR STOCK



AMERICAN CAN

This industrial leader, now the largest producer of all types of metal containers for food and chemical products, was formed in 1901 as the consolidation of sixty-five small manufacturers. The total output of the company's plants, located in forty-five cities of United States, Canada and Hawaii, is more than four times that of important competitors. The demand for tin containers has formerly been in almost direct proportion to the size of fruit, fish and vegetable packs in any given season. In the past two years, however, the management has considerably lessened its dependence upon food-packing activity by the successful introduction of a varied line of containers for oils, paints, chemicals, etc. Company is reported successful in its experiment with a new cellulose container and production should begin shortly.

Net income in 1929 was 10.5 per cent above that in 1928 and 74 per cent above 1927 figures. In the latter year earnings were adversely affected by a large carryover of canned goods from 1926.

CAPITALIZATION

Funded debt .... none
7% cum. pfd. ($100 par) $41,233,300
Common stock ($25 par) 61,849,950

Current Data: It is estimated that the company's business so far this year was held up to 1929 levels, but it is to be noted that the period of greatest earning power, the late summer and early fall, lies immediately ahead.

Contracts for Buildings Off

NEW YORK, Aug. 13.—New construction contracts let in thirty-seven States east of the Rocky Mountains during the period from the 1st to the 8th inst. totaled $94,764,300, according to F. W. Dodge Corporation. This was at the rate of $13,537,800 a business day against a daily rate of $14,135,700 for the previous month and $18,803,200 in August of last year.

For the year to date new construction undertaken in the thirty-seven eastern States amounted to $3,100,806,000 as against $3,811,042,500 for same period ended August 9, 1929.

GENERAL CABLE LOSS LOWER IN QUARTER

NEW YORK, Aug. 13.—General Cable Corporation in a report on the June quarter issued today showed a net loss of $408,105 after charges against a net loss of $487,253 in the preceding quarter and net profits of $1,275,251 in the second quarter of last year, equal after preferred dividend requirements and Class A dividends to $1.26 a share on 477,460 no-par common shares. The six months' loss was $893,358 as against net profits of $2,300,222 or $2.03 a share on 477,460 common shares in the first half of 1929. The regular quarterly dividend of $1 on Class A stock due at this time was omitted.

SPARKS-WITHINGTON MAY BUY TUBE UNIT

NEW YORK, Aug. 13. (AP)—A special meeting of stockholders of Sparks-Withington Company, has been called for September 13 to act on a proposal to acquire the assets and business of the Cardon Phonocraft Company, manufacturers of radio tubes. Stockholders of Cardon will vote September 15.

Santa Maria to Manufacture Gas

SAN FRANCISCO, Aug. 13.—Santa Maria Gas Company, subsidiary of the Pacific Lighting Corporation, has applied to the State Railroad Commission for authority to serve the community of Morro Bay in San Luis Obispo county with hydrocarbon gas produced either from butane or a mixture of butane and tropane.

Construction of the distributing system at Morro Bay and other communities to be served will be financed temporarily from the current funds and permanently by the sale of either common stock or bonds. This installation, if permission is granted, will be the initial service of this type to be undertaken by the company.

Mining Company Reduces Loss

NEW YORK, Aug. 13.—Butte and Superior Mining Company for the quarter ended June 30, last, today reported a loss of $76,869 after expenses and taxes, but before depreciation and depletion, as against a loss of $87,111 in the preceding quarter, and against net profits of $40,554 after expenses, depreciation and taxes, but before depletion, in the 1929 quarter, equal to 14 cents a share on 290,197 shares.

For the first half of the year the loss totaled $163,980 before depreciation and depletion, as compared with profits of $24,931 after expenses, depreciation and taxes, but before depletion, in the like period of last year, equal to 8 cents a share on 290,197 shares.

COTTONSEED CRUSH DECLINES IN YEAR

WASHINGTON, Aug. 13. (AP)—Cottonseed crushed in the cotton year, August 1, last year to July 31, this year, was announced today by the census bureau as 5,014,562 tons, compared with 5,061,058 tons in the previous year, and cottonseed on hand at mills July 21 was 44,606 tons, compared with 41,606 tons a year ago.

MORTGAGE RESERVE BUSINESS GREATER

An increase of $1,056,767 or 521 per cent in mortgage-deed of trust certificates sold by the California Reserve Company during the first seven months of 1930 was announced yesterday by George G. Gregory, president. During July the company had the largest volume of new business in its history. Certificate sales for the month amounted to more than $408,000, an increase of $232,000, or 143 per cent over July, 1929.

SINCLAIR TO RAISE CAPITAL

Stockholders' Meeting Called to Vote for Huge Expansion

NEW YORK, Aug. 13. (AP)—Stockholders of the Sinclair Consolidated Oil Corporation have been asked to approve plans for expansion which would make the company a $1,000,000,000 concern.

A special meeting has been called for September 17, at which the stockholders will be asked to pass upon the issuance of 5,000,000 shares of new preference stock for "effecting consolidations and mergers, for refunding bond issues and for the retirement of the present preferred stock."

Plans include acquisition of the Prairie Oil and Gas Company, the Prairie Pipe Line Company and the Tide Water Associated Oil Company.

The stockholders also will be asked to ratify the agreement of their directors to the sale of half interests in the Sinclair Pipe Line Company and the Sinclair Crude Oil Purchasing Company to the Standard Oil Company of Indiana for a cash consideration of $72,500,000.

It is also proposed to amend the company's charter to forbid the issuance of any more of the company's 8 per cent preferred stock, of which there is now outstanding $14,129,400 of the $100,000,000 authorized.

Sinclair Consolidated Oil on September 2 will retire all the outstanding balance of its three-year, 6 per cent first lien collateral gold bonds, amounting to approximately $15,400,000. Payment will be made out of current funds.

Tone of Trade Continues Dull in Local Area

While encouragement is found in the ever-increasing number of manufacturers locating here, business generally continues from fairly good to poor, according to the weekly summary of the Bradstreet Company. There is no real buying, the report states, sales being restricted to immediate needs and retailers asking for additional dating of purchases.

Collections are still very slow and wholesalers reports, based on future orders, state that fall buying will be decidedly less than last September and October although prices are lower than a year ago. Motion-picture production having reached the peak for the year finds many of the studios slowing down with the possibility of a complete shut-down in several studios for thirty to sixty days, temporarily increasing unemployment.

Ford Motor Company's Long Beach plant has reopened after two weeks' shut-down, the closing having materially affected retail business at the harbor. Cantaloupe shipments have passed the peak but shipments will continue for at least ten more days. Prices are firm. Oranges are in good demand with very good prices.

Bush Appointed Western Agent

Guy M. Bush, Pacific Coast representative of Diversified Trustee Shares, has joined the Harriman banking group of New York and has been elected vice-president of the American Trustee Shares Corporation, it was announced yesterday, following the announcement of the acquisition of a majority of the stock of the corporation by W. A. Harriman & Co., Inc.

Mr. Bush will assume direction of the national wholesale distribution of Diversified Trustee Shares and will also continue as Pacific Coast distributor.

REFINED COPPER STOCKS GROWING

NEW YORK, Aug. 13. (AP)—Refined copper stocks in the hands of North and South American producers and refiners the 1st inst. totaled 322,039 short tons, an increase of 5277 short tons over stocks of 316,762 tons July 1, the American Bureau of Metal Statistics reports. Total stocks of copper above ground the 1st inst. amounted to 564,251 tons, compared with 570,556 July 1, and 573,752 tons June 1.

COTTON MARKET

NEW YORK, Aug. 13. (AP)—Cotton was lower today under a renewal of liquidation coupled with western and Wall street selling which appeared to be promoted by relatively easy Liverpool cables, an absence of more aggressive support and rather a less unfavorable weekly weather report than anticipated.

All months made new low ground with the new October contracts selling off to 11.90, and March to 12.36, or about 16 to 19 points net lower. The market was less active but held within a point or two of these figures around 2 o'clock.

Economists Seek Great Control Over Forces that Influence Commodity Prices

This is the third in a series of ten articles discussing and analyzing the business depression and present economic conditions, with speculation regarding what the future may hold in store.

BY JOHN F. SINCLAIR

[Copyright, 1930, by the North American Newspaper Alliance]

The big problems of business and employment center about money. The theory of stable money is not new. But the agitation looking for a practical way to bring it about is of recent origin.

The Stable Money Association, an international organization with headquarters in New York, is the center of this agitation. It has the support of many leading business men, bankers and economists throughout the world.

It proposes to "promote the stabilization of the purchasing power of money by spreading understanding" of:

"The serious evil attending wide fluctuation in the general price level.

"The preventability of such fluctuations.

"The various methods proposed for stabilization."

When Owen D. Young was a member of the Dawes commission in 1924 he asked a representative of German labor just what the committee could do for labor in Germany, believing the labor leader would ask a shorter working day.

"The one thing your committee must give labor in Germany is a stable money," was the response.

The German working man has been through something. He saw his life savings melt like snow under a hot sun as he stood by helplessly looking on.

"Never before had I realized how the stability of money goes to the very basis of life, when any sudden change affects the purchasing power of money it touches every kind of moral question and every kind of obligation," said Mr. Young.

Asked just how monetary stabilization could be met, Dr. E. W. Kemmerer of Princeton said recently:

"The central banks of the world can, through their open market operations and changes in their rediscount rate, exert considerable control already over the forces determining distribution, particularly over the minor operations. We are still, however, in a period of experimentation in control by central banks, and it is doubtful if they could accomplish much against strong long-run forces working for instability in the value of money, like, for example, a great change in gold production.

"We need to learn how to economize in gold when we have too little, so as to prevent the evils resulting from deflation; and we need to have protection against the too abundant supply of gold if we are to escape evils attendant upon inflation."

So the mad scramble for gold continues. Germany, under Dr. Schacht, never lost an opportunity to direct fiscal policy to that end. France did, too, only more so. And the United States policy, during and after the war, sucked in over half of the world's gold supply. The wild rush for gold is a very disquieting and very disheartening phenomenon.

Other nations, like China, are going on the gold standard. Then the demand for gold will be stronger than ever.

(Tomorrow: The Future of the Gold Supply.)

Combined Sign Company Plans for Expansion

With the completion of the merger of the Western States licenses of the Q.R.S.-De Vry Corporation into the Q.R.S. Neon Corporation, Ltd., the new organization is now prepared to handle from a central location business covering the States of California, Washington, Oregon, Colorado, Montana, Nevada, Arizona, Texas and New Mexico and to offer standardized construction and service at a lower cost to the advertiser, Leonard M. Bell, president of the company, stated yesterday.

California Electric Sign Company, Ltd., of Los Angeles and San Francisco, the Sun-Beam Neon Corporation of Seattle and the Brite-Lite Signs, Inc., of Denver, were the three major companies in the consolidation. Their total volume of business in 1929, the first year of operation under the Q.R.S. Neon patents, was close to $2,000,000.

Erection of additional plants to be located at strategic points in the territory covered by the new company is being planned. The main offices of the company will be at 3520 South Main street, Los Angeles, with Mr. Bell as president and Ralph G. Lindstrom of Brite-Lites, Inc., as chairman of the board.

NEW YORK BOND PRICES

NEW YORK, Aug. 13. (AP)—The bond market went through another dull trading session today. In an irregular price movement, railroad obligations were favored and this group provided the leadership for the activity which, while comparatively small, was the best of the week.

Utilities held fairly steady. Firmness of oil company bonds and further declines in sugar company issues featured the industrials.

Turnover of foreign dollar bonds expanded. Belgian 7½s sold at new high for the year.

News of prospective new financing for Warner Brothers Pictures brought a rally in the convertible 6s which closed one point higher. Share privilege rails made small gains with the exception of Atchison 4½s which sagged 2½ points. General Theaters 6s reached a new low and International Telephone 4½s were soft.

Inquiry for carrier obligations continued unabated despite the slump in trading this month. Pennsylvania Debenture 4½s and Canadian National 4½s closed at new 1930 highs. Best prices of the year also were established by Union Pacific 4½s, Boston and Maine 5s and Big Four 4½s. Chicago and Alton 3s gained 1⅝ and the 3½s reached a new high price.

Atchison 4s were well bought. The advance of Hudson County Gas 5s to a new 1930 peak was outstanding among the utility group.

Foreign issues moved irregularly higher. Austrian 7s, duplicating the gain of Belgian 7s, advanced ⅝. Copenhagen Telephone 5s gained a point to reach a new peak.

Latin-American governments were irregular.

Buying of United States governments was nominal with small gains by liberty 3½s and treasury 3⅜s of 40-43.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in order given. To expedite transmission the close is omitted when the same as the low, and both low and close when same as high.

SPECIALIZING IN CALIFORNIA TAX-FREE BONDS

THIS is the age of specialization. The complexity of modern life makes it increasingly difficult for one person to do many things well. The outstanding leaders in law, medicine, science, business and in the arts, are the men who concentrate their thoughts and efforts on doing the single thing ... better.

The District Bond Company specializes in the underwriting and distribution of tax-free California municipal improvement, district and street bonds. Our personnel is composed of men widely experienced in this particular phase of the investment business ... in appraising the value of the property in the district, in checking the engineering work as it is installed, and in examining the legal details of the bond issues. These duties begin long before the bonds are issued and continue until the last payment of principal and interest has been made.

The investor in our securities enjoys the full benefit of this specialized service at no extra cost. Each issue which we offer to our clients has been purchased first for our own account after careful scrutiny by specially trained experts.

Municipal improvement bonds issued by the City of Los Angeles and surrounding communities yield 5% to 5½% free from all Federal Income Tax and California Personal Property Tax ... a rate of return as great or greater than is obtainable today from taxable corporation bonds which are far more subject to fluctuating economic conditions.

Our list of selected current offerings, together with other literature descriptive of California municipal improvement bonds, will be sent you gladly on request

LOS ANGELES EXCHANGE

Transamerica Supplies Bulk of Activity as Trading Again Falls Back to Slow Pace

With only seven issues showing sales of more than 500 shares, trading on the Los Angeles Stock Exchange yesterday again fell back to a comparatively light volume. Transamerica supplied the bulk of activity with 11,800 shares crossing the board at prices running from 19½ to 20½, the close being 20¼, up ½.

Pacific Finance on 800 shares closed unchanged at 22 after touching a new low for the year at 21 7-8. Emsco Derrick also hit a new low at 15, off 1-2 from the previous close.

Claude Neon on a turnover of 1100 shares made a net advance of 1 5-8 to 35 3-8. This was the only issue to show more than a fractional gain. Central Investment at 93 was down 2 points, while Pacific Gas and Electric common was off 1 point at 53.

The oil list was slightly higher, with Standard of California the most active issue. On sales of 1200 shares Standard climbed 3-4 to 61 3-4. Bolsa Chica A, Pacific Western Oil and Richfield common each gained 1-8. Union Associates moved up 3-8, while Union Oil advanced 5-8. Rio Grande held at 16 on 100 shares. Signal Oil A eased 3-8.

Southern California Edison common on sales of 600 shares gained 1-2 to 55. Security-First National closed unchanged at 100 1-4.

Sales totaled 19,496 shares, valued at $554,431; previous day, 34,553 shares, valued at $1,039,366.

Wheat Values Collapse in Pit Shake-out

CHICAGO, Aug. 13. (AP)—Wheat values collapsed as a result of heavy selling here late today and dragged the corn market down along. To a large extent, the increased selling pressure on wheat came from eastern sources, and was attributed to reports the Canadian government would not guarantee banks loans to the Canadian growers' pool. These reports had but little apparent effect early but toward the last were made much of in connection with acute weakness shown by wheat prices at Winnipeg.

Chicago closing quotations on wheat were nervous, 2½@2⅝c a bushel lower than yesterday's finish. Corn closed 2¼@3c down, oats 1⅝@2⅜c off and provisions showing 15@37c drop.

Sharp downturns in Winnipeg wheat prices more than offset all opposite factors in the Chicago market as the day drew to an end. Emphasizing the influence of advices the Canadian government has refused to back the Canadian pool financially were statements circulated that Canadian shippers seemed eager to cut prices to a competitive basis with United States wheat. Late downturns of Chicago wheat prices were in the face of estimates export buying of North American wheat today totaled 2,000,000 bushels, most of it from the United States.

A statement credited to Secretary Hyde of the United States Department of Agriculture that there was no shortage of foodstuffs and the chief shortage was in corn, hay and pasturage was construed in some quarters as bearish. Earlier, however, the wheat market here had scored a brisk transient advance owing more or less to complaints of 40 per cent or greater impairment of French wheat crops and because of estimates that 36,000,000 bushels of the 1930 total wheat yield in France was unfit for milling.

Corn and oats gave way with wheat. A feature was notice taken that corn losses, outside of the heaviest drought areas, were only 8 to 10 per cent of a five-year average crop. Oats demand today was indifferent.

Provisions went lower with grain notwithstanding an upward slant in the hog market.

BUILDING-LOAN RESOURCES HIGHER

Announcing a program of greater development for the coming year, the Railway Mutual Building and Loan Association yesterday reported a gain of more than $280,000 in resources during the past six months. In making this announcement through its president, Dr. R. W. Starr, the association made public the fact that it now has approximately 5000 members and investors, and has the honor of being eighth in the percentage gain made in resources during the quarter ended June 30, last. It now ranks fiftieth in the State out of 223 associations as shown on the "call report" of the same date, according to the announcement.

An Attractive Preferred Stock Investment

Considering safety, yield and marketability, good public utility preferred stocks are attractive investments.

For example, Illinois Power & Light $6 Preferred Stock may be obtained today to yield about 6¼%.

The Corporation serves more than 470 municipalities in an agricultural and industrial territory with a population of about 1,250,000. This territory has shown steady growth, particularly in its industrial development, which is reflected in increased demand for utility service.

The Corporation is controlled (through North American Light & Power) by The North American Company and Middle West Utilities Company, two of the foremost utility organizations in the United States.

We suggest you discuss an investment in this preferred stock with us today.

HAPHAZARD vs PLANNED INVESTING

"IN the past ten years, I have done considerable investing," a new client recently told us. "But on figuring my profits, I found that I was getting nowhere. The profit on one transaction barely balanced the loss on another. And many of my holdings were second or third-grade securities. Can you tell me what to do?" We suggested the investment of the majority of his funds in Massachusetts Investors Trust, which presents ownership in approximately 140 of America's best common stocks. Each security in the Trust is carefully watched over by the management. In the past six years since organization, the average annual income and appreciation on this trust have amounted to 20.25% per annum.

STOCK MARKET STAGES RALLY

(Continued from Twelfth Page)

the bottom at net declines of 5 to 15 cents a bale. Wheat weakened, closing 2 5-8 to 2 3-4 cents lower. Rains over part of the corn belt, curtailing somewhat the area of the drought, brought in considerable selling and quotations were off about 2 to 3 cents net.

The news from the industry was hardly stimulating. Further price cuts by automobile manufacturers, the failure of the steel business to show signs of seasonal recovery, a drop in freight-car loadings and an increase in refined copper stocks all served to emphasize the depression.

Iron Age said the uncertainty over the crop damage had retarded inquiry for steel and "a renewed spirit of caution" had appeared. Production was placed at about 52 per cent of theoretical capacity against 54 per cent a week ago.

Call loans were available "outside" at 2 per cent although the official rate held at 2½.

Shipments of gold to France were resumed tonight with the exportation of $8,800,000 to France. Foreign exchanges were generally irregular.

The gains in stocks were widespread and were especially evident in issues harboring the large short interests. Case, after touching the new low of 150, closed above 164, a net advance of 11 7-8. Vanadium was up 5, Southern Railway 2, Columbian Carbon nearly 5 and Auburn Auto more than 3. Several utilities rallied 2 to 3, and there were similar gains in American Can, Johns Manville, Coca Cola, Westinghouse Electric, American Telephone, Gillette, Corn Products, United Aircraft and Eastman Kodak. General Electric, General Motors, Warner Brothers, Sears Roebuck, Radio, and Standard Oil of New Jersey rose 1 to 2.

OIL NEWS

BY HOWARD KEGLEY

The next completion for the north dome of the Kettleman Hills oil field will probably be the Associated Oil Company's Whepley No. 1, on Section 35, 21-17. It is running five and three-quarter-inch line preparatory to a production test. Bottom of the hole is at 7904 feet, in oil sand.

Associated's Whepley No. 1 is on the east side of the section, and is a direct offset to the Shell Oil Company's Dixon No. 1 on the west side of the adjoining section. The Petroleum Securities Company's Felix No. 1 and No. 2 are west if it. The well has penetrated more than 3100 feet of excellent oil sand.

New activity on the north dome at Kettleman Hills is becoming centralized because of the excellent production obtained so far there by the Milham Exploration Company, Continental, Standard and Petroleum Securities. Offsetting wells have recently been started by the Pacific Western, Standard and Continental, and it is expected that others soon will be under way. Milham is considering an offset to Pacific Western's No. 2 on Section 1, 22-17.

At present the Superior Oil Company's Huffman No. 1, on the northeast quarter of Section 29, 21-17, on the north dome, is the deepest active project in the Kettleman Hills field. Yesterday it was making progress bedlow 8040 feet in hard sand formation.

Still Trying

That the Goleta area, where more than twenty projects have been unsuccessful, is still considered a good prospect is indicated by the fact that the General Petroleum Corporation has just spudded in More No. 3 on the More ranch.

General's latest test is its third for the More ranch. Its More No. 1 and No. 2 developed into gassers, one putting out a little oil from a depth below 4500 feet. Both of these projects now are idle, mechanical difficulties having interfered with progress.

More No. 3 is the only active wildcat near Goleta at present. The Ring Oil Company abandoned More No. 1, due northwest of General's properties, after penetrating eighty feet of the Vaqueros formation. General's Crandall No. 1, on a tideland permit, is idle below 4500 feet.

Another interesting test to start soon is General's Berry No. 1 in the south Belridge district. It has approximately 1000 acres in that district, which is about six miles south of the Richfield Oil Company's No. 1, located in the north Belridge district.

Accountants to Luncheon

Members of the Petroleum Accountants' Society will head L. S. Vaile, professor of economics of the University of Minnesota, speak this noon on "Merchandise Mergers" at the Masonic Club, 625 South Grand avenue. It is the society's regular monthly luncheon. A. J. Olmsted, president and official of the Chanslor-Canfield Midway Oil Company, will preside.

Increases Activity

Success in obtaining production near Lompoc has increased activity of the Vaqueros Major Oil Company. The operator is rigging up Union-Annex No. 2, and will be drilling ahead soon and derrick is going up for No. 3. Vaqueros Major's Union-Annex No. 1, its first producer, near Lompoc, is yielding about 500 barrels of clean 25-deg. gravity oil per day from a depth of 2907 feet. Storage recently constructed is being filled.

To Clean Out

York & Lockhart's Willis No. 2, in the Potrero town-lot area, most recent completion to be brought in from the deeper zone, has been killed and tubing will be pulled to enable running of liner to improve the flow. The operator's Willis No. 2 came in for approximately 350 barrels of clean 37-deg. gravity oil per day from a depth of 6377 feet, and is thought to have opened up an entirely new producing horizon below anything that has so far been developed. Throughout the entire Potrero town-lot area at least twenty projects are active, majority endeavoring to find the deeper producing formation.

Fishing Job Delays

A fishing job has halted operations in the Superior Oil Company's Jones No. 1, a deep test in the Huntington Beach oil field. Mechanical difficulties developed with bottom at 3456 feet and preparations are being made to start side-tracking at 3251 feet.

Starts Another

The Standard Oil Company is preparing to build a derrick for No. A-33 in the old part of the Huntington Beach field and will drill another well to develop shallow production. This new project is a short distance west of its Jones Community No. 6, located in the central portion of the field. Standard's Jones-Community No. 6 is drilling below 550 feet and the company's No. 13 in the southeasterly portion of the fild is making progress below 3850 feet.

Cause for Overproduction

Flow tests on several of the recent completions in the Elwood oil field have resulted in considerable overproduction. The field is flowing about 11,000 barrels a day above its quota. Yesterday Elwood put out 52,525 barrels of oil, against an allowable of 41,037 barrels.

According to the oil umpire's report, the thirty fields under his jurisdiction are producing 403,000 barrels a day, as against an allowable of 390,719 barrels. The Ventura-avenue field has an excess of about 2000 barrels a day.

WOOL MARKET

BOSTON, Aug. 13. (AP)—The market on strictly combing Ohio and similar 48s or finer fleece wools was a little stronger. A number of sales have been closed recently at 31 cents and a fraction better, grease basis. These are the lighter wools shrinking around 59 per cent. wools shrinking 60 per cent are selling at a fraction under 31 cents in the grease. The scoured basis values are estimated 75@77 cents with a tendency to the high side.

NEW YORK CURB STOCKS

NEW YORK, Aug. 13. (AP)—Several of the more active curb shares closed a point or two higher today. Total sales of 518,700 shares were the largest of the week.

The market was under further selling pressure early, however, and a long list of comparatively inactive issues which lost ground then failed to recover, so that net losses were in the majority at the finish, depite firmness of the more popular trading shares.

American Gas and Electric Bond and Share sold up about 3 and 2 points, respectively, but closed fractionally under the best. United Light A gained more than a point in a fair turnover. Central Public Service A, however, sagged about a point to a new low, and North American Power and Light dropped about 5 points to 63, the year's low.

Operations for the advance were resumed in some of the natural gas issues, notably Duquesne, which rose 2 points and Missouri Kansas Pipe Line, which mounted 3 points. Oils were irregular and sluggish, failing to respond to the favorable weekly petroleum statistics. Cosden dropped 2 points, then regained its loss. Cities Service and Standard of Indiana closed up fractionally.

In the industrial specialties, Ford, Ltd., gained more than a point and there was fair demand for some of the aviation issues. Detroit Aircraft gained fractionally and Fokker gained about a point. Aluminum, Ltd., dropped 20 points. American Meter tumbled 9 points to a new low. Newport Company sold off about 2 points to a new minimum, and Shaeffer Pen duplicated its low point with a drop of 3.

In the investment group, United States Founders and Goldman Sachs gained fractionally.

The closing price is omitted when same as the low and both low and close when same as the high.

LOS ANGELES MARKET

CATTLE—Receipts estimated at approximately 600 included several loads that had not arrived at the noon hour. Bulk of offerings were steers from the Imperial Valley that did not arrive until nearly 10 a.m. A load or two of local fed-lot steers were trucked in, but were not disposed of during the forenoon. Trade was rather slow and steady to weak with some bids a little lower. Nothing of good quality was offered and the lower grades have been too numerous to move readily. A load of 956-pound Imperial steers cashed at 7.40, with part loads of local steers at 7.25@7.50 and a few at 7.00. Five loads of 824 to 908-pound Mexican steers made 6.00@6.25, with part loads averaging up to 1118 pounds at 6.40 and 6.50. A few 702-pound local fed heifers turned at 7.50 and a load of 1043-pound Colorado cows brought 6.50. Several head of weighty dairy type cows made 6.00@6.25, with majority of common to medium cows at 4.75@5.75. Low cutters and cutters ranged from 2.50@4.50. Common to medium bulls brought 4.30@5.65, with good butcher kinds at 6.25.

CALVES—Owing to the scarcity of good to choice vealers prices jumped sharply on the few offered. Lower grade calves also showed some strength. A few lots of good to choice light vealers brought 12.00@12.50, with medium kinds at 10.00@10.50 and plainer and heavier weights at 8.03@9.50, including a load of 233-pound Texas at 9.25.

HOGS—No eastern butchers were available, but approximately three loads of trucked-in hogs were offered. Prices were around 25c higher on the kind offered. A load of 184-pound Imperials brought 11.25 and it seemed possible that good easterns would sell a little above this price. Several packages of desirable weight local fed butchers ranged from 10.50@11.00, with weight above 200 pounds at 10.25@10.35 and heavies down to 9.25. A few packing sows made 7.50@8.25.

SHEEP—No lambs were offered and quotations remain unchanged with medium to choice light lambs quoted at 6.50@8.00. Sales of ewes, yearlings and bucks were about steady. A part deck of 87-pound island buck lambs brought 6.25, with a part deck of 102-pound California yearlings at 3.85. A deck of young 79-pound island ewes made 3.35, sorted ten head at 4.00. A part deck of 114-pound California ewes brought 4.00, with ten out at 3.00 and a big deck of common 118-pound weights made 2.50. A deck of aged island bucks scored 2.50.

THIS OLD FASHIONED BUILDING AND LOAN ASSOCIATION . . the MUTUAL OF POMONA . . has grown to three California records . . without assuming qualities we do not possess . . or adopting airs that sit poorly upon an economical thrift institution.

It costs too much to sustain the fiction that one is more gifted, important, and splendid than one really is. We've been in the building and loan business for 37½ years because we know how to practice economy and make good loans.

WE CAN'T AFFORD EXPENSIVE OFFICES . . to make an impression upon people who do not know how to analyze a financial statement . . so we serve you in Los Angeles . . from 10th floor offices . . and add to our surplus and reserves for YOUR safety . . as well as ours.

It isn't necessary for us to economize in hard times because we practice the same economies during good times, thus providing for loan losses that MAY come in times of depression, though we have made steady profits on foreclosures for 37½ years, and are doing so NOW.

You can get 6% safely, or an unloaded construction loan, or a foreclosure bargain, through the MUTUAL Building and Loan Association OF POMONA, with $15,000,000 resources and over $3,400,000 paid-in capital, surplus and reserve.

ACTRESS TO MAKE FIGHT FOR CHILD

Lina Basquette Fails in Suicide Attempt Laid to Series of Worries

As a sequel to her attempt to commit suicide by swallowing poison, Lina Basquette, danseuse and film actress, may resort to the courts to compel Harry M. Warner, president of Warner Brothers Pictures, to give her custody of her 3-year-old daughter for at least three months. Repeated refusals of Mr. and Mrs. Warner to send the child from New York coupled with a series of other misfortunes were assigned by Miss Basquette as the reason for her taking poison early yesterday morning. She will recover.

At the same time Miss Basquette yesterday declared there is not the remotest possibility of a reconciliation with her husband, Peverell Marley, picture cameraman, and that their marital difficulties may end in the local divorce courts next week. They separated several months ago.

Miss Basquette swallowed a potion of poison at her apartment at 3925 Wilshire Boulevard shortly after midnight Tuesday night after ten friends she had been entertaining had left following a dinner party. She was taken to the Georgia-street Receiving Hospital where a stomach pump saved her life. Her private physician, Dr. James Beggs, said she will recover.

"If this thing keeps up much longer," Miss Basquette said yesterday, "I'll go insane. Every week I have planned on my daughter coming to visit me. I have gone out many times and purchased little things for her but they always send a message she is not coming. The matter is now in the hands of my lawyers and if she is not sent within a short time we will go to court to compel them to send her to me.

"Under the guardianship agreement with the Warners I was to have the child for at least three months of the year and be able to visit her and have her any time I wanted. They have repeatedly refused to send her to me. They say I am too young to have her custody even for three months."

Mr. and Mrs. Warner were appointed guardians over the child, Lita Basquette Warner, in the local court only after they agreed to settle a $300,000 trust fund on the child, the principal of which she will receive when she reaches 21 years. When the father, Sam Warner, died several years ago, Miss Basquette said, she received for the child $85 a week which was the income from a trust fund. Recent dispatches from New York revealed he left an estate valued in excess of $1,000,000.

As far as a reconciliation is concerned, Miss Basquette stated yesterday "that is all cold."

VISITING LATINS VIEW ORCHARDS

Pan-American Delegates on Fruit-Belt Tour

Entertained at Pasadena by Chamber of Commerce

Argentinian Tells Plan for Large Purchase Here

Los Angeles county orchards, methods of citrus-fruit cultivation and orange packing were viewed yesterday by Latin-American delegates who have been visiting here before continuing on a State tour to terminate at Sacramento for the Pan-American reciprocal trade conference. The visitors were luncheon guests of the Pasadena Chamber of Commerce at the Maryland, after which they visited the Huntington Library and Art Gallery and then proceed to Bakersfield.

En route to Pasadena, they inspected the Azusa packing plant of the California Fruit Growers' Exchange. The county trip was under guidance of D. D. Palmer of the agricultural department, Los Angeles Chamber of Commerce.

PASADENA HOST

D. E. McDaneld, president of the Pasadena Chamber of Commerce, presided at the luncheon meeting and introduced Robert L. Daugherty, president of the Pasadena Board of Directors, who extended the formal welcome in behalf of the city. Miss Edith Salmans greeted the ladies of the party in Spanish. Guillermo Lavagnino, chairman of the Guatemalan delegation, addressed the gathering in Spanish and F. Waller, Guatemalan Consul here, followed with an address in English, stressing the importance of the occasion.

A message of greeting from President Lubin of the Sacramento Region Citizens' Council, sponsoring the conference, was given by W. A. Reid, Washington, trade adviser to the Pan-American Union, who is official adviser for the conference. The forthcoming trip of the delegates through the San Joaquin Valley and the valley's importance on the route of the proposed Pan-American Highway were described by William E. Metzger, Fresno, secretary and manager of the San Joaquin Valley Tourist and Travel Association.

EXTENSIVE TOUR

The Latin Americans and other conference delegates were dinner guests last night of the Kern county Chamber of Commerce at Hotel El Tejon, Bakersfield.

Leaving Bakersfield today, the caravan will proceed north on its tour. The itinerary includes inspection of the Federal Bureau of Plant Industry Farm at Shafter, a visit at the Hoover farm, Visalia, Fresno and other San Joaquin centers with receptions and entertainment by various chambers of commerce.

Plans are well advanced for new trade contacts between Los Angeles and Latin America that indicate large purchases of Southern California products before the end of the year. This is substantiated by a letter just sent to the Los Angeles Chamber of Commerce by the business committee of the Argentina delegation and the announcement yesterday by Mario Estrada, head of this contingent, that he and, it is expected, important Latin-American persons will return to Los Angeles in October for trade negotiations.

Plans are to be completed during the conference for a trade tour, Senor Estrada said, and he stated he is in receipt of notification from President Lubin of the organization sponsoring the conference, that a committee has been appointed to study details for such a trip.

MOB SEIZES HIT-RUN DRIVER

Constable Saves Boy's Assailant from Angry Crowd; Woman Instantly Killed by Car

A crowd of infuriated men and women made determined efforts late yesterday afternoon to visit summary punishment on an asserted hit-and-run motorist accused of having run down and probably fatally injured a 4-year-old boy, Walter Khezzick, of 1147 East Sixty-second street, in front of his home.

Juan Solas, the asserted hit-and-run motorist, was crouching in his automobile at Slauson and Alameda streets, after a two-mile chase when Constable Bosshard arrived and rescued him from the excited crowd.

VICTIM MAY DIE

Removed first to Georgia-street Receiving Hospital, and later to Children's Hospital, the boy was found to be suffering a fracture of the skull and internal injuries expected to cause his death.

Police were told by witnesses the boy was struck while attempting to cross the street near his home.

The driver drove away at increased speed, witnesses said.

Among those observing the accident had been several motorists, who gave chase, pursuing Solas fully two miles over a circuitous route before crowding him to the curb and forcing him to a halt.

Solas was locked up on charges of hit-and-run and reckless driving.

WOMAN KILLED

Mrs. Anna F. DuBussion, 55, of 2006 West Washington street, was instantly killed when struck by a car driven by Paul Baldwin, 6151 Barrows street. The accident occurred at Harvard Boulevard and Washington street.

Baldwin told Wilshire police that the woman stepped from the curbing in front of his car and that he was unable to stop or avoid striking her.

STEEL BIDS QUIZ ASKED IN COUNCIL

Williams Makes Move to Sift Procedure in Water and Power Department

Councilman Williams yesterday introduced a resolution asking for an investigation of some recent handling of steel bids for the Department of Water and Power. The resolution was referred to the Water and Power Committee and the City Attorney.

The resolution points out that City Attorney Werner recently ruled that all purchases of more than $1000 must be handled through bids by the City Purchasing Agent, Thomas Oughton. The Department of Water and Power, as have other departments having control of their own funds, maintains its own purchasing department.

On June 30, the resolution states, the department opened bids on steel. Eight were received, ranging from $3227 to $2838. Due to the ruling, according to the resolution, the low bid could not be accepted but the whole thing was readvertised.

On the 1st inst. the new bids were opened and all were discovered to be similar, being for $3325.96 or $484.96 in excess of the previous low bid. Williams contends this practice will cost the city thousands of dollars and demands an investigation.

CONCRETE POURED AT NEW DAM

Million-dollar Structure in Tujunga Canyon Begins to Take Actual Shape

Two groups of men, working in eight-hour shifts, are busy pouring concrete for the new $1,000,000 county dam which is being built in Tujunga Canyon, eight miles north of Sunland. The flow of concrete started at 4:30 p.m. Tuesday under the direction of Chief Engineer Eaton of the county flood-control district. The new structure will be 240 feet high and will create a lake one and one-half miles in length.

Excellent foundation conditions for the new dam were reported by engineers before the laying of concrete began. For several weeks a force of workmen were busy scrubbing the foundation bed with wire brushes, after which it was washed. This was followed by mopping up all the moisture. When the bed was perfectly clean and dry the order for pouring concrete was given.

Engineer Eaton said yesterday that the work will be practically completed by next February.

SKYSCRAPER TO BE BUILT ON VERMONT

Height-Limit Structure at De Longpre Avenue will Cost $750,000

Announcement of plans for a $750,000 limit-height medical building to be erected at the northeast corner of Vermont and De Longpre avenues for Corday Broder, was made yesterday. The structure, to be known as the Globe Medical Building, will rise thirteen stories and tower, the total height, including the tower, to be 186 feet.

Class A reinforced concrete construction will be employed, the building to be 88x90 feet in area, containing 250 offices, three operating rooms, six recuperating rooms, reception rooms and lobby. Leases already have been signed for 60 per cent of the offices, it was stated. The Corday Construction Company has the general contract and Charles F. Whittlesey is the architect.

GALUSHA COLE'S LONGEVITY RECIPE CALLS FOR KEEPING EVEN TEMPER

Galusha Cole Finds Old Pump at Museum

PASADENA, Aug. 13.—"Don't get your 'dander' up and you'll live forever!"

This was Galusha Cole's answer when an interviewer succeeded finally today in penetrating the armor of smiles with which this city's oldest and best-loved resident parries the question, asked him a thousand times, "What is the secret of long life?"

Friday will be Mr. Cole's one hundred and fourth birthday. He was born August 15, 1826, during the administration of President John Quincy Adams. Construction of the first railroad in the world was started in England that year. Horses and sails were used to propel the cars as steam was not used until two years later when George Stephenson constructed his "Rocket."

"GALUSHA COLE DAY"

It may be interesting to note that the population of the United States has increased from 12,000,000 to 122,000,000 persons during Cole's life span, that he voted for the first Republican candidate for President, John C. Fremont, and will vote for Buron Fitts for Governor, but such facts do not explain why Friday will be "Galusha Cole Day" in this city.

The reason for the city-wide demonstration in honor of the centenarian's birthday is that Galusha, in forty-two years continuous residence here, has never failed to speak well of his neighbors, the world and himself.

"No, I don't think I ever had a real enemy in my life," he confided.

POLICE TO BE SHY BADGES

Present Issue Outlawed After Next Saturday and New Ones Not Ready for Distribution

Indications are that Los Angeles police and special officers will be badgeless after Saturday, because the old issue will become outlawed on that date and the new badges will not be ready for distribution. City Purchasing Agent Oughton yesterday said he does not see how the manufacturing firm, Bastian Brothers of Rochester, N. Y., can have the new issue here by the 16th inst.

Due to design changes suggested by the Police Commission and the commission insisting that samples be submitted before the order was signed, the local representative of the Rochester concern received a definite order for the new badges only a few days ago.

Under the ordinance anybody wearing or having in his possession the present badges after the 16th inst. will be guilty of a misdemeanor. Consequently, should officers continue to use the present badges in the absence of the new ones, they might be subject to arrest.

Under the circumstances, there is a possibility that they will be without badges until the new ones are received.

The Police Commission already has directed Chief Steckel to communicate with all holders of the present badges, requiring their return.

Another problem confronting the police department is the return of deposits of $2 each on special badges issued to private patrolmen prior to 1923, when the deposit was raised to $5. Special badges also must be returned to the Chief, but what became of the $2 deposits for the badges issued prior to 1923 is shrouded in mystery.

When the deposit was increased those possessing badges were credited with $2 and paid the additional $3. This $3-a-badge and the $5 payments by applicants subsequent to 1923, kept in a special fund, are available, according to Chief Accountant Olney of the police department. He said that there is no record of what became of the original $2 deposits, although the badge holders have receipts.

Application has been made to the Police Commission by special officers who put up the original $2 deposit, but the commission can do nothing.

NEEDS DICTATE SITE SELECTION

Federal Building for Civic Center Not Assured

Government Official Here Warns of Hold-up

Structure of Twice Present Dimensions Required

Location of the proposed new Federal building in the Civic Center area is by no means assured, it was said yesterday by William Arthur Newman, in charge of building construction and purchase of sites for United States public buildings in the Pacific Coast district. Mr. Newman has come to Los Angeles to make a survey of the situation and report his findings and recommendations to the supervising architect's office at the Treasury Department in Washington.

To aid him in making his findings he has sent a questionnaire to the heads of all Federal departments in the city, asking, among other things, whether they are in favor of having their departments housed in one building, the amount of space they are now renting in buildings outside the present Federal Building, the amount of rent paid, the number of persons now in their employ and their estimated requirements for the next twenty years.

NEED INDICATED

Preliminary tabulation of the replies already received, Mr. Newman said yesterday, forcefully indicate the need for a new Federal building. Out of some seventy Federal offices of departments, bureaus and services in Los Angeles, the heads of all but sixteen have indicated their desire to be housed centrally under one roof. The other sixteen object to the centralization because of the geographical necessity of being near the activities with which they are concerned, a typical instance being the live-stock inspection service, which obviously must be near the stockyards, Mr. Newman pointed out.

Although the United States government is not barred from putting up a higher building than the present city height limit, Mr. Newman said, it is likely the new building will be made to harmonize with its surroundings and, therefore, he estimates its site would have to be at least 90,000 square feet, as compared to the 46,000 of the present building.

As to the location of the new building, he said his official instructions make no mention of the Civic Center site, but are general in character, being, in brief, to give his recommendation as to the best way to take care of the needs of the entire Federal service in this city. He is anxious, however, he added, to co-operate with the various civic and commercial organizations which have interested themselves in the Federal building project and all of which are anxious to see the new building placed within the Civic Center.

HOLD-UP WARNING

The interests of the Federal government are paramount, however, he pointed out, and he indicated that if an excessive valuation is placed upon available land in the Civic Center some other site will have to be found. In this connection he recalled that the site of the present Federal Building was donated to the government and that the sites of several new Federal structures now under construction in west coast cities had been donated by the municipalities.

He is not here as a beggar, however, he added hastily, and will be interested in seeing, during the course of his present visit, any persons or groups or municipal or county agencies which desire to make any sort of proposal relating to possible sites for the new building. In this connection he hinted that most of the uncertainty now surrounding the matter can be allayed if local interests involved come to a complete understanding among themselves. While in town his temporary office is in Room 601, Federal Building.

SUBMARINE MEN TO MEET

The Pacific Coast Submarine Club will meet at the Westlake Park clubhouse tonight at 8 o'clock. All men who served or were attached to the United States submarines during the World War are invited to attend this meeting. The club now has a charter for a post in the American Legion. The post's name will be Submarine Post, No. 999, American Legion.

The Lancer

by Harry Carr

NEARLY all the trained seals in the world come from Santa Cruz Island, off Santa Barbara.

In the old days this island, which belongs to an Italian family of San Francisco, was used for making wine. In the latter days it has been a sheep ranch. It has a great number of sea caves which are alive with yelping seals.

CATCHING SEALS

The method of catching them is this:

They spread a huge, strong fish net in front of one of the large caves; then men go inside, into the dark recesses, and fire guns. The seals, scared half to death, make a break for the open sea and entangle themselves in the net.

Men then go out with lassoes, rope the seals and imprison them in large floating cages.

SCARS OF BATTLE

As a usual thing they only keep about one in every twenty-five seals. The rest they turn loose. The twenty-four are too badly cut up for use on the stage. Seals are terrible fighters. Only the twenty-fifth one is found to be all there. The others have lost an eye or have been cut in the face or have been chewed into a grotesque caricature of a seal.

SEAL POLITICS

These battles among the seals are political.

A seal pack is as highly organized as the wolf packs that Kipling tells about.

At the first sign of intrusion by man the women and children seals all hastily withdraw to one side, out of the line of attack. The young bucks then swim toward the boat, which they circle and menace. On the shore is the old bull seal who barks and yelps as he directs the operation. His orders are carried out as clearly as those of a general.

SOFT JOB

As the bull seal commander has a soft and wholly desirable job, he does not hold it without contest. He has to fight for it every day—hence the scarcity of unmolested anatomy in a seal pack.

REAL TEARS

Having been captured and assorted, the seals are placed on board a fishing boat.

For two days they refuse to eat. They cry just like human beings, with great tears running down their faces. Then they resign themselves to the inevitable and begin their education.

A MASSACRE

Nearly all the trained seals in the world get their education at the hands of an Italian in Monterey.

After they get into the show business their education gets a final polish; but the Monterey Italian first shows them the ways of high society.

Seals are not as plentiful as formerly. One of the idiocies perpetrated during the World War was a massacre of seals in the Santa Barbara Islands.

They said they wanted seal oil for something, but the truth probably was that the so-called "intelligence department" mistook them for German submarines.

MISSOURI MEETS PLANNED

Former Missourians will have their annual summer picnic Sunday, the 24th inst., in Sycamore Grove Park. Next Tuesday evening they will have their monthly social at 1024 South Grand avenue.

ATTIC MURDER SCENE VIEWED

Jury Trying Mrs. Oesterreich Visits Her Old Home

Trip Constitutes Regular Session of Court

Sanhuber's Confession of Crime Goes in Records

In the presence of Mrs. Walburga Oesterreich, as a part of the official proceedings, a jury from Superior Judge Hardy's court, where the woman is on trial on a charge of murdering her husband, late yesterday visited the former Oesterreich residence at 858 North Lafayette Park Place.

Guided by former Chief of Detectives Herman Cline, the six men and six women of the jury were taken through the house and shown where Fred Oesterreigh's body was found near the front door, August 22, 1922; the second-story closet in which Mrs. Oesterreich was found locked shortly after the shooting, and the hole in the wall that marked the entrance to the attic abode of Otto Sanhuber, asserted garret sweetheart of Mrs. Oesterreich.

AS COURT SESSION

Accompanying the jury party were Judge Hardy, Defense Attorneys Jerry Giesler, Le Compte Davis and Willner; Dep. Dist.-Atty. Russell, Court Reported Connelly and Charley Bryant, court bailiff. The visit constituted a regular session of the court.

The trip to the home was ordered by Judge Hardy yesterday afternoon after Attorney Giesler had finished his cross-examination of Sanhuber, who has been on the witness stand for the past two days, and Dep. Dist.-Atty. Costello had announced that he expected to close the prosecution's case today with the testimony of two State's witnesses, scheduled to arrive in Los Angeles at noon today from Milwaukee, where the Oesterreichs once lived. Court adjourned after a visit to the house until 2 p.m.

CONFESSION READ

A large part of yesterday's regular court session was given over to the reading into the court records by Attorney Giesler of Sanhuber's testimony before the grand jury, wherein the attic man confessed that he murdered Oesterreich when the latter unexpectedly found him on the lower floor of the house. This confession, however, Sanhuber later repudiated when he was brought to trial several weeks ago.

With the end of the prosecution's case in sight it was believed the case in Judge Hardy's court might go to the jury early next week. The time may be extended, however, if Mrs. Oesterreich takes the stand in her own defense. Whether she will make this move has not been indicated by the defense, nor have the names of any of their other witnesses been revealed.

Long-Married Pair Divorced

After living together more than twenty-one years, Francis Strain and Malindo Strain were parted by divorce yesterday. The husband complained that his wife deserted him and refuses to speak to him. Strain added that they had five children, the youngest being a girl 17 years of age.

Superior Judge Bishop granted him a divorce.

CITRUS CROP STUDY MADE BY SPANIARD

Agricultural Engineer on Tour of Southland to Get Data on New Methods

Detailed to a study of the California citrus industry by the Spanish government, Dr. Ramon Cantos of Madrid, agricultural engineer, is making his headquarters in Los Angeles for several days. Before leaving Spain, Dr. Cantos arranged with the agricultural department of the Los Angeles Chamber of Commerce for assistance here, and his research efforts are being made in co-operation with the chamber agricultural staff.

Dr. Cantos for several years has been in charge of scientific work in connection with citrus and other agricultural development in Morocco. With this work well under way, he was sent to Cuba for a special study and to California to learn our methods of citrus culture and marketing.

The Spanish agriculturist is much impressed with the development of the citrus industry in the southern counties, especially in our advanced methods of pest control and irrigation practice.

During his stay here Dr. Cantos will visit the citrus experiment station of the University of California at Riverside, the Los Angeles county insectary at Whittier and several other research institutions.

THIS CITY SELECTED FOR FOOD'S PREMIERE

Business conditions in Los Angeles being nearer normal than in a majority of cities in the nation, it has been selected for the manufacture and launching of a new food product by Swift & Co., it was announced yesterday. Henry T. Stanton, vice-president of the J. Walter Thompson Company, advertising agency, has arrived in Los Angeles from Chicago to supervise the advertising campaign for Swift & Co. The new product, which will be identified for the public later, is to be manufactured at the Swift & Co. plant in this city.

GAMBLING IN HOME CITED FOR DIVORCE

Gambling in her home distressed her, Mrs. Irene McCullough testified yesterday in asking a divorce from Edward L. McCullough. She said that, over her protests, her husband set up a gambling game in their home and that on January 7, last, the police entered and dispersed the gamblers. Superior Judge Needham granted her a decree. The McCulloughs married December 8, 1929, and separated June 27, last.

INSURANCE MAN DIES

Heart disease proved fatal to Henry P. Bowman, 53 years of age, of 1400 West Moreland Boulevard, yesterday morning and he died from a sudden attack while in an elevator in the Corporation Building at 724 South Spring street. Bowman came to California several years ago from Kansas City, Mo., where he was prominent in insurance fields.

TALLMAN CLEW TO BE RUN DOWN

Police Verifying Story of Michigan Informer

Murder Suspect Declared in Carnival Troupe

Authorities Wired to Check Up on Statement

Verification was awaited by local police last night of a wire report from Grand Rapids that William L. Tallman, charged with the brickbat murder of Mrs. Virginia Patty, 29 years of age, in an apartment at 823 South Union avenue, last summer, is a member of a carnival troupe now in the Michigan city.

The wire was received yesterday afternoon by Capt. Ray Cato of the police homicide squad, from Aaron G. Murray, who identified himself as a United States informer.

Local officers immediately requested the Chief of Police at Grand Rapids to locate Murray and to establish whether the man sought here is with the carnival show.

Following Tallman's escape from the steamship Admiral Benson between the time it left Los Angeles Harbor and docked at San Francisco on the evening of June 5, 1929, an unsuccessful world-wide search has been conducted for the radio operator.

Mrs. Patty was the mother of a young daughter by a former marriage to John Wedsmoth of Los Angeles. She was the daughter of T. P. Scott, Sioux City, Iowa, and had been married to Patty five years.

him but it will never happen," she stated. "He is a wonderful chap and we are still the greatest of friends but we will never go back together again."

The fact that Marley appeared at the hospital when he heard of Miss Basquette's suicide attempt and because he was at her bedside yesterday gave rise to reports of a reconciliation. Marley declined to make any statement. He is known to be willing to patch up their difficulties.

TOO MANY WORRIES

According to Miss Basquette, she "cracked" early yesterday under the strain of her worries. She suffered a nervous breakdown on her return several months ago from a strenuous vaudeville tour with her husband. Later she was operated on for appendicitis and this, with worries about her daughter and the opening of a new gown shop, proved too much for her, she said.

She had had the blues all day Tuesday, she stated, and entertained friends for dinner. They had left when her maid, Irene Zasro, requested one of the guests, E. H. Sears, Jr., to stay for a while. Together they tried to cheer Miss Basquette when she excused herself and went to the bathroom.

She locked herself in. Miss Zasro and Sears heard her fall to the floor and broke in. They called the police ambulance. She first gave her name as Eleanor Copeland, later disclosing her true identity.

Miss Basquette is a former Follies girl and a step-daughter of Ernest Belcher, dancing instructor. She gave up her career to marry Warner, returning to the screen after his death. She married Marley in 1929.

VISITING LATINS VIEW ORCHARDS

Argentine delegation to the Pan-American Reciprocal Trade Conference, requests that the Chamber of Commerce inform all firms interested in the sale of products or the establishment of industries in the Argentine Republic to address themselves to the mentioned committee, giving full details in writing, so that detailed information may be given them upon the possibilites that those products or industries may have in the Argentine Republic.

"During the California tour the committee will prepare information that will be sent to those firms.

"In such cases where the possibilities are favorable it is proposed to establish commercial conversations and take action. These conversations will take place in Sacramento, San Francisco or Los Angeles."

Agricultural and other expansion in Latin America opens up large possibilities for Los Angeles-made machinery. It was stated yesterday that thousands of acres are to be placed under cultivation in Argentina. The expected use of much road-making machinery in Panama is predicated on the intention there to have the Panama link of the Pan-American highway completed at the end of three or four years. Much road making also is under way or projected in other Latin-American countries.

Southern California business representatives will have opportunity, it was announced, to participate in the trade tour. This will give them opportunity for significant business contacts with the Latin-American representatives who are to comprise the touring party. Senor Estrada intends to attend an important meeting in Montreal pertaining to trade affairs, he said, following the conference at Sacramento.

Health Center Ready to Open

Declared to be the finest institution of its kind in the United States, the new county health and welfare center at Alhambra is scheduled to be dedicated tomorrow at 2:30 p.m.

The new edifice, representing an expenditure of $150,000, is located at 612 West Shorb street. Under the guidance of Dr. J. L. Pomeroy, county health officer, who originated the health center idea several years ago, a number of public officials are scheduled to inspect the new institution.

THIS TRUCK DRIVER PROVES TO BE GIRL

(Miss) Tony Maise

For eight months Tony Maise, 20 years of age, has been employed as a truck driver by the Goodyear Tire and Rubber Company, he yesterday told police. He lifted heavy weights. He seemed as husky as a truck driver is supposed to be.

All of which would have been accepted without astonishment by the police yesterday but for the discovery that Tony is a girl. Detective Lieutenants Milton and Williams of the flying squad, who had arrested Tony at 323 West Temple street earlier in the day, were greatly surprised. So were Tony's many friends outside the prison, who'd looked upon "him" as a robust youth.

What really led to Tony's arrest yesterday was an anxious mother notifying the police her 15-year-old daughter had fallen in love with Tony and she feared they intended to elope.

COLE REVEALS LIFE'S SECRETS

(Continued from First Page)

usually dies young trying to butt himself against an oak tree. It may be because I've never had a terrible time trying to keep cool under the collar that my life is still stretching ahead, or then again, it may be because all my folks were hardy."

Five years ago, Mr. Cole won added fame by defeating a 70-year-old youngster in a game of leap frog at a Centenarian Club picnic in Sycamore Grove. At the age of 85-years he climbed Mt. Wilson.

VISITS MUSEUM

Accompanied by Miss Irene Wilbur, who nursed Mrs. Cole in her last illness nine years ago, Galusha made his first visit today to the Pony Express Museum where Parker Lyon, former Fresno Mayor, has collected relics of the old Wild West.

"I'm not superstitious," Cole laughed as he sat on a section of a tree from which 300 bandits and horse thieves were hanged by the San Francisco "Vigilantes." An old pump, "just like the one I used in Connecticut," attracted his attention, likewise an old jail, reputed to have been the first constructed in Northern California.

"I never was jailed, but I think I'm still strong enough to escape from this one," he said, rattling the rusty padlock.

Miss Wilbur, Mr. Cole's home maker, appears to have been an unconsidered factor in his longevity. "The main thing I do is to feed him good New England cooking and keep the doctors away from him," she said.

HOES CORN PATCH

"Two years ago, he slipped when someone grabbed his arm to help him across the street. They thought he had fainted and sent him home in an ambulance with orders to remain in bed for a week. They even brought 'dad' in on a stretcher, but when I saw him wink, I made him get up and hoe the patch of corn he has in the back yard. If you let anyone get bedridden without reason, it kills them."

The present time is a busy one in Galusha's modest frame house at 306 South Lake avenue. Tonight he will attend a theater party at the Florence Theater, and he is scheduled to lead choir practice tomorrow at the First Methodist Church, Los Angeles, which he attends regularly Sunday, making the trip on the Pacific Electric, unaccompanied.

Every two weeks, Mr. Cole walks a mile to Benton's Barber Shop, located near Fair Oaks avenue and Colorado street, to have his hair trimmed. He walks both ways and climbs up a long flight of stairs to the shop without any assistance.

WILL CUT HUGE CAKE

At 1:45 p.m. Friday, a short formal program of speeches and music will be conducted in Memorial Park in the centenarian's honor. Judge Orbison of Los Angeles will preside. Following this program, Mr. Cole will head a parade to Tournament Park, where he has bidden "everyone" to attend his birthday party.

Two thousand of Galusha's friends are expected to be on hand to see him cut his 150-pound cake and blow out the 105 candles "one to grow on!" Today he was a guest of the Breakfast Club.

NEGRO JAZZ SINGER CLEARED OF SLAYING

Olive Hickman, Negro jazz singer, was freed of a charge of murdering her asserted sweetheart, Jack Penn, by Superior Judge Wilson yesterday, who held there was insufficient evidence to warrant prosecution. Investigators asserted the girl shot Penn with his own pistol when the youth criticised her voice during an altercation in her apartment at 836 East Twenty-fourth street, April 4, last.

NEW PLANS ANNOUNCED FOR FIESTA

Badges and Novelties of Olden Celebrations will be Revived Next Month

Badges and novelties featured during "La Fiesta de Los Flores" celebrations, held in this city twenty-five years ago, will be revived for the coming fiesta and parade celebration which is to be held in Los Angeles September 4 and 5, to mark the 149th anniversary of the founding of the city.

This new detail of the fiesta plans was disclosed yesterday by members of the committee in charge who said that exact replicas of the Mexican and Spanish type rosettes, the miniature "tamale badges" and cascaronnes, are being made by a local concern. The novelties are being copied from a collection of the original badges used in the old fiestas, furnished by a pioneer of Los Angeles.

At the headquarters at 35 Olvera street, members of the committee yesterday announced that more complete co-operation from the downtown business interests is required if the event is to be a real success. With both civic, business and lodge organizations now planning for a large fiesta to be held next year to celebrate the city's 150th anniversary, it is pointed out that a start must be made this year in observing the natal date in order that the 1931 event be accorded the full support desired.

Bids Received on Sewer Units

Bids were opened by the Board of Public Works yesterday for the construction of two sections of the north outfall sewer in the San Fernando Valley.

Section 34-C, extending from Kester avenue and Burbank Boulevard to Havenhurst avenue and Oxnard street, and Section 34-D, extending from the latter point to White Oak avenue and Van Owen street, are the two sections. While all bids were transmitted to the City Engineer for analysis and report, a hurried calculation indicated that the low bid on Section 34-C was made by R. A. Watson Company, $139,600, and on Section 34-D the same company, $156,716.

TRUST OFFICER

THE PASSING OF THE INDIVIDUAL TRUSTEE

THAT the individual trustee will eventually be no more is plainly indicated by the fact that the trust companies of the nation are today safeguarding estates and trust funds totaling in value many billions of dollars.

The thoughtful person of today does not want to risk the many uncertainties of individual trusteeship. He wants to *know definitely* that the disposition and management of his estate will be in reliable, experienced hands. That is why so many thinking people have appointed this company as Executor and Trustee of their estates. A consultation with our trust officers may prove worth while to you.

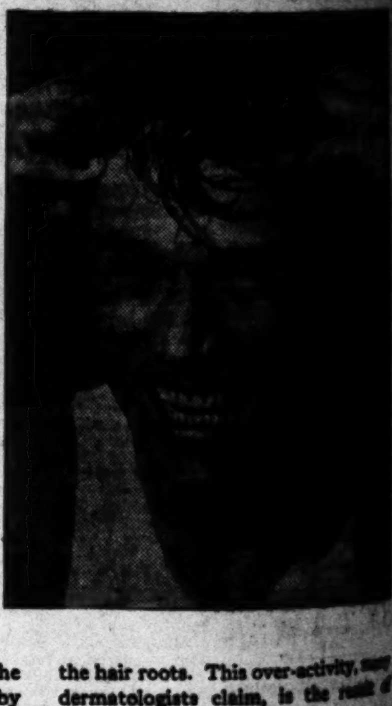
A new *pleasant* way to remove loose Dandruff



Listerine shampoo usually gets results in 3 days— and cools itching scalp

NOW thousands are hailing the wonderful results obtained by full strength Listerine used in connection with the shampoo.

Ordinary loose dandruff is often removed in three days or less—sometimes in one treatment. Inflamed conditions of the scalp which cause itching and burning are relieved almost instantly. The entire scalp is made cleaner, healthier, and more vigorous after only a few applications. We have hundreds of unsolicited letters testifying to Listerine's success against dandruff.

If you have loose dandruff—if your scalp itches, feels uncomfortable or shows any evidence of inflammation, try Listerine and see how quickly you note improvement.

Dandruff is drying sebum forced out by over-active fat glands surrounding the hair roots. This over-activity, many dermatologists claim, is the result of infection.

Listerine used full strength dissolves and removes the sebum, and if infection is present attacks it. You know it is a safe though powerful germicide.* Simply douse it on the scalp full strength and massage vigorously with the fingertips, repeating the treatment until dandruff has disappeared. A little olive oil may be used if the scalp is excessively dry. Lambert Pharmacal Company, St. Louis, Mo., U. S. A.

*Though safe to use in any body cavity, full strength Listerine kills even the Staphylococcus Aureus (pus) and Bacillus Typhosus (typhoid) germs in counts ranging to 200,000,000 in 15 seconds (fastest time accurately recorded by science).

Reservations for the dinner meeting may be made through the local Fitts headquarters, or by communicating with the general headquarters in the Garfield Building.

Besides the Los Angeles station, other stations included in the hook-up will be KGB, San Diego; KTAB, San Francisco; KQW, San Jose; KDB, Santa Barbara; KGER, Long Beach, and KREG, Santa Ana.

DIVORCE FEE ACTION WON BY LAWYER

Jury Gives Judgment of $1500 in Row Over Pay in Whitecotton Case

A jury in Superior Judge Tuttle's court yesterday awarded Attorney Leroy M. Edwards $1500 for his legal services in obtaining a divorce and property settlement for Mrs. Lelia R. Whitecotton, who sued her husband, Wallace W. Whitecotton, hotel man of Los Angeles and Berkeley.

The Whitecottons later became reconciled, but Edwards, through an assignee, sued to recover $25,000 he claimed as having been due for his services at the rate of 5 per cent of the amount obtained as settlement. Edwards asserted that Mrs. Whitecotton was given her husband's note for $500,000, secured by hotel stock, and that an interlocutory decree was entered. Later the couple became reconciled and Mrs. Whitecotton declined to pay the fee demanded.

Cost for Survey of Hill Reduced

The contract between Babcock & Sons and the city, whereby the city bears one-seventh of the cost of an economic survey to determine the feasibility of reducing Bunker Hill to the grade of the surrounding terrain, was signed by Mayor Porter after it had been returned to him yesterday by the City Council.

While there is no change in the contract, arrangements have been made whereby the city will contribute $4000 toward the survey instead of $6000, due to the reduced cost of the survey.

BOMBS BURSTING IN AIR

The Red army in Moscow has been dowered with fifty fighting planes, which were created by popular subscription. So far as the Red army is concerned the next warlike demonstrations are likely to be by air. They should at least be able to scare a lot of Chinamen.

GROWTH OF CANADA

The population of the Dominion of Canada falls just a trifle short of 10,000,000. It is divided among twelve provinces or territories. The most populous is Ontario, with 3,313,000, and the smallest is the Yukon Territory with 3700. There is still room for a couple of hundred millions.

THE HEATED TERM

The city of Fort Smith, in Arkansas, is said to have had a mercury registration of more than 100 deg. for seventeen consecutive days during the recent heated term. The town has never been particularly famous for this sort of thing before and is having trouble in explaining it now.

THE BLIND SENATOR

Oklahoma is likely to shed some Gore in the Senate. Thomas P. Gore, the blind statesman, who long represented his State in the Senate, is apt to stage a return. He has been nominated by the Democrats and has an excellent chance for election. If he does come back things will be happening. He has a habit of starting them himself. He doesn't need eyes for that.

NEGRO BANK BUSTS

In Chicago a Negro bank has been compelled to close its doors. The bank was organized twenty-two years ago by a leading colored operator in real estate. It had deposits exceeding $1,200,000 and was supposed to be in good condition until recently, when depositors began steadily withdrawing their accounts. The Negroes are in all lines of business in Chicago, but this was their biggest and best bank.

THOSE QUESTIONS

A well-known college professor frankly admits that he could not satisfactorily answer the thirty-four questions propounded to Thomas A. Edison's bright boys of America. He might not even know the value to a nation or the world of a poison gas that would assure supremacy in war. He doesn't think that even a steeple-domed scientist like Einstein would be able to tell exactly what a Ford coupe was worth that had been run 5000 miles.

GREATER TALKIE SEASON

The motion picture has shown continuous improvement from the start. Sometimes the improvement has been in mechanism, sometimes in artistry, sometimes in both. The talking picture, at its first introduction, seemed an artistic setback. But it is now seen that this was temporary, due to two causes—the newness of the addition, and the fact that its novelty produced a demand that overwhelmed the industry; the studios were so busy making sound pictures quickly that they could not give proper attention to their technique. The epithet, "squawkie," partially justified by the early experiments, is no longer so and inane subject and treatment are likewise disappearing.

Greater Talkie Season, which starts today, therefore, has a more than usually applicable title. The talking picture is attaining its growth, it is passing its awkward stage, it is becoming a full-fledged amusement medium which does not depend on novelty, but on inherent merit, for its popularity. There will be greater Greater Talkie Seasons than the one the industry is now entering, but this one is evidently to be the best so far.

It, therefore, deserves public support and encouragement, not only because film production is one of the chief local industries, but because it is genuinely worthy. It has overcome enormous handicaps in its brief life, so great that the ones still to be overcome seem trivial; and it now seems certain that it will take further hurdles in its stride and continue a constant progress. The industry may congratulate Los Angeles and Los Angeles the industry, on what has been accomplished.

THE POST OF DUTY

President Hoover has abandoned his summer vacation plans at the call of duty and will remain in Washington until the drought crisis has passed. While the drought situation does not seem as serious as at first reported, where it is bad it is pretty bad. Latest estimates indicate that crops as a whole will be only 7 per cent short of normal, which means, of course, the unaffected areas will in large measure make up the deficiencies of the affected. The problem, therefore, becomes one of distribution; it is not one of national famine or anything approaching it.

A 7-per cent shortage should not of itself raise food prices appreciably, at least in the retail markets, though, of course, where extra haulage is involved this will necessarily add either to prices or losses or be split between them. The 7 per cent, that is, does not measure all the damage. When an Ohio farmer has to buy hog feed raised in Iowa or ship his hogs to Iowa to eat it, the cost of transportation has to be paid by some one.

Today the President meets at Washington the Governors of the twelve States most seriously affected and it will be interesting to note how closely the general plan of relief adopted will conform to that of the opposite disaster, the Mississippi flood of 1927. On that occasion Hoover, then Secretary of Commerce, pointed out that the immediate problems of making the affected area self-supporting again and of long-term reconstruction could best be handled by the States involved, since each State knew its own situation best. Here the problem requiring the most immediate attention is that of supplying feed to live-stock growers and then of taking up the money losses which the drought has occasioned and will occasion. The price of wheat being lower than that of corn, it is probable a good deal of wheat will be fed to hogs and cattle. One proposal is that the Federal Farm Board utilize for feeding purposes the 70,000,000 bushels of wheat its grain-stabilization corporation purchased in support of the market. To do so it would have to take a material loss, as the wheat was purchased at higher prices than now obtain.

President Hoover, to whom organizing relief programs must be second nature by now, undoubtedly will have a plan ready for the Governors which will include a good deal of official or unofficial Federal supervision. The key to the physical problem would seem to be in obtaining the co-operation of the railroads and other carriers, and this obviously can best be done in Washington and through the Interstate Commerce Commission, though that, of course, does not solve the financial aspect. The question of how farmers whose immediate prospect of repayment of loans is not brilliant can obtain credit for their necessities is one of the most difficult to be solved.

The Federal land banks created in 1916 and the intermediate credit banks created in 1923 alone are authorized to advance Federal funds for production purposes, and these are required to have pretty good security. The Federal Farm Board can extend money for marketing purposes and is permitted to take more of a chance. But both sets of institutions must work through co-operatives and the co-operatives in the stricken sections are not well organized as yet. The joint-stock land banks may lend directly to individual farmers, but again the question of security arises.

However, the President is a great cutter of red tape and knows ways around all sorts of difficulties.

THE PRIMARIES

Another set of primary elections with another set of mixed results took place on Tuesday. If these contests gave any general meaning, it seems to be that the bulk of the voters in most States look upon prohibition as a settled question and not as a live political issue. In Ohio, for example, a wet candidate for Senator and a dry candidate for Governor were equally favored by the Democratic voters, while the Republicans renominated two bone-drys without opposition. In Nebraska, the prohibition issue did not enter. Senator Norris, administration opponent, was renominated by a closer margin than was expected and will face former Senator Hitchcock in November. Norris is dry, but his opponent claimed to be dryer.

In the Oklahoma runoff primary, picturesqueness and oratory won out in the nominations of former Senator Gore for Senator and W. H. ("Alfalfa Bill") Murray for Governor, on the Democratic ticket. Neither had anything to recommend him but the gift of gab and a certain amount of color.

In Alabama, John H. Bankhead, brother of Congressman Bankhead and son of former Senator Bankhead, won the Democratic nomination for Senator to replace Senator Heflin and will fight it out with Heflin in November. Heflin was ruled out of the Democratic race for bolting Al Smith in 1928 and will run under the party title of "Jeffersonian Democrat." In Arkansas Senator Robinson won his renomination handily; he ran as a dry.

It is apparent that these various results do not show any change in prohibition sentiment, nor any trace of the "revolt" against the Eighteenth Amendment which wets and political opportunists have been talking about.

HIS FIRST BOOK

The first book that George Bernard Shaw ever wrote will be published in a fancy edition of his works now being prepared. It is called "Immaturity" and was written fifty-one years ago, when Shaw was still immature. He now says that it was sent at that time to no less than sixty different publishers in England and America and rejected by every one of them. It is a volume of more than 400 pages and is still thought to be pretty good. His admirers will soon be able to decide for themselves. He wouldn't have to send a book to threescore publishers in order to get a hearing in these days.

ENFORCING THE LAW

Amos Woodcock says he must have at least 500 more dry agents to enforce prohibition properly. At that he is very modest. There is a widespread belief that it would take at least 10,000 to make a thorough job of it.

The LEE SIDE o' L.A.

BY Lee Shippey

CLINGING like an eyrie near the crest of a hill at 1767 Morton avenue is a house the neighbors call the House of a Million Rocks. It is a very simple cottage in a yard which would be fine for goats. Though the house is only about twenty feet wide the east side of it is a full story higher on the west side. There are fully half a dozen different levels between the front yard and the back yard—rock-walled terraces in which grow flowers and vegetables and trees. You can't walk from one part of that yard to another part without doing some mountain climbing, through paths often steeper than mountain trails—and all those paths bordered with rock walls.

It is a place in which many people would not want to live. They would consider it entirely too breath-taking. But it is a monument to love and faith and perseverance. And most of those rock walls were built by the capable hands—after being carried up there by the same hands—of a woman nearing her eightieth birthday anniversary.

A Little Good Work Daily

Twenty years ago Mrs. E. A. Tedball—"Mother" Tedball—bought that perpendicular lot, for her daughter's sake. Her daughter Edith was a bedridden invalid, a victim of spinal meningitis. The little cottage on the lot was not one most people wanted, but it suited them because it was perched so high that Edith could look out over most of the city and find much to interest her. Then other people began to discover the advantages of hillside homes and Mother Tedball began to fear that they would be "built in" and her daughter's view obstructed by other houses. So she took a lodger to help pay expenses and bought a lot with 100 feet of street frontage. And then she began carrying up stones, by hand, and making her garden. The ground sloped so sharply that nothing would grow on it. So she built a stone wall, leveled the ground off for a few feet back of it, planted the level place, built another stone wall, another terrace—and planted fig trees and hybiscus. No cement is used in the walls, yet they stand up staunchly.

"I've just kept at it for twenty years," says Mrs. Tedball. "It's surprising how much you can accomplish if you do even a little bit of good work every day."

The most pleasing part of Mrs. Tedball's story is that now she does not need any lodger to help pay expenses. The growth of the city made the land she had bought by means of struggle and sacrifice much more valuable, and she built four other houses on it—but all below the one she occupies, so that her view is unobstructed. They have tiny yards, too, so that most of the property still is hers to use and enjoy. Then pure air and sunshine and the interests which occupied her mind—interest in the growth and change and human activity she could see from her bedroom window and in the hundreds of growing plants in her mother's garden—worked a miracle of health in Edith. Now she drives the family car and they go clear up to San Francisco and Santa Barbara in search of stones! They never go for a drive that they don't bring back a few stones for their garden walls; and when they returned, last week, from a vacation trip which took them several hundred miles, they had the car burdened to its limit with stones which "Mother" Tedball now is building into still more stone walls.

Stone Hunters

Now, we'd hardly give so much space to "Mother" Tedball's efforts if they weren't so typical of Southern California. There are thousands of people living in and near Los Angeles who have the stone-gathering habit. Dr. E. M. Hiner, the famous bandmaster, tells us that he and Mrs. Hiner collected all the stones for their very artistic home opposite Sycamore Grove, a rubble-stone house, at which thousands of passers daily glance with admiration. And the prospectors of the fifties did not search through dry river beds any more thoroughly than do our week-end stone fanciers. If all the stone walls, path borders and houses in Southern California built of hand-picked stones were laid end to end they would stretch . . . the imagination of a press agent!

Joshua Little Says

I guess Long Beach must be our most midwestern town, after all. It gets a great thrill out of pointing to a cluster of lights which looms up a few miles out every night and boasting: "That's the gambling ship."

I can feel sorry for H. H. Van Loan. The poor fellow says he has only ten unsold manuscripts on hand, and I have 100.

Boundless Affection

Lee: Don't like to criticise headline writers. But one of 'em doesn't seem to have a clear understanding of the word "binding." He writes: "Court Cuts Tie Binding Screen Pair."

A QUALIFIED CANDIDATE

Few candidates whose names appear on the primary election ballot this year are better qualified for the positions they seek than is State Senator Frank Merriam for the office of Lieutenant-Governor. His candidacy for the Republican nomination for that important office is the result of State-wide support from representative organizations and individuals acquainted with his public career.

Senator Merriam, who also is chairman of the Republican State Central Committee and who served both as a member of and as Speaker of the State Assembly, has a thorough knowledge of California's needs and problems.

One of the State's veteran legislative leaders, he has participated in much of the constructive work of both branches of the Legislature for more than a decade.

Senator Merriam was elected Speaker of the Assembly in 1925 and re-elected to the important position two years later. His fairness, unfailing poise and wisdom as presiding officer of the lower legislative house not only won him many personal friendships, but materially contributed to the expeditious and efficient conduct of Assembly business.

Since taking his place as a member of the California Senate he has extended the effectiveness of his public service. As one of the leaders of the Republican party he has been identified in official capacities with the management of various State and national Republican campaigns, notably those of former President Coolidge and of President Hoover.

Aside from the contribution Senator Merriam has made to the official life of the State, his active and energetic attention to civic, humanitarian and fraternal affairs has placed him in the front rank of California's useful citizens.

As an aspirant for the Lieutenant-Governorship, the presiding officer of the State Senate, and as one who might be called upon to fulfill the obligations and responsibilities of the Governorship, Senator Merriam deserves the full confidence and the active support of the people of California. The Times unhesitatingly recommends his candidacy.

JACKSON AND O'BRINE

Dale Jackson and Forrest O'Brine of St. Louis have regained their laurels as endurance flyers by bettering the mark of 554 continuous hours in the air set recently by the Hunter brothers at Chicago. Jackson and O'Brine say they will set a new mark at 1000 hours, and possibly they will, though a more entertaining way of spending six weeks can be imagined.

Meanwhile, Loren W. Mendell and R. B. Reinhart of Los Angeles, who once held the endurance record, have announced plans to return it to the West Coast no matter what mark Jackson and O'Brine may reach, and this also is possible, since flying conditions here are better than anywhere else.

The test, it has often been said, is one of men rather than machinery, and it really hardly needs proof that the human race is tough. However, if flyers are willing to stand the gaff, it is no one else's affair, strictly speaking. Endurance flyers are more useful than tree-sitters, since they help advertise aviation and the tree-sitters no longer even advertise themselves.

THE BIGGEST BANK

The biggest banks are still merging. In New York the Chase National Bank, which has resources exceeding $2,650,000,000, is taking control of the Harris-Forbes bond and securities interests. This makes it the biggest financial organization in the world—sending it a few laps ahead of London's best financial bet.

THE SUBSTITUTES

By James J. Montague

The thrushes have departed;
  Their youth has had its fling.
The robins, weary hearted,
  Find no more time to sing.
The bluebirds briskly flutter
  Beneath the August sky,
But not a note they utter
  To cheer the passer-by.

But voices still are sounding
  Throughout the summer day,
And music is abounding
  Hard by and far away,
For in the fields and thickets
  And down the country lanes
The locusts and the crickets
  Are piping their refrains.

They never seem to weary
  Or grow morose nor glum,
Their ditties, bright and cheery,
  Will sound till frost has come,
From wood to pasture winging,
  From garden, dell and glade
By day and night they're singing
  Their merry serenade.

Perhaps they are not gifted,
  But still it's good to hear
Their chirping lays uplifted
  In music far and near.
Far better minor trilling,
  But still, till comes the fall,
Far better minor thrilling
  Than not a song at all.

THE CHILD AND THE TALKIES

BY ALMA WHITAKER

One interesting phase of the advent of talking pictures is that they have almost completely alienated the child audience. Where once all our lambkins used to plague us to go to the show they are now blissfully indifferent. They are just plain bored with this new sophistication which floods the screen, which is usually, thank goodness, way over their heads.

In my neighborhood the children could not crowd to the show quickly enough on Saturday afternoon matinees. Now they play on homemade miniature golf courses in the back yard. They don't like the everlasting singing and dancing, they don't care a whoop for a leg show and the screen dramas on matrimonial confusion leave them boggled. Even the comedies, with their slightly improper wise cracks, fail to amuse.

Perhaps this is all to the good. A steady diet of movie entertainment was never good for youngsters. The women's clubs have tackled the problem for years, putting out brief reviews of pictures that mothers might know which were suitable for youthful minds. These lists have an increasing number of "unsuitable" marks beside them. When they are not actually dubious from a moral point of view, their subjects are too grown-up, a great deal too sophisticated. Which, of course, is funny in light of the fact that the screen has been accused of catering exclusively to a 12-year-old intellect. All of a sudden, they have jumped far in the opposite direction, so that the best pictures today are simply incomprehensible to anyone under 15. They run so largely to problems, too, and children never did like problems. They don't understand the frightful torment of a neglected wife who decides to have an affair on the side to get even with a wandering spouse, or of the girl with a past who craves for virtue. Such themes are just boresome and stupid. They never get the subtleties of a Chevalier or a Garbo or a Shearer. War plays, of which we have had so many excellent ones, are far too tragic for youngsters . . . in fact, there hasn't been one suitable picture for children for ages . . . since even Harold Lloyd sallied forth in opium dens and the like.

This child audience was an important item in the studio profits. It was so very often that little Johnnie or Maudie made the family go to the show. Then, too, those arrested-development adults, who once formed such an important audience, feel much about pictures as the children do now . . . the sophistication is beyond them, too.

All the same, there is a tremendous opportunity for some enterprising producer to concentrate on children's pictures. One studio is tentatively trying it out . . . making "Tom Sawyer," "Huckleberry Finn," "Skippy," etc. But they are doubtful about the profit of the enterprise . . . feel that it is distinctly a magnificent gesture that probably won't pay. All the same if all the mothers that I know are a criterion, we are waiting ardently for just such pictures. Right now we are longing for Chaplin's new picture . . . while secretly dreading that Charlie, too, may have gone sophisticate. We are promising ourselves to see it alone first, leaving the children at home, just in case . . .

The theater is an important part of one's education. Good plays improve the mind as well as provide entertainment. They open up vistas of life for us that we might not otherwise know. And the right kind of story would be equally good for children . . . where the wrong kind is essentially harmful. Some precious instinct is keeping the youngsters away from the talkies. The few children that are still yanked to the picture show with pa and ma, are becoming sadly blase. It's rather painful to see a little child mind polluted with sophistication.

Think of all the gorgeous stories there are in the world for children! The field is limitless. This is the time par excellence to produce them on the screen and win back the child audience, to the advantage of all concerned. No use saying modern children don't like fairy tales and the stuff children used to love . . . I can fill my living-room any night I am prepared to tell fairy tales . . . and hold an enthralled audience, until mammas from everywhere ring up to please send the children home to bed. But they don't have to be fairy tales.

If Mrs. Alice Winters, whose job is to interest the women and win their support for pictures, will delve into this aspect of the screen, she will learn much that could prove valuable to producers. All those representatives of women's organizations that meet at her Hollywood office may well study the children's side of talking pictures with profit.

Neighborhood theaters in particular should devote Friday night and Saturday matinees exclusively to children's pictures. There should also be one theater in every city devoted entirely to children. In the few cases where this was tried in the days of the silent they were not successful—for the very simple reason that the people who made the children's pictures knew nothing about children. They were just blah in most cases . . . a la Maeterlinck's "Bluebird," heavily weighted with allegory. Precious few good pictures for children have ever been made . . . "The Thief of Bagdad," "Peter Pan" and a few others standing out as brilliant exceptions, and every exception a dazzlingly profitable success.

Why Rise in Court?

LOS ANGELES, Aug. 10.—[To the Editor of The Times:] Judging from remarks of Judge Curtis, he would feel his court lost dignity should the rank and file in his courtroom remain seated when he enters from his chambers to transact the day's business, as the servant of the people. To a man of many years in business and much knowledge of judges all this attempted show is too boyish, and it seems strange that a man of Judge Curtis's ability would advocate this cheap show which is positively sickening. Often when I leave a courtroom after witnessing this play between judge and attorneys I feel a contempt for men that will permit themselves to act the part of such cheap, undignified, un-American manhood.

The sooner our courts are conducted along dignified business lines the better it will be for courts and people. J. Q. H.

Doesn't Like Heflin

LOS ANGELES, Aug. 9.—[To the Editor of The Times:] Senator Heflin of Alabama is soliciting contributions to his campaign fund for re-election to the United States Senate this fall. The writer received one of his circular letters and replied as follows:

"Senator Heflin, Washington, D. C. Dear Sir: My contribution to your campaign is this: I consider you the most dangerous element in this government today. You are a menace to the peace and prosperity of the nation, and I hope that you will be so eternally licked that you will sink into oblivion. If not, the people of your State are gluttons for punishment. The dissemination of class hatred is the death of a nation."

Eight Big Pops

LOS ANGELES, Aug. 9.—[To the Editor of The Times:] Where was our policeman the other night when racketeers put their man on the spot at Twelfth and Santee? Eight big pops were calling for him—sounded like Waddie Wimpleton starting a novel—"Pop, pop, pop, pop, pop, pop, pop, pop—eight pops!" And the storm drain opened its wonderous cement jaws to receive the gore.

The only witnesses were two people who couldn't get away. There was a dark streak seen going the other way. It took the Alibi Special at Twelfth and Main. In the days of Auld Lang Syne Twelfth and Santee used to be the dark corner hard by the cathedral. Questions have been popped there in cooing accents. Now look at it—prohibition!

Racketeers and the law do not flourish together. You take any nation-wide business, I don't care what, shut down on it, take it away from its owners, and it will go the bootlegging route and finally in some shape wind up like the racketeering at peaceful Twelfth and Santee.

Poor Old John Public

LOS ANGELES, Aug. 12.—[To the Editor of The Times:] Just a mere prophetic statement: As soon as the price of wheat gets a fraction above what it was earlier in the year the price of baked loaves of bread in Los Angeles will ascend.

Recently flour has been selling at a price lower than has been known for some years. The price of bread strangely maintains an even keel.

But wait until wheat goes up again and see what happens.

It is unfortunate that the laws of economics seem so strangely one-sided.

Beef is now selling wholesale in Los Angeles for about $35 a carcass less than earlier in the year.

This is quite an item; yet I recently paid exactly to the cent per pound the same for a steak that I did nine months ago when the market was higher. Wonder how many butchers have discovered that lower prices are being charged. Those that have are doing a big business. Others seem to be still explaining that there has been no decline in fresh meat prices. Poor old John Public!

Also, while our milk supply is not affected by drought conditions and we cannot possibly ship milk East—except what is already canned in overstuffed warehouses, we would suggest that a careful watch be kept by the public for well-placed and worded statements regarding milk shortages.

ED S. LABART.

PALM TREES AT SUNSET

With fluttering leaves against a
  ruddy sky,
The palm trees seem to dominate the hill
With their exotic loveliness and
  fill
The air about them with a
  plaintive sigh;
Now, mingling with a distant
  lone bird's cry,
Elusive, faint, soon ominously
  still;
Just for a breath—a moment's
  length, until
The winds of night, unleashed,
  go racing by.

Something mysterious has
  touched them now—
An eerie light, that merges with
  the shade,
Up-stealing from the hollows
  and the deeps
Of sleeping valleys. Yet one
  must allow
For the illusion that the leaves
  have made,
Wherein a forest for a lost isle
  weeps.

TWINS START PUTTING TOUR

Golf Ball will Roll to Sea and Back

Helen and Eleanor Hogan

THE Hogan twins, Helen and Eleanor, of 4847 Beverly Boulevard, started putting a golf ball yesterday from First and Main streets to Hollywood, Beverly Hills, Santa Monica and back to Los Angeles by way of Venice, Culver City and West Los Angeles.

The purpose is to call public attention to the fact that Caliente golf course is opening at Vermont avenue and Fourth street September 1, on which date the Hogan twins expect to arrive there, ending their long-distance putting tour.

Monnette Joint Tenancy Terms Ruling Upheld

The decision of Superior Judge McComb upholding the terms of a joint tenancy fund, containing $94,000 in Liberty bonds, claimed by Mervin J. Monnette and held by the Title Insurance and Trust Company as executor of his wife's will, has been affirmed by the Appellate Court, it was announced yesterday.

The trust company claimed the bonds as part of Mrs. Monnette's estate. Monnette testified that in 1915 he and his wife established a joint tenancy fund of $200,000, of which the bonds were a part. The trust company produced a statement signed by Monnette in 1921, which apparently assigned the bonds to Mrs. Monnette as her separate property. Judge McComb refused to admit certain evidence regarding this transaction.

Slaying Case Delay Granted

Preliminary hearing for Jacques Samaniego, 19 years of age, and Wilbur Mossberg, 23, on murder charges was delayed yesterday by Municipal Judge Ballard until the 25th inst. at the request of Samaniego, who said his attorney is out of the city.

The two youths are charged with shooting Ralph O. Trump, salesman, in an attempted hold-up October 24, 1928. Miss Margaret Uhlman, Trump's companion at the time, identified them after their arrest, according to Dep. Dist.-Atty. Coleman, who also said both admitted the shooting.

Purse-Snatching Suspect Seized

An empty purse which he is accused of having snatched caused John Gomez, 40 years of age, no definite address, to be locked up in City Jail last night. He had two other purses in his possession which were not empty, and which police charge he also snatched.

He was arrested yesterday in the Pacific Electric station at Sixth and Main streets by Detective Lieutenant Edwards, who charges he saw him snatch the empty purse from Mrs. Elizabeth Chase of the Milton Spring Ranch, La Verne, who was waiting for a train.

Eleanor B. Vidor Gets Oil Permit

Eleanor Boardman Vidor, motion-picture actress and wife of the director, is one of eight groups of property owners in Venice who were voted ordinances by the City Council yesterday permitting them to drill for oil.

The other ordinances are for P. J. Kolb and others, W. H. and I. M. Brasee, two ordinances; Edgar K. Brown and others, George D. Howland and others, C. C. Kimball and others, and C. M. Andrews.

MAN BADLY BURNED AS FLUID EXPLODES

While cleaning clothing with a fluid labeled "noninflammable," Edward Sherry, 40 years of age, of 4202 Bryson avenue, received probable fatal burns last night when the can exploded. Members of his family threw blankets around him and extinguished his blazing clothing, but not until he had received major burns on all parts of his body. He was taken to the Georgia-street Receiving Hospital for emergency treatment and then to St. Vincent's Hospital, where physicians say he may die.

Cafe Man Says Fritschi Fracas "News to Me"

Ulrich A. Fritschi, who hoped to star as a halfback for the University of California this fall, wants $50,670 from the Paris Inn to compensate him for not being able to fight for his alma mater on the gridiron this year.

In a suit filed yesterday against Innocene Pedroli and Bert Rovere, proprietors of the cafe; Dames Pieros, a waiter, and four other waiters, the football player charges he was attacked July 12, last, by the waiters, who wielded blackjacks and brass knuckles to the extent that his jaw was broken and several teeth knocked out.

Pedroli said last night he "never had a fight with anybody and couldn't fight if I wanted to." He declared he could not recall any fracas such as Fritschi described in his complaint.

Third Fugitive from Riverside Camp Captured

Liberty for Joseph M. Beard, 29 years of age, one of four men who last Saturday made a spectacular escape from the Riverside county road camp in the San Jacinto Mountains, was short-lived.

Yesterday Beard was confined in the County Jail after having been captured by Deputies Barner and Hurst of the local Sheriff's office, who traced the fugitive to an auto camp in Graham where, after forcing entrance, they reported finding him concealed beneath a chair covered by clothing.

Howard Reeder, 20, with whom Beard made his escape to Los Angeles, is still being sought. Two other men were captured a short while later.

Alimony Claims of Mrs. Helbush Denied by Court

Mrs. Gwyneth Helbush must be content with property settlements made in 1924 by her former husband, Herman H. Helbush, wealthy Los Angeles and San Francisco real-estate operator, so the State Supreme Court decided yesterday when it refused her a rehearing of her case in which she asked alimony of some $6000 a month.

The couple were divorced in 1924 and at that time an interlocutory decree was entered at San Francisco. Later the couple lived together for five years and again separated. She filed an action for separate maintenance in Los Angeles asserting that the income from her husband's estate of more than $1,000,000 is above $12,000 a month. It was ruled that the interlocutory decree must stand and the State Supreme Court confirmed the decision.

National Radio Show will Open on September 1

Los Angeles' eighth annual national radio show will open in Ambassador Auditorium on September 1 for a six-day run, with many innovations promised.

Instead of the new radio sets being brought out in June, almost all manufacturers are reported to have waited for fall to display new lines. Consequently the Los Angeles show will introduce two score new models as well as thousands of dollars' worth of other recently designed equipment.

The show is to be conducted by Radio Trades Association of Southern California.

LITTLE GIRL MAKES LONG HOP IN PLANE

Marjorie June McClintock, 8 years of age, is back with her parents, Mr. and Mrs. F. T. McClintock of 231 Witmer street after a 2000-mile rail-and-plane journey on which she was unaccompanied. She has been attending school in Chicago. She took a train to Kansas City and from there flew with Western Air Express, making the entire journey in twenty-four hours.

HUGHES AND SCHENCK IN FILM DEAL

Negotiations on Foot for United Artists Release of All Caddo Pictures

Howard Hughes, young millionaire motion-picture producer, is carrying on negotiations with Joseph M. Schenck, president of United Artists, to arrange a permanent releasing agreement for pictures produced by the Caddo Company, of which he is president.

Details of the deal were revealed following the denial of reports that Hughes had purchased a controlling interest in the United Artists Studio property. At the same time it was disclosed that Joseph March, writer, has been appointed general production manager at Caddo to succeed Joseph Engel.

Hughes now is in New York.

It was believed certain in Hollywood yesterday the deal will go through. Whether Hughes will move his quarters from the Metropolitan studios to the United Artists lot is not definite.

Council Adopts Patented Paving License Report

Four reports of the Public Works Committee recommending that the city enter into license agreement with four patented-paving companies concerning the use of their products were adopted yesterday by the City Council and sent to Mayor Porter, who had been holding up for five weeks a similar license agreement with the Warrenite people.

The four agreements cover Amiesite of California, Ltd., American Bitumuls Company, Compressed Concrete Company and California Willite Company. The Amiesite agreement expires August 1, 1931, while the others extend to June 27, 1934.

Unique Juggling Fete Promised

Bob Ripa, boy juggler, promises to balance on his forehead a ball dropped from the tower of the City Hall tomorrow at 12:15 p.m. He executed a similar feat at the Palace Theater Building in New York, but that structure is only ten stories high, while the City Hall here stretches twenty-eight stories toward the clouds.

According to Ripa, who is in Los Angeles to appear in a vaudeville act at the R.-K.-O. Theater, his father will drop the ball and it will be caught on his forehead, permitted to rebound from his head to the pavement and balanced on a stick held in his mouth as it bounds back into the air.

Shoe Official Here on Visit

Optimistic over business conditions, Maurice Miller, treasurer of I. Miller and Sons Shoe Company of New York, yesterday indicated that the company may expand its facilities in Southern California.

"If circumstances demand additional facilities, we undoubtedly will provide them," said Miller when seen at the Biltmore.

Miller came to Los Angeles yesterday on a combined business and pleasure trip. He declared he believed the country had gone through the worst of the business depression and that favorable conditions are near, although, he commented, he did not look for an immediate boom.

Two Angelenos on Rifle Team

Frank Capers, 141 South Windsor Boulevard, and Frank C. Payne, 433 North Kenmore avenue, have been selected from a list of 3000 eligibles as members of the Ninth Corps Area citizens military training camp rifle team to participate in the national shooting matches at Camp Perry, O.

The announcement by Maj.-Gen. Hines's headquarters yesterday added the team will use the regulation 30-30 rifle of the Army, firing in competition with citizens' military training camp rifle teams from the other eight corps areas in the United States. The team to which the two Los Angeles men were selected has thirteen members.

Carlin G. Smith Avoids Payment

Carlin G. Smith, formerly an aspirant for the Mayoralty, yesterday won his fight against paying claims of four men who asserted they were hired to work for him in the primary campaign of 1929. Superior Judge Dehy decided for Smith and against the claimants, James Alexander, who asked $800; Charles H. Alston, $245; Thomas A. Esken, $210, and W. T. Simpson, $150.

OFFICER WANTS NUPTIAL NEWS

Deputy Sheriff Tires of Hunt For Missing Man Who Left To Get Bride

One thing Deputy Sheriff Davidson of the missing-persons detail would like to know is whether Edward W. Dalton, 23 years of age, who disappeared from his home in San Gabriel on the 5th inst., has found his future wife for whom he is supposed to be looking.

As soon as Davidson learns this he will be relieved of patrolling the board walk in Long Beach, where, according to the officer, Dalton stated he was informed by spirits he would meet his bride. Davidson reported no success in his search yesterday. Dalton was reported missing by a friend, W. J. Walmsley, 318 East Broadway, San Gabriel.

Red Case Jury Fails to Agree; Retrial Planned

Failing to reach an agreement after twenty-four hours' deliberation, the jury which tried Frank Spector and Mrs. Bertha Turch on charges of battery growing out of an attempt to hold a radical meeting March 23, last, was discharged late yesterday by Municipal Judge Stutsman.

The jury found Joe Turchinsky and Sol Ehrenberg not guilty of blocking the sidewalk in front of the hall at Twenty-fifth and Main streets, where the meeting was scheduled.

Date for retrial of the battery case will be set this morning by Municipal Judge Curtis.

One Tia Juana Marriage May Not be Voided

One Tia Juana marriage will not be annulled, Superior Judge Yankwich announced yesterday, unless he can be satisfied that the laws of Lower California forbid a girl under 18 years of age to marry without her parents' consent. The judge so notified Attorney Gordon N. Dale in refusing to grant annulment of the marriage of Evelyn N. Ion and Edwin F. Ion.

Mrs. Ion asserted that she was 17 when she married at Tia Juana on June 15, 1929. The pair separated July 1, 1929.

On promise of Mrs. Ion's lawyer to produce proof that the Mexican marriage law requires the consent of parents in the case of minors the judge took the case under submission.

Mrs. M. J. Miller, Pioneer, Buried

Funeral services were conducted yesterday for Mrs. Margaret Jane Miller, 86 years of age, resident of Los Angeles for forty-four years, who died Monday in her home in Hollywood. Burial was in Forest Lawn Memorial Park.

Mrs. Miller, daughter of Rev. Samuel Morrow, came to California on one of the first trains across the continent. Her destination was San Francisco, whence she went by boat to San Diego. In 1886 she and her husband came to Los Angeles. They celebrated their sixty-second wedding anniversary on April 2, last. She leaves her husband, Adam G.; a daughter, Lizzie E. Wetherby; a son, Harry C. Miller; a grand-daughter, Margaret Henshey, and a great-granddaughter, Margaret Jane Henshey.

POSING AS UNMARRIED MAN LAID TO HUSBAND

"Don't bring your wife," was part of some objectionable matter in a letter written by a Chicago woman to Harold E. Benfield, which was made part of the divorce complaint filed by Mrs. Benfield. According to the wife's complaint, Benfield masqueraded as a single man and spent his money on other women while she was at home with her baby without enough money to pay the grocery bills.

INTOXICATED BRIDE, SOBERED, REPENTS

Mace Warner's strenuous efforts to gain a wife, the ceremony being performed after Warner had given the girl liquor to drink, went for naught, according to Mrs. June Warner's testimony at her divorce trial in Superior Judge Sproul's court yesterday. After Warner had gone to so much trouble to marry the girl she sobered up and left him, she testified, and immediately sued for a divorce. Judge Sproul granted it.

ALIBI CHAMPION FOUND IN CASE ON TRIAL HERE

Superior Judge Wilson's court is a place where scores of criminals are tried on felony charges each month. Consequently it is a place where scores of alibis are heard as the respective defendants seek to refute charges against them.

But yesterday, according to Truman Funderburgh, court clerk, a defendant established what might be termed a record for a succession of alibis. The man in question is Leo Hjelm of Norse ancestry. He was charged with driving while intoxicated.

Clifford Crail, deputy District Attorney prosecuting the case, introduced testimony to show that Hjelm was unsteady on his feet when examined by doctors after the accident; that he bit the arresting officer three times; that his breath had an alcoholic odor and that his eyes were dilated at the time of arrest.

Hjelm testified he is unsteady on his feet because two toes on one foot have been amputated. He said he could not have bitten the arresting officer because he has false teeth and they were at home at the time. A doctor testified Hjelm's eyes are dilated constantly because of a physical ailment and Hjelm closed his case by stating he had no alcoholic breath, because he is afflicted with halitosis.

The jury found Hjelm guilty of driving while intoxicated, but recommended that he be fined instead of confined in State's prison. Sentence will be pronounced by Judge Wilson the 18th inst.

Of Interest to Women

Society

by JUANA NEAL LEVY

The distinguished Estudillo and Arguello families, prominently identified with early California life, particularly Southern California history, and which have been famous always for the beauty of their women, will be united today when Miss Martita Brennan, charming young daughter of Mr. and Mrs. John Jerome Brennan of San Diego, becomes the bride of Alfredo Bandini Johnson, son of the late Charles Johnson and Mrs. Alonzo Farias of Fresno, the ceremony and nuptial mass taking place at 10 o'clock in St. Patrick's Church in the southern city, with Mgr. John J. Clifford of Los Angeles officiating, assisted by Fathers Daley and O'Mara of San Diego.

Miss Brennan and Mr. Johnson both are descendants of that picturesque figure, Don Juan Bandini, founder of the Bandini family in the United States, who came to California from Peru in 1800. The Italian gentleman, a descendant of the princely Bandini family in Italy, owned at one time through his first marriage to Dolores Estudillo and through his second marriage to Refugio Arguello, grants that extended from Santa Barbara to Guadalupe in Lower California.

Miss Brennan is the great-great-grand-daughter of Don Juan Bandini by his first marriage while Mr. Johnson is the great-grandson by his second marriage.

The charming young bride will wear her mother's white lace wedding gown and the Brussels pointe lace veil which belonged to her great grand-aunt, Mrs. Arcadia De Baker of Los Angeles. The lace, which is 250 years old, was worn by Mrs. De Baker over a cherry velvet gown at the Russian Embassy ball in 1850 in San Francisco.

The wedding gown was worn by Mrs. Brennan (Arcadia Bandini Scott) at her own wedding October 26, 1912, when she became the bride of John Jerome Brennan in St. Joseph's Church, San Diego.

The veil will have a cap of Brussels pointe lace of the same exquisite design that is on the train of the veil. The bride, will carry white orchids, gardenias and lilies of the valley.

Mrs. Charles R. Johnson of Santa Monica will assist as matron of honor, other attendants including Mrs. Albert C. Johnson and Mrs. Arthur C. Johnson, also of Santa Monica, and Miss Betty Jeanne Kuder of Hollywood, who was a classmate of Miss Brennan at Marlborough School.

The matron of honor will wear pale blue chiffon, with large hat to match while the other attendants will wear pastel shades of taffeta designed by Miss Brennan, who is a talented artist. The bodices all are tight fitting, with puff sleeves, and long full skirts with overflounces. The attendants will carry armfuls of harmonizing flowers.

Charles R. Johnson will serve his brother as best man while Arthur Johnson, Albert Johnson and Harold Meyers will usher.

The music will be given by the Vashti Rogers Griffin Trio, and Miss Teresa Reutinger will sing the "Ave Maria," "The Rosary," "O, Promise Me" and "Liebestraum."

A wedding breakfast at the San Diego Athletic Club will follow the ceremony, the wedding party, relatives and a few close friends being bidden, after which Mr. Johnson and his bride will leave by motor for Del Monte. September 8, they have reserved passage to New York by way of the Panama Canal, stopping for visits at points in Central America. They will return to the west coast by rail through Canada and will pass the Christmas holidays in San Diego.

Later they are planning to go on to Washington, D. C., where Mr. Johnson will enter Georgetown University and his wife will continue her art studies.

Among the out-of-town guests motoring down for the wedding are Dr. and Mrs. Carl Kurtz (Ysadore Scott,) aunt and uncle of the bride; Mrs. George Fuller, grand-aunt of the bride; Mrs. Chalmers Scott, grandmother of the bride; Mrs. Martha Scott-Skelton, aunt of the bride and Mr. and Mrs. Paul E. Scott, all of Los Angeles; Mrs. Alonzo Farias of Fresno, mother of the bridegroom; Mr. and Mrs. Harold Meyers of Santa Monica, Mr. and Mrs. Ben Carrillo, Mr. and Mrs. Eugene Kuder of Hollywood, Mr. and Mrs. Charles Johnson, Mr. and Mrs. Albert Johnson and Mr. and Mrs. Arthur Johnson of Santa Monica.

Miss Brennan attended the Academy of Our Lady of Peace and the Francis Parker School in San Diego and for a year was a student at Marlborough School, while Mr. Johnson matriculated at the San Diego Army and Navy Academy.

Gone North

Miss Celeste Cottem, attractive daughter of Mr. and Mrs. Arthur Cottem of 1912 North St. Andrews Place, Hollywood left Tuesday for the north, planning a month's visit in the Yosemite, Washington, Oregon and Canada.

Betrothal Announced

Mr. and Mrs. William Adam Farish of Santa Monica announce the engagement of their daughter, Miss Jane Elizabeth Farish, to Paul Crothers Culbert, son of Mrs. Anna C. Culbert of Berkeley. The announcement was made at a charmingly appointed luncheon given last Saturday at the Brentwood Country Club by Mrs. Farish in honor of her daughter.

Miss Farish was graduated from University of California at Los Angeles and is a member of Kappa Kappa Gamma Sorority while Mr. Culbert claims University of California at Berkeley as his alma mater.

The wedding will be an event of the latter part of September and after a honeymoon in the north, Mr. Culbert and his bride will make their home in Berkeley.

Gay 'Nineties Ball

A Gay 'Nineties Ball will be given Saturday evening at Hotel del Coronado, when the great circular ballroom will be transformed into a pageant befitting the days of the Mauve Decade, when bustle gowns with wasp waists, sweeping trains and picture hats were in vogue.

The stage will be converted into an old-time barroom, with the brass rail and various bottles, steins, glasses and what not, together with posters of the day setting forth the merits of certain brands of liquid refreshments dispensed therein.

Old-fashioned coal oil lamps hung in archlike effect around the room further will accentuate the Gay 'Nineties atmosphere and a torch light parade with political banners, typical of the times, will be a feature of the ball.

Already many of the younger set have obtained costumes for the affair and keen interest is being displayed in the event. A wide latitude in the way of costumes will be allowed, taking in the period from 1880 to 1910, and Chinese, Japanese, Indian, peasant and other costumes worn during that interim, will furnish a varied range of costumes, and add a touch of color to the spectacle.

Approaching Wedding

Announcement is being made of the marriage tomorrow in Stanford Memorial Chapel, Stanford University, at 5 o'clock, of Miss Patricia Etheridge Rhodes, daughter of Mrs. Butler Young Rhodes of Vallejo, to John Kenneth Stewart, son of Mr. and Mrs. Hugh Stewart of 928 Harcourt avenue, Los Angeles.

Miss Rhodes was graduated from Stanford with the June class this year and was a member of Kappa Alpha Theta Sorority. She also is affiliated with Phi Beta Kappa Sorority and was graduated with great distinction.

Mr. Stewart was graduated with the winter term of 1929 from Stanford and is a member of Beta Theta Pi Fraternity. He was business manager of his fraternity the last year and also played on the basketball team.

After September 1, Mr. Stewart and his bride will return to make their home at 890 Bush street, San Francisco.

Take it not merely to relieve pain temporarily. Take it to overcome the conditions which cause pain. 98 out of 100 women report benefit after taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Mary H. Weisenbacher
960 E. Eldorado St.
Decatur, Illinois

"Two years ago I lost my baby at eight months. I suffered a great deal from pain and weakness. I wish I had taken Lydia E. Pinkham's Vegetable Compound before I did. One of the waitresses where I used to work told me about it. I took it to build me up and it helped me in every way. I am now on night work and could not keep up without the Vegetable Compound."

Mrs. Golda White
Blue Springs, Missouri

"I used to suffer everything with cramps. Once I was in bed three weeks. I took treatments but felt no better and people told me how bad I looked. My daughter had to do the work. One day on my way for a treatment I decided to buy a bottle of Lydia E. Pinkham's Vegetable Compound instead. I had read the advertisements. The first dose I could feel touch my toes. Two bottles helped me wonderfully. I don't have cramps any more or periodical headaches. At that time I go right on with my work and I never could before. I have four children and we live on a farm, and I do my washing."

Mrs. Lula Walker
2203 Wibben Avenue
Louisville, Kentucky

"Ever since my second baby was born I have been irregular. How I suffered from female trouble. My sister told me to take Lydia E. Pinkham's Vegetable Compound. I am now on my second bottle. I feel fine and am regular as a clock. Both married and single girls should take this medicine. It certainly will give a woman energy and strength and appetite."

Bridge Expert to Begin Series in 'The Times'

With an analysis and explanation of simplified contract bridge, Spencer S. Kapp, international contract and auction bridge authority, will begin a series of interesting articles on the game in The Times, starting Sunday and continuing indefinitely.

Mr. Kapp, who has made an analysis of the most widely accepted systems of play both here and abroad and has during the past season conducted a series of classes at Barker Brothers declares his methods of play will result in winning many new devotees by removing numerous complexities which have proved a bar to many players' enjoyment of the game.

Council Invites Legion Session

On a resolution by Councilman Ingram, seconded by Councilman Cooke, the City Council yesterday extended an invitation to the national department, American Legion, to hold its 1931 national convention in Los Angeles.

The invitation will be read to the convention in Boston next October 6.

Chef Wyman's RECIPES

The Times' free cooking school conducted by Chef Wyman has been discontinued for the summer. Date for resuming has not been set but will be announced later.

POTATO BISCUITS

One cupful of fresh mashed potatoes, two cupfuls of flour, sifted with four level teaspoonfuls of baking powder, and one teaspoonful of salt, rub into the flour, or chop in two tablespoonfuls of cold shortening. Mix the potatoes with the flour, and moisten with sufficient milk, to make a soft dough, about one-half a cupful. Turn out on a molding board, and knead very lightly, then roll very quickly, and cut into rounds with a biscuit cutter, brush over the top of the biscuits with milk, and bake in a hot oven from fifteen to twenty minutes. In making potato biscuits, handle them quickly and bake quickly.

WINTERGREEN WAFERS

Soak one tablespoonful of gelatine, in three tablespoonfuls of cold water, and dissolve over hot water, add enough sifted XXXX sugar to make it stiff enough to knead, and flavor it with a few drops of oil of wintergreen. Color it with two or three drops of green coloring, roll it out on a board that has been dredged with powdered sugar, cut it into squares or oblongs and pack it in a tin box ready for serving.

TOMATO AND LIMA BEAN CROQUETTES

Three cupfuls of cooked lima beans, two tablespoonfuls of finely chopped onions, two tablespoonfuls of melted butter, three-fourths of a cupful of cooked tomatoes, one-half teaspoonfuls of Worchestershire sauce. Press the lima beans and tomatoes through a sieve, brown the onions in the butter, add the lima beans and tomatoes and the seasoning, cook slowly until very thick, spread out onto a flat dish to cool, then form into croquettes or finger-shaped pieces, roll in flour, then in beaten egg, and bread crumbs, and fry in deep-hot shortening. Serve with a cheese sauce.

PEACH AND MARSHMALLOW ICE CREAM

Twenty marshmallows, one cupful of crushed fresh peaches, one-fourth cupful of water, two cupfuls of whipped cream, three tablespoonfuls of sugar. Peel the peaches, and press them through a sieve, sprinkle them with sugar, and let stand until the marshmellows are ready, place them in a double-boiler, and allow them to become liquid. Add the sweetened peaches, beat well and allow to cool. When the mixture becomes slightly stiff combine it with the whipped cream, pour it into the trays in the refrigerators and freeze (add the fourth of a cupful of water to the marshmallows when placing in the double-boiler.)

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

Fish in the Refrigerator

When purchasing fish in the morning to be used for dinner, leave it in the papers in which the store man wrapped it and put the package directly on the ice. No odor will permeate the refrigerator if this is done and yet the extreme cold will keep the fish beautifully for this short time.

Cracked Eggs

Surely the cake, pudding or omelet can take care of any cracked eggs in the basket without having to boil them, but if it is necessary wrap the egg in a twist of waxed paper and boil in the usual way.

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

LOCAL SKIN IRRITATION MAY LEAD TO ECZEMA

Among the many causes of eczema upon which little emphasis is laid are the purely external ones, those which have little or nothing to do with baby's food, but arise from rather insignificant local irritations.

We must remember that a baby's skin is so fine and tender that even slight irritations may have far-reaching consequences. One of the unhealthy skin conditions present on the small baby is cradle cap. This arises from imperfect cleansing of the scalp immediately following birth and from then on. The fear with which mothers and nurses touch the palpitating fontanel is somewhat amusing when one remembers the punishment to which baby's head is subjected at birth. This too-delicate washing and cleansing results in an accumulation of oil and dirt until a thick and odorous crust is formed, which adheres and reappears despite treatment. This is quite unnecessary, for if the scalp is washed vigorously and thoroughly enough all over with soap and water to remove oil and dirt and then is oiled with warm oil to soften any remaining accretions, the cradle cap will eventually disappear. If present, it is, I am reluctant to say, an indication of careless and inefficient cleansing, nothing more. But if allowed to run on, this constant irritation and dirt are very liable to end in a chronic case of eczema of the scalp.

PREVENTION EASIER THAN CURE

Portions back of baby's ears may go undried or skin around baby's mouth may be allowed to stay damp because of spitting up or drooling and this moist skin may lead to a beginning eczematous rash.

When this happens it is better to dry the skin thoroughly and then, if necessary, keep it oiled well so that moisture will not irritate it. Olive oil, mineral oil or a mild baby cream can be used if any sign of irritation shows up. Prevention is far easier than cure.

Tanning the skin improves its ability to withstand irritations (another reason for paying attention to baby's daily sunbath.)

Some of the other factors which may be present in baby's environment and which may be irritating to him personally, are wool in underclothing or bed clothing; feathers; kapok (filler for pillows;) strong soaps and powders; medicated salves, soaps or powders; rabbits; kittens, strong winds, extremely cold or hot water, or clothing or bedding contributing to these conditions; dirt, veils over baby's face that hold in the breath moisture in winter, or get wet and cling to baby's skin; cradle cap, vermin (especially head lice;) drooling, strong soaps or washing powders used to wash baby's clothes with imperfect rinsing. One of many of these external causes may be contributing to the eczema or preventing its cure, despite treatment.

Eczema is a tricky ailment. It has a dozen causes, both external and internal. Until one has ruled them all out, it is useless to say that one has tried "everything."

Mrs. Eldred has a leaflet on "Eczema" in which she discusses the internal as well as the external causes and suggests methods of counteracting the condition. Any reader may have the leaflet if she will accompany her request with a self-addressed, stamped envelope. Address all queries to Myrtle Meyer Eldred, "Your Baby and Mine" department of this newspaper.

HOUSEHOLD SUGGESTIONS

For the Kiddies' Party

When at a loss as to how to decorate the table for the children's party, buy a pound of animal crackers and a pound of vanilla wafers. Dip the feet of the animals into a cream icing and stand an animal on each wafer. Let stand until thoroughly set and dry. Arrange to advantage and see how pleased the kiddies will be with the menagerie.

Better Milk

See that the refrigerator is clean. Bring the milk in from the step as soon as possible.

Wipe the top of the bottle before removing the cap for pouring.

Keep the milk in the top of the refrigerator right next to the ice.

After the bottle has been opened, replace the paper cap or cover with a glass stopper.

Shoe Trees

Shoes will certainly keep their shape better if trees are put into them as soon as they are removed. Then the trees straighten out the wrinkles before the dampness from the foot has left the shoe and caused the wrinkles to set. Inexpensive trees may be purchased in all 5 and 10-cent stores, so it would prove very inexpensive to take proper care of one's shoes.

A Clean Head for the Baby

Sometimes baby develops a scale of dandruff on top of his little bald head and we wonder how to get rid of it. Each day during his bath wash his head with castile soap and then rub a little white vaseline over the dandruff. In a very short time the scale will loosen and come right off.

Teething

When baby is teething and his stomach refuses to hold even milk, beat up the white of an egg until stiff, add a few drops of orange juice and a little bit of sugar to make it palatable and feed it to him with a spoon. It is very strengthening and forms a coating on the stomach which will help to keep down stronger foods.

Figured Out for You

When uncertain as to the size of your table for the number of invited guests, remember each person should be allowed two feet of space along the table edge for absolute comfort.

STRIPED CHIPMUNK TEASES PETER RABBIT

The one who takes delight in

pleasing.
—Peter Rabbit.

Peter Rabbit was disappointed. Striped Chipmunk had disappeared. He had dived down between the stones of the old stone wall without so much as saying good-by. Peter sat there rather disconsolately, staring at the place where Striped Chipmunk had disappeared. There were more questions he wanted to ask Striped Chipmunk. Now there was no chance to ask them, and he felt cheated. A slight noise back of him drew his attention. Peter turned his head to look. Then he almost lost his balance. Yes, sir, he almost fell over backward! His eyes looked as if they would pop right out of his head. His mouth hung open as he stared. You see, right in front of him, on the top of the old stone wall, was a person dressed all in black. Moreover, this small person looked exactly like Striped Chipmunk, excepting for the coal-black coat.

"Why—why—why"—— stammered Peter.

Instantly the little black stranger disappeared. He dived down between the stones of the old stone wall exactly as Striped Chipmunk would have done. He left Peter staring open mouthed at the spot where he had been sitting.

"What are you looking at so hard?" asked a rather sharp voice.

Peter whirled to find Striped Chipmunk sitting up beside the opening where he had disappeared only a moment or two before. He wore his usual striped coat. He acted as if nothing unusual had happened.

"Did you see him?" demanded Peter.

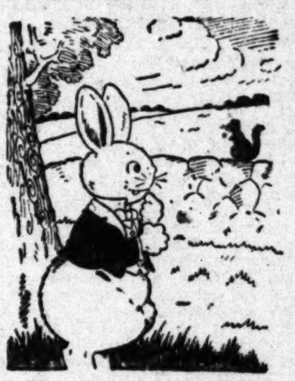
"Did I see whom?" asked Striped Chipmunk in the most innocent-sounding voice.

"That black Chipmunk," said Peter.

"What black Chipmunk?" inquired Striped Chipmunk, pretending to look all about.

"He was right over there," said Peter, turning to show where he meant. "There he is now!"

Sure enough! There sat the little black stranger just where he had sat before. He turned his head once more to see what Striped Chipmunk would have to say, but he discovered that Striped Chipmunk was no longer there. And, when he hastily turned back, the little black stranger was no longer there. Peter actually rubbed his eyes. Then he looked again, and there sat Striped Chipmunk right where the black stranger had sat.



There sat the Little Black Stranger, just where he sat before

"I don't see any black Chipmunk," said Striped Chipmunk. "I really am beginning to be worried about you, Peter. You seem to be seeing things. Whoever heard of a black Chipmunk, anyway? Are you really awake, Peter?"

"Of course, I'm awake!" retorted Peter, indignantly. "I never was more awake in all my life. No, sir, I never was more awake. I think you are playing tricks on me, Striped Chipmunk."

Just then there was a chuckle behind Peter. He looked over his shoulder. There was the little black stranger and his chuckle sounded exactly like Striped Chipmunk's chuckle. Peter got only a glimpse of him, for the instant Peter's head turned the little black stranger disappeared in the old wall. When he looked back, Striped Chipmunk had also disappeared. Never in all his life had Peter felt less sure of himself. It was all so unreal that he couldn't believe that it could be real. But he was beginning to suspect that in some way Striped Chipmunk was playing a joke on him.

Here's the reason every can of HILLS BROS COFFEE is so fresh

AS FAST as Hills Bros. Coffee comes from the roasters which produce the famous flavor, it is packed in vacuum cans. By this process, air, which destroys the flavor of coffee, is taken out of the can and *kept out*. No air-tight can will keep coffee fresh. Hills Bros.' vacuum can is easily opened with the key.

Controlled Roasting gives Hills Bros. Coffee a flavor no other coffee has.

Health and Diet ADVICE

by DR. FRANK McCOY

Author of "The Fast Way to Health"

THE CURE OF FLATULENCE

In yesterday's article we studied some of the various causes which lead to flatulence. In today's article I will outline a regimen of how to proceed to remove any of the causes which may be responsible.

The first thing to do is to make a taboo list of certain foods. Swear off onions, garlic, dried beans, chives, turnips or any other foods that have in your experience proved gas producers. It is a good plan to begin the cure with a short fast in order to cleanse the system of any accumulated poisons. The digestive juice will also be more properly balanced after the fast, and as soon as you start eating again you will notice that the flatulence tendency will be reduced to at least one-half. It will finally disappear if you will adhere to a good diet.

For the fast, use any one kind of acid fruit by itself several times daily, and keep the bowels thoroughly cleansed with enemas. This fruit fast should be adhered to for at least five days. Here is a good model diet to follow after the fast.

Breakfast: One or more eggs prepared in any manner except by frying. Three or four slices of thin, dry, brown Melba toast. Stewed fruit, with no sugar.

Lunch: Choice of cooked and raw nonstarchy vegetables. Do not use those which cause flatulence with you. If you prefer, you may instead use any one acid fruit, using as much as desired.

Dinner: Both cooked and raw nonstarchy vegetables, and in addition, one-fourth of a pound of lean meat, chicken or fish. No dessert.

After a month of this regimen you may then try the addition of starchy meals in accordance with the directions for proper food combinations.

Even after you have begun to live correctly you may find that gas will still be more or less persistent. Do not be discouraged if the change is slow, as the years of bad eating habits may not be corrected in a few days, though much improvement can be brought about.

It is a good plan to continue with enemas as long as there is any distress from gas. You should also take two sponge baths daily and use exercises in the morning, and a daily walk.

For a temporary relief of pain in the abdomen from gas, try drinking a glass of warm water every ten minutes. If the pain is severe hold hot towels against the stomach. There is no doubt that you can be cured of flatulence if you will follow these instructions, but a permanent cure of this distressing disorder is based on strictly adhering to the methods which I have outlined.

[illegible] may not "make the man," but they do make [illegible].

Have you ever noticed how [illegible] more eagerly you are [illegible] when you are well [illegible]. How pleased your [illegible] to greet you, how [illegible] to be seen with you when [illegible] carefully attired? [illegible] Tweed

[illegible] tweed is the outstanding [illegible] in woolen material for [illegible] season. Almost basket-[illegible], this new tweedish [illegible] is woven with a thread in [illegible] white on black, [illegible] or other modish [illegible]. Even more soft [illegible] old-fashioned tweeds, this [illegible] is especially appropriate for the pliable tailleurs [illegible] the attention, in street [illegible].

[illegible]

[illegible] from silk crepe, this garment [illegible] is comfortable, [illegible] and undisturbing to the [illegible].

[illegible] the Ruby

[illegible] are delighted over [illegible] of the ruby in [illegible] evening wear. [illegible] that this vogue has [illegible] by a leading Pa-[illegible] who for years has [illegible] these rare gems and [illegible] by a leading society woman [illegible] French capital, is taking the [illegible] world by storm. A novel [illegible] of setting the glowing crimson [illegible] said to be very becoming [illegible] and especially under [illegible] lights of the ballroom.

[illegible] to Match

[illegible] the vogue of the ruby comes [illegible] in a tint exactly [illegible] the gems!

[illegible] the Skirt

[illegible] fashion may devise [illegible] are certain to adopt, but [illegible] equally certain to contort [illegible] mode, to advantage [illegible] was, undoubtedly, a [illegible] the normal waist [illegible] who devised [illegible] of extending the skirt above that difficult zone. Several of the gowns in a recent exclusive collection had the skirt thus extended above the waist line and cut in points over the transparency of the waist top. Flattering and novel, it is predicted that this new and accommodating feature will find favor with many.

But not with Emeralds or Sapphires

But if your treasures in jewels happen to be emeralds or sapphires you will not be so likely to match them in lip-pery, do you think?

Trophies of War

At last some one has discovered a benefit conferred upon the world by war! It is declared that the wars of Napoleon created the beet-sugar industry—the English naval blockade having at that time prevented the importation of cane sugar from the tropics. The Civil War is said to have brought about condensed milk. Oleomargarine was originated during the Franco-Prussian War of 1870. The general use of soya beans and their oil was given to the world during the Russo-Japanese War of 1904. Thus is the old maxim stretched to form a truth: "No great evil without some good." Rather a high price to pay for whatsoever good, though war is, in the estimation of most thinking people.

"Forget Birthdays"

Many authorities on life in general and keeping young, in particular, advise as prime requisite that we forget our birthdays. One notably youthful woman of large affairs advises that even little children be denied celebration of birthdays; while as life advances we should give no thought to the passing years, if we would actually remain youthful to the last. A wise man declares that women should never be ashamed of telling their age, as to conceal it displays an inferiority complex. But one equally as authoritative says that women never should tell their age, as it is no one's business when they were born, whatsoever vocation they may follow. If age is a handicap and to grow old is to limit usefulness, why should it be kept in mind by the bearer of the beholder?

Board Orders Contract for Coliseum Job

The Board of Public Works yesterday instructed City Attorney Werner to bring in a contract whereby Edwards, Wildey & Dixon Company, contractors, can be awarded the Unit B job for the enlargement of the Coliseum. This is in line with action taken Monday by the City Council.

The contract, for $454,000, which is shared by the city and county, will be awarded by the board tomorrow or Monday, and it is expected that the huge bowl will be ready to seat 105,000 persons by the time of the Notre Dame-University of Southern California game early in December.

Former Flyer Lands in Cell

Frederich Schmidt, who professes to have been a German aviator during the war, made a forced landing in the County Jail yesterday after a jury in Superior Judge Finney's court convicted him of three counts of burglary.

Police witnesses testified they found stolen goods in Schmidt's Pasadena apartment and Schmidt's protest that the goods were "planted" proved of no avail.

PROTESTS TURNED DOWN

Protests against the improvement of Reynolds avenue between Mercury avenue and Raynol street were denied yesterday by the City Council, but the file was returned to the Public Works Committee for further consideration.

'FOLGERIA' GOES ON AIR TONIGHT

Radio Serial Comic Opera to be Given by KHJ

Elvia Allman Listed as One of Featured Artists

KFI Announces Unusual Concert Presentation

The Times Forum. KHJ at 1:30 p.m. Fred Hogue, editorial staff writer. World-wide news at 12:30, 4:45 and 10 p.m.

BY JOHN S. DAGGETT

ELVIA ALLMAN

"Folgeria" is the title of KHJ's latest contribution for the entertainment of radio fans. It is the first serial comic opera of the air, scheduled to begin with blood-curdling, spine-chilling, laughing, melodious adventures tonight.

"Folgeria" is a mythical Central American republic, and will be replete with revolutions, volcanos, villains, American consuls, marines and intrigues. It promises an assortment of loves, hates, laughs and Latin-American music.

This series is to run fifty-two weeks and, according to KHJ's spellbinder, Richard X. Creedon, the story has been written by two of the highest-paid continuity writers in Hollywood. Each week an original theme song will run through the operetta. Raymond Page and his thirty-five-piece orchestra, as well as a marimba band, will "thicken the scented, torrid, languorous tropic atmosphere" (whatever that means.)

KHJ asks the listener-in to take "time out" to drop the station a line telling whether or not this new offering appeals.

WHERE TO DIAL TODAY

KHJ's highlight tonight is, of course, "Folgeria," at 9 o'clock, but there are also other attractive features in store for listeners. Guy Lombardo and his Royal Canadians will be heard over the Columbia system at 7:30 p.m. tonight, bringing music for those who like to dance. The Violet Ray melody hour at 8 o'clock, the program which has supplanted the Merrymakers, is to bring Raymond Paige and his orchestra in thirty minutes of music and song with a bevy of guest soloists.

The presentation of "Folgeria" is to cover the western Columbia chain. It will be directed by Prof. Charles Frederick Lindsley and the cast will include Gordon MacNeil, Elvia Allman, Bob Swan and Charles Forsythe. The theme song, "Elisa," for tonight, was written by Gene Byrnes of the KHJ staff.

UNUSUAL OFFERING

KFI at 6 p.m. is to offer a chain program with two young American musicians and one of the most novel orchestras. Miss Ruth Posselt, violinist and winner of the Schubert Memorial Award, and Robert Simmons, tenor, are the artists. The orchestra is the Green Brothers' Marimba Band. In addition to a half-hour of dance music, a quarter of an hour will be devoted to the works of American composers and a like period to compositions by musicians of international fame. At 7:45 tonight, music lovers should dial the Standard Symphony Hour, when two of the best-known Kreisler compositions, arranged by Alfred Hertz, will be the highlights. Mishel Piastro, conductor, will be violin soloist during the presentation of the Kreisler numbers "Liebeslied" and "Caprice Viennois." The much-loved "Melody in F" and "Traumerei" also will be included in this concert.

KECA at 5 p.m. over NBC will reincarnate Napoleon Bonaparte and Lucy Stone as honor guests at its "Birthday Party." The soloists will be Nancy McCord and John Moncrieff. The Rondoliers quartet and a string ensemble also will be heard. At 9 p.m. Memory Lane is to find the Smithers and Scroggins at the World's Fair in Chicago. Ezra is falling in love with Jessie at Goshen Center, while the folks are in the Machinery Hall of the fair at Philadelphia.

ANNIVERSARY EVENT

KNX at 2:30 this afternoon is to celebrate the third anniversary of Edgard Leon's advent on that station as its teacher of French. In all that time, Mr. Leon has not missed a lesson period on the station. At 8 p.m. Horse Fly and his Wranglers will take time off chasing cows to sing, play, yodel and lasso songs and patter of the country where men are men 'n everything.

KFWB announces that at 7:10 tonight listeners-in will get a most generous helping of Larry Ceballos's Revue from the backstage at Warner Brothers' Hollywood Theater, the last such broadcast for the immediate present. At 9 p.m. "Dawn Patrol" will feature Richard Barthelmess, Douglas Fairbanks, Jr., and Neil Hamilton as well as the KFWB Concert Orchestra, with Charles Beynon, tenor soloist.

KMTR points to Lani McIntyre and his harmony Hawaiians at 8 p.m. with their well-known popular music of the islands. At 8:30 tonight Hollywood and Seattle are to battle it out in the Coast League night ball game at Wrigley Field.

KTM will offer its Little Theater at 8:30 tonight with a playlet "Niggardly Mirth," featuring Joseph Swickard.

KMPC is to bring a program of Southern melodies by the Angelus Trio at 8:30 p.m. with the Marmon Melodists and the reunited Beverly Hill Billies.

FUNERAL OF NICHOLS CONDUCTED AT CHAPEL

Last rites were conducted yesterday for William N. Nichols, 68 years of age, at the chapel of W. A. Brown, 1815 South Flower street. Death came last Monday after an illness of many years. He leaves Mrs. Della Nichols, who has been a teacher of English at the Los Angeles High School for the last twenty-one years.

CHARITY OFFICE TO BE CHANGED

Modernization Planned for County Welfare

Shaw Prepares Motion for Supervisors' Meeting

Department Handles More than $2,000,000 Yearly

With more than $2,000,000 being handled annually, the business system of the Welfare Department of Los Angeles county charities has become obsolete and inadequate and a new one is to be installed, according to an announcement of Supervisor Shaw late yesterday.

The matter will be presented to the Board of Supervisors by Supervisor Shaw, who will make a motion that a careful survey of the accounting system of the department be made at once by the County Auditor with a view to changing the business system and replacing it by a more up-to-date and efficient one.

The suggestion for the change in the system originally comes from W. H. Holland, Superintendent of Charities, who is in charge of the department and who points out that its activities have been greatly augmented because of the increased population in the county during the last few years.

Figures for the fiscal year of 1929-30 show that $2,469,518 was paid out to indigents of Los Angeles county by the Welfare Department.

At the present time, according to statistical figures, there are approximately 11,000 active charity cases. All the money for these cases is disbursed through the Welfare Department, requiring an adequate and efficient system to handle it.

BREWER MAKES TALK

James V. Brewer, candidate of the Republican nomination for Assemblyman for the Sixty-third District, spoke at a meeting of the Sunrise Club at Elks' Temple No. 99 on "What Can Your Assemblyman Do For You." Mr. Brewer announces he has just received the indorsement of the municipal League and the Apartment House Association. Brewer's headquarters have been established at the Chester Williams Building.

BUNKO SUSPECT CAPTURED

Word was received at the District Attorney's office yesterday of the arrest in Seattle of Ben Holmberg, wanted here in connection with a "fake race horse racket" which it is asserted enabled him to swindle a Long Beach resident out of $5500 several months ago. Holmberg, according to the dispatch, was arrested by Seattle police when he arrived from Vancouver.

The victim of the asserted swindle is Henry Ausmussen of Long Beach. According to the District Attorney's office Holmberg is charged with persuading Ausmussen to bet the money on a "sure-thing race." The money, it is asserted, was given to Holmberg, but he failed to make the wager and disappeared. His bail was set at $25,000 while awaiting the arrival in Seattle of officers from Los Angeles.

Dam Disaster Bonds Ordered

The City Council yesterday authorized the issuance of $556,000 in bonds to pay damage claims arising from the St. Francis Dam disaster.

EX-OFFICER LEAVES ESTATE TO KINSFOLK

Roy H. O'Neil, formerly of Milwaukee, who died July 27, left an estate of $200,000, according to his will filed for probate yesterday. O'Neil's estate goes to his mother, Mrs. Adele E. O'Neil, and his brother Frederick. According to Attorney R. L. Bagley, who filed the will, O'Neil was head of the O'Neil Paint and Varnish Company of Milwaukee, and served as lieutenant in the ordnance department of the Army during the war.

Drivers on Unique Journey

Charles Creighton, left, and James B. Harges on their arrival here.

KEEPING their car in reverse gear and running the motor continuously, James B. Hargis and Charles Creighton arrived here yesterday after an eighteen-day trip from New York. They made an average speed of eight miles an hour and kept their motor running 456 hours.

A refueling car driven by Walter Young and Ted Marshall supplied gasoline, oil and food and accompanied the car here. They will start a return trip tomorrow continuing under the handicap they assumed on the westward journey.

SECURITIES ACT RULING TO BE ASKED

Applicability of State's Law to Mortgages will be Issue in Leach Appeal

Applicability of California's Corporate Securities Act to mortgages is to be tested before the United States Supreme Court. This statement was made yesterday by Attorney Dudley Robinson, counsel for Martin A. Leach, real estate operator, whose conviction in Superior Court in fourteen counts of violating the Corporate Securities Act was upheld by the District Court of Appeal.

Presiding Justice Conrey of Division One of the Appellate Court granted the defendant permission to appeal to the United States Supreme Court. Attorney Robinson declared that the present interpretation of the State act threatens the right of corporations to deal in real estate and execute mortgages on it without first obtaining permission of the Corporation Department.

The Appellate Court in its decision upholding conviction on the asserted violations of the Corporate Securities Act granted Leach a new trial on nine counts of grand theft. The charges grew out of a San Diego real estate operation.

Bar will Fix Lawyers' Needs in Education

Educational requirements for those seeking to practice law in California will be one of the problems discussed by the board of governors of the State bar, beginning a two-day session today at Hotel Huntington, Pasadena.

A report suggesting changes will be submitted by the board to the third annual meeting of the State bar to be held at Hotel Huntington, September 18, 19 and 20. The board will also take up a disciplinary calendar in which there will be a number of appearances and arguments.

Brokerage Firm Loses License

Refused permission to see the company's books, the State Corporation Department suspended the broker's license of Paul MacDonald and Robert E. Pickard, doing business under the name of Paul MacDonald & Co., with offices in the Bartlett Building, it was announced yesterday at the department's offices here.

Chief Assistant Commissioner Garland said that the department has no information other than that the company was not keeping books. Failure to keep books is a violation of the State's bucket shop law, Garland said.

DECISION IN FILM FIGHT DEFERRED

Plaintiffs Get Extra Day to File Answer in Dispute Over "Dawn Patrol"

Decision on whether to grant a temporary injunction to the producers of "Hell's Angels" and "Journey's End," to restrain the showing of "The Dawn Patrol," was deferred yesterday by Federal Judge Cosgrave. He informed the attorneys for the defendant that he had granted Harold A. Fendler, attorney for the plaintiffs, another day in which to file an answer to the affidavits submitted by the defendants on Monday.

Meanwhile he will continue the matter under submission and he informed attorneys for both sides yesterday that the clerk of the court will notify them when to appear to hear his ruling. "The Dawn Patrol" opened in this city yesterday, but it already has been showing for several weeks in other cities throughout the country. The petitions for an injunction are based on asserted plagiarism.

Flying Suspect Beaten in Race with Telegraph

Swifter than the latest mode of transportation the telegraph carried a message from Chief of Police Burbidge of Salt Lake City to local authorities with the result that, as H. J. Whitney, 35 years of age, stepped out of a transport plane at the Western Air Express Airport yesterday afternoon he was taken into custody by Detective Lieutenant Anderson.

The message from Chief Burbidge said Whitney is wanted in Salt Lake City on a charge of passing a $700 forged check and obtaining a watch and valuable diamond ring through the transaction. It added that Whitney had posed as title executive assistant of the Federal Farm Board and carried credentials purporting to identify him as financially connected with the Munsey Trust Company of New York.

Extradition papers for Whitney's return to Salt Lake City are now being prepared, Chief Burbidge said.

SENATOR McKINLEY GIVEN INDORSEMENT

Antonio Entenza, attorney and past national commander-in-chief of the United Spanish War Veterans, has indorsed the candidacy of State Senator J. W. McKinley for re-election. Mr. Entenza said: "I have worked with Senator McKinley in national veteran work and have had considerable experience with him. He is outstanding in ability. His very fine personal character, backed by his capacity for work and the high quality of his work, qualify him beyond any other candidates for the State Senate."

CHIMNEY COLLAPSE HURTS TWO WORKERS

Bricks from a collapsing chimney yesterday badly injured Porter Page, 39 years of age, and severely bruised Louis Benack, 58, of 1053 North Figueroa street, and Benack, whose engaged to help raze a house which was partly destroyed by fire last July, and of which F. G. Santee, a deputy State labor commissioner, is owner. Page, living at 1055½ North Figueroa street and Benack, whose address is 1458 Howe Place, were removed to Angelus Hospital.

SCOTCHMAN WILL MARRY IN "WEE KIRK'S" REPLICA

When James K. Skilling left his home at Glencairn, Dumfriesshire, Scotland, in 1926 to come to America, he carried in his mind stories heard since childhood about the old Glencairn kirk, Annie Laurie's place of worship in the seventeenth century. This old Scottish lore of which he never tired of listening remains as a treasured remembrance of Skilling after four years of life in America, and tomorrow night he will be a twice-happy man when he takes as his bride Miss Marie P. Wirkler in the Wee Kirk o' the Heather in Forest Lawn Memorial Park, the little church erected in Southern California as an exact reproduction of the tiny kirk in Glencairn.

Skilling, who lives at Barstow, will receive his final papers making him a naturalized American citizen tomorrow, and at 7 p.m. will be married in the Wee Kirk. He and his bride, who resides at 37 South Parkwood Boulevard, Pasadena, will leave immediately for a honeymoon at Lake Tahoe, and in the early fall will go to Scotland to pay a visit to Skilling's former home, where his mother lives.

Miss Wirkler is a graduate of Iowa State Teachers' College and a member of Delta Phi Delta Sorority. She will be attended by Mrs. Norma Jenkins, while the latter's husband, Foster Jenkins, will be best man. The bride will be given in marriage by her brother, Chris Wirkler of Los Angeles.

SOUTHLAND ADJURED TO PICK FITTS

Attorney Sheridan Pleads at City Club for This Area to End Northern Rule

Declaring that if the citizens of the Southland expect to obtain their rightful share in the management of the affairs of this State, they cannot afford to fail to vote for Buron Fitts for Governor, James M. Sheridan, attorney and speaker on political topics, told members of the City Club yesterday that "Southern California has too long been governed as a colony of Northern California."

"Although the record of Dist.-Atty. Fitts proves him to be a man eminently fitted for the high office he seeks, it is not so much a question of candidates as a question of issues that confronts the people of this State and, especially, of the Southland," said Mr. Sheridan. "Taxation without representation was responsible for the Boston Tea Party and for the establishment of the United States government, and the same issue is before the people of Southern California today."

Pointing to the fact that all important State Senate committees in 1928 were controlled by a majority of Northern California men, Mr. Sheridan said that the Northern California bureaucracy is stronger than any Federal bureaucracy ever established.

"When, as is the case at present, the Southland, with 60 per cent of the State's population, 66 per cent of the wealth and 61 per cent of the registered Republican voters, is governed in the interests of Northern California and the political machine of the north, it is time for the citizens of Southern California to sit up and take notice," said the speaker.

Suicide Lunch Ends Woes of Van Nuys Man

Unique, but none the less fatal, was the shrimp salad which James O'Reilly, 39 years of age, employee in the construction department of the Los Angeles Water Company of Van Nuys, prepared for his luncheon yesterday. Within a few minutes after he had consumed part of the dish he was dead. Police say he mixed potassium cyanide with the ingredients.

Crumpled in a chair with the half-eaten salad on a table in front of him, O'Reilly was found in a hotel room at 14359 Irwin street, Van Nuys, by hotel employees.

A note, addressed to his wife, Mrs. Florence O'Reilly of 2892 West Seventh street, read: "Dear Florence: I am going on a long trip so thought I would drop you a line before I left. There is one thing I want to say before I go. I still love you."

Johnson Only Has Headache

WASHINGTON, Aug. 13. (AP) Rumors that Walter Johnson, pilot of the Washington Senators, was seriously ill were allayed tonight by reports from his home that he was suffering only from a severe headache. Dr. Edward Larkin, the ball club physician, said the "Big Train" was physically fit but somewhat nervous from the strain under which he has labored since the death of his wife several days ago.

WALKER SIGNED FOR BOUT HERE

Doyle will Pick Opponent for Middle Champ

BY KAY OWE

Talk of an outdoor show became a reality yesterday when Promoter Jack Doyle signed Mickey Walker to appear at Wrigley Field on Monday night, September 15. His opponent will be picked later.

MICKEY WALKER

Jack Kearns, who did the signing, says that Doyle can pick any middleweight, light-heavyweight or heavyweight available as Walker's opposition.

The Walker bout will top a card of forty rounds of boxing with the rest of the card being made up of ten-rounders. Two of the tentative bouts will feature Al Fay vs. Les Kennedy and Ace Hudkins vs. Bert Colima.

Managers of both Colima and Hudkins conferred with Matchmaker Wad Wadhams yesterday but did not come to terms. There is some chance that the Hudkins-Colima natural will be a regular indoor show.

Hudkins has gone into training at a riding academy in Hollywood hills for the Jack McVey bout the 26th inst. McVey is the recognized black middleweight champion.

Kearns is not taking over the financial burden of the Wrigley show, but is making the concession

TILDEN ENTERS QUARTER-FINALS

Leads Davis Cup Stars in Eastern Court Event

Misses Gladman, Greef Win Third-Round Matches

Southern California Girls Shine at Rye Nets

RYE (N. Y.) Aug. 13. (AP)—Big Bill Tilden today led three of his Davis Cup team-mates into the quarter-final round of the men's singles in the annual eastern grass-court championships.

BILL TILDEN

With the utmost ease Tilden eliminated Julius Seligson, New York youngster, 6-4, 6-4, in a match that created considerable interest among the largest gallery of the week's play in men's and women's singles and doubles. But a southern youth, Clifford Sutter of New Orleans, intercollegiate champion, stole the spotlight with a spectacular triumph over Fritz Mercur of Bethlehem, Pa., 6-0, 6-2. Sutter and Tilden clash in a quarter-final match tomorrow.

John Van Ryn of East Orange, N. J.; Gregory Mangin of Newark and Berkeley Bell of Austin, Tex., all members of the Davis Cup squad, paraded through into the final eight along with Ted Burwell, Charlotte (N. C.) veteran, Francis T. Hunter, ranked next to Tilden in the national list, and Richard Murphy of Utica, N. Y. Hunter was extended fully to down Bryan Grant, Jr., diminutive Atlanta youngster, 7-5, 9-7, while Van Ryn played sensational tennis to defeat Eddie Jacobs of Baltimore, 6-2, 6-2. Hunter and Van Ryn are paired in another outstanding match tomorrow.

Mangin, ranked No. 10 officially, conquered Wilcub F. Coen, Jr., of Kansas City, with a No. 7 rating, in a hard-hitting duel, 6-2, 7-5. Burwell dropped a set in eliminating Arthur Fowler of New York, 6-0, 2-6, 6-3, and faces Mangin tomorrow. Berkeley Bell, who had a rather easy time with Edward F. Feibleman of New York in a 6-4, 6-3 victory, will oppose Murphy, Harvard freshman star, in the quarter-finals. Murphy bested Melvin Partridge of New Rochelle, N. Y., 6-4, 6-2.

Two national ranking stars, Miss Marjorie Gladman of Santa Monica, Cal., and Miss Mary Greef of Kansas City, University of Southern California co-eds, came through in third-round matches. Miss Gladman regained her best form to win from the western champion, Miss Catherine Wolf of Chicago, 6-2, 6-1, while Miss Greef, opposed to the former ranking star, Miss Edith Sigourney of Nahant, Mass., was forced through three sets before triumphing, 2-6, 6-4, 6-1.

In women's doubles, second round, Miss Gladman and Miss Josephine Cruickshank, Santa Ana, Cal., defeated Miss Caroline Babcock, Los Angeles, and Miss Dorothy Workman, Los Angeles, 6-4, 6-4. Baroness Levi and Miss Louise MacFarland, Pasadena, Cal., defeated Mrs. Corbiere and Miss Sigourney, 3-6, 6-1, 6-3.

Miss Alice Francis of Orange, N. J., accounted for the lone upset in the women's singles today, and as a result will oppose Miss Helen Marlowe of Los Angeles in one of the women's quarter-final matches tomorrow. Miss Francis, a first-ten

Miss Midge Gladman, left, and Miss Mary Greef advanced a round in the women's eastern grass-court championships yesterday, proving they will be a couple of the West's stanchest defenders in the coming national championships, replacing Helen Wills Moody and Helen Jacobs, who have not entered the title event.

SHAMROCK ARRIVES SAFELY

Lipton's Cup Contender Reaches American Shores With Consort Erin

NEW LONDON (Ct.) Aug. 13. (Exclusive)—Shamrock V, Sir Thomas Lipton's challenger for the America's cup, dropped anchor just opposite the old fort in the harbor here this afternoon at 4:50 o'clock completing a long, tiresome voyage across the Atlantic in quest of the international yachting trophy.

SIR THOMAS LIPTON

The yacht Erin, which convoyed the challenger across the sea, towed the Shamrock into the harbor after it had reached the entrance.

A huge crowd gathered at the water front to greet the Lipton boat while the harbor was dotted with sailing and motor craft of all descriptions. Two airplanes, zooming overhead, saluted the British yacht.

Sir Thomas is extremely proud of his new Shamrock V and expects her to take the America's cup in the Newport contest. Sir Thomas himself is aboard the Leviathan, bound for New York.

The Shamrock will be hauled out of the water as soon as possible, her green hull will be refurnished, the inside of the boat will be cleared of the gear the crew used to sup-

MILLER WINS CADDIE PLAY

Consistency Nets San Gabriel Bag Toter Victory in Annual Championship at Rancho

BY EDWARD LAWRENCE

Maintaining the rhythmic power of his swing, while the favorites stumbled over the elusive hazards of the Rancho Golf Club, Johnny Miller of San Gabriel yesterday won the caddie golf championship of Southern California with a seventy-two-hole total of 74-76-72-75—297.

Danny Williams of Fox Hills, who had the championship within his grasp at the end of fifty-four holes, finished with an inglorious 80 for a total of 300 to win second-place money. Manual Cabral of San Gabriel, leader at the thirty-six-hole mark, slipped to an 83 in the third round, but finished in 74 for third money with a total of 302.

J. BENJAMIN FAHY

Fourth place went to Arnold Leonard of the Los Angeles Country Club, 306, and Bob Alva of Lakeside and H. E. Gray of Griffith Park tied for fifth money at 307.

Ben Fahy, sponsor of the caddie event and donor of the $1000 prize, presented Miller with $200 and a medal for his efforts. Williams received $125 and a medal and Cabral $100 and a medal. The first six caddies received medals as well as cash prizes, the medals being donated by W. W. Campbell, W. H. George, Billy Coe, J. M. Arneill, W. G. Hinnau and H. B. Wesbrook. In all thirty-seven caddies received awards, Fahy adding $10 to the prize money for last-place winners.

RIOT CALL FEATURES OAK GAME

Crowd of 15,000 Fans Pack Stand and Outfield; Some 5000 Turned Away

OAKLAND, Aug. 13. (AP)—Playing before a crowd of 15,000 fans here tonight, the Missions defeated Oakland, 5 to 1, while Jack Knott starred on the hilltop for the visitors.

Ground rules were necessary and except for Monroe's home run over the right-field fence in the fifth inning, most of the runs were scored on two-baggers hit into the crowd.

The defeat was charged to Pete Daglia, who pitched the first five innings for Oakland.

At least 5000 fans were turned away from the turnstiles before the game started and it was necessary to send in a riot call to the Oakland police department to handle the crowd.

Officials said the crowd was unprecedented at the field. All women baseball fans appearing at the gate were admitted free—except

HUNT DOWNS COSGROVE IN NATIONAL TOURNEY

CULVER (Ind.) Aug. 13. (Exclusive)—Charles Hunt, Pacific Coast junior champion, upset Jack Cosgrove, his fellow townsman from San Francisco by a 7-5, 6-4, count in the fourth round of the national junior tennis championships on the Culver Military Academy courts today. Cosgrove was seeded three in the draw and was the first of the select men in the juniors to fall by the wayside.

Both Karl Kamrath, Austin, Tex., seeded one, and Wilmer Hines, Columbia, S. C., second seeded junior, were forced to the limit before reaching the round of eight. Bill Reese, Atlanta, took Kamrath to 8-6, 6-1, and Billy Doeg, Santa Monica, young brother of John Doeg, Davis Cup star, had Hines down 5-1 and two set points in the first set, but the southerner pulled the set and match out, 7-5, 6-3.

Quarter finals in the boys' singles will be played tomorrow as well as the doubles in both divisions.

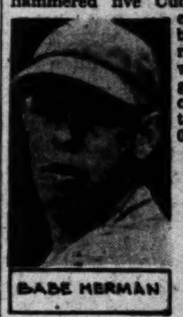
DODGERS POUND CHICAGO PITCHERS FOR 18 HITS

Bruins' Lead Cut to Mere Shadow Before 37,000 Fans; Lopez, Babe Herman Star

BY PAUL MICKELSON
Associated Press Sports Writer

CHICAGO, Aug. 13. (AP)—The pent-up fury of Flatbush bats exploded with a staggering crash today and all but jarred the Cubs from their first-place National League pennant mooring.

Beaten in their last five starts, the hit-starved Brooklyn Robins hammered five Cub pitchers for eighteen mighty blows and romped away with the second game of the crucial series, 15 to 5, before 37,000 spectators.



BABE HERMAN

It was sweet revenge for the Flatbush clan, which had been beaten by the Cubs twelve times in the last sixteen games, and it reduced the Cubs' grip on first place to a shaky pair of percentage points.

Today's battle was a ball game for but seven innings. At that juncture the Robins led, 6 to 4, but the Cubs threatened. Then came the eighth and the Robins bunched three more hits with a walk and a sacrifice to score three more runs and squelch Cub hopes.

Then in the ninth they cake-walked home with six more tallies because of comical pitching and support that reminded the fans of Philadelphia and a certain world series game last fall. The last-inning scoring splurge, netted by four walks and three singles that might have been stopped, sent most of the spectators home and polished off the worst rout the Cubs have suffered this season.

Walter Gilbert, "Blistering Babe" Herman and Alfonse Lopez led the big Brooklyn attack while Ray Moss came in as a relief pitcher in the sixth and kept the Cub hits well scattered. Gilbert rammed out two doubles and two singles in five trips to the plate; Herman rapped out a double and a single, walked twice and got to first on an error while Lopez's contributions were three singles and a double.

Brooklyn exploded for the first time in the third when they rocked Guy Bush off the mound with five

SOLONS THUMP SERAPHS, 7 TO 2

Chesterfield Pitches Sacs to Impressive Win

SACRAMENTO, Aug. 13. (AP)—Roy Chesterfield, recently acquired Sacramento right-hander, pitched the Solons to an impressive 7-2 victory over the first-half championship Los Angeles team here tonight. Chesterfield allowed only six hits. Carroll Yerkes opposed him for six innings and then was taken out for Berly Horne.

The Solons iced the game away early, scoring five runs in the second on an error, two singles and a home run by Lennie Backer. Less than 2000 saw the game, the result of which evened the series at one all.

PHILADELPHIA, Aug. 13. (AP)—The Philadelphia Athletics won their third straight game from the Cleveland Indians today, 7 to 2. George Earnshaw held the Indians to eight hits and won his eighteenth game of the season against seven losses.

Roxie Lawson, a rookie right-hander from Terre Haute, Ind., made his first big league start for the Indians and was effective until a two-base muff by Dick Porter paved the way for two runs in the sixth that broke a 1-1 tie.

Bib Falk scored Cleveland's first run with a homer in the fifth. Score:

YANKS SCORE

NEW YORK, Aug. 13. (AP)—The Yankees got off to a fast start today, picking up ten runs in the first five innings, and made it two straight over the Detroit Tigers by a 10-to-8 score. They needed every bit of their early lead to win as George Pipgras, after pitching shutout ball for five innings, blew up in the sixth and his successors did little better.

The Tigers piled up six runs off Pipgras in the sixth and assaulted Ruffing and Holloway for two more in the seventh before Lou McEvoy finally checked them. The Tigers made only seven hits, but made good use of walks and errors.

Earl Combs did the heavy stick work for the Yankees against four Tiger moundsmen. He drove in four runs with three hits, one of which was a homer. Score:

GIANTS RALLY

CINCINNATI, Aug. 13. (AP)—The New York Giants staged an uphill struggle today to hold their place in the pennant race and were successful after ten innings, defeating the Reds, 7 to 6. New York tied the score in the ninth then won in the extra frame when Fred Lindstrom hit a home run over the left-field wall after Critz had singled.

Cincinnati, after leading most of the way, put on a comeback of its own in the last half of the tenth, but scored only one run. The Reds found Bill Walker for three runs in the second inning to take the lead, and with Larry Benton pitching a fine game were never threatened until the ninth. In that frame two singles, a wild pitch and Wally Roettger's double tied the score.

Harry Heilmann hit a homer for Cincinnati. Score:

PIRATES BEST

PITTSBURGH, Aug. 13. (AP)—Ray Kremer settled down after a wobbly start and won his fifteenth victory of the season as Pittsburgh took the third straight game from Philadelphia, 8 to 4, today.

Four hits, one a homer by Lefty O'Doul with two men aboard, netted the Phillies four runs in the first, but Kremer yielded only four hits thereafter.

The Pirates began hitting Collard with effect in the fifth and caused his retirement in the seventh, when they went in front, aided by Paul Waner's home run with L. Waner on base. Kremer hit a homer in the eighth. Score:

JUNIOR OLYMPIC GAMES CHAMPIONS HOME TODAY

BY BRAVEN DYER

JOHNNY NESS and his Junior Olympic Games champions come home this morning, arriving via the Panama Mail steamship Venezuela at Pier 188 in Wilmington. The four boys have been on a trip which most grown-ups would give years of their lives to achieve. Sailing from New York last month the youngsters spent twenty-eight days at sea, visiting seven Latin-American countries. What they will have to tell their friends will be plenty.

Ness and the boys should get a royal welcome today. Joe Andrade of Calexico won the national junior championship at Atlantic City, thereby retaining the title taken last year by Vane Baker of Huntington Park. Sam Waxman of Los Angeles was second and Louis Haley of San Bernardino third in the senior division. Little Johnny Lee of Highland Park was fifth among the juniors.

While giving Ness and his youthful athletes a cheer we should include Ex Crane and the star youngsters from the Hawaiian Islands. Cupie Yamamoto beat Waxman out for the senior crown and Harou Ouchi followed Andrade in the junior division. Tony Louis was fourth among the seniors and Kazuo Arakawa third in the junior class.

Inasmuch as this was Hawaii's first season in the Junior Olympic Games the boys and their sponsors have every reason to stick out their chests over their showing.

The Times has sponsored the Junior Olympic Games in Southern California for three seasons. The twenty-eight-day ocean voyage was a de luxe prize given by The Times to Southern California's four best performers. These youngsters were the pick of more than 40,000 boys who competed throughout the 1930 program.

Otto Anderson, former Trojan football and track star, is back in Southern California for the summer. He took over the track job at Idaho University last year when Leo Calland became athletic head at the Moscow institution. Otto played some fine football as a halfback for Gus Henderson several years ago and in addition was a brilliant hurdler. He made the 1920 Olympic Games team while still a high school kid.

Although track isn't much of a sport in the great Northwest, due to adverse weather conditions, Otto made good to the extent that Idaho won its first Pacific Coast Conference meet this spring.

Anderson formerly coached at Fremont High School here. He has a fine prospect next year in Johnny Thomas, ex-Fremont boy, who went with Otto to Idaho. Thomas ran the mile in close to 4m. 30s. this season and Anderson expects him to cut around 4m. 25s. next spring.

Incidentally, word trickles in from Idaho that Junior Hanford, former Manual Arts football and track star, may be Calland's big gun in football this fall. It is said that "June" will appear in the role of Morley Drury for the Vandals. Hanford weighs around 190 pounds, so with his speed should cause a lot of damage to his foes, provided Calland can get some interference in front of him.

Dispatch from New York states that miniature golf courses of Gotham must maintain quiet after 11 p.m. That's the extent of the curfew there—and it's a sensible ruling. Commissioner Wynne is quoted as saying that the courses may stay open until 3 a.m. if they desire, but that quiet is the order after 11 p.m.

Wonder what our City Dads will do after this ruling? Miniature golf courses in this city have afforded employment to thousands of unemployed. Federal government officials estimated yesterday that the value of baby golf courses in the United States was $125,000,000. That's a lot of money in any business.

GOSLIN HERO

BOSTON, Aug. 13. (AP)—Goose Goslin gobbled up all the honors here today as St. Louis plastered a 7-to-2 defeat on the Red Sox in the second game of their series. Goslin drove in four runs to aid Pitcher Walter Stewart.

In the seventh Goslin drove a homer into the right-field pavilion with Stewart on base and one of his two singles scored two mates in the ninth. A leaping catch of a Goslin drive in the first by Earl Webb robbed the Goose of another sure homer. Score:

WALKER SIGNED FOR BOUT HERE

of permitting Walker to box for percentage instead of the usual hefty guarantee.

Newsboy Brown posted his $1000 weight forfeit yesterday to make over 112 and under 114 pounds for the Midget Wolgast bout next Tuesday night.

This fight is expected to result in the real test for Wolgast, who has looked pretty superior to Pacific Coast flyweights in his two starts against Speedy Dado and Canto Robleto.

Brown has fought all the flyweight champion claimants since Pancho Villa. He has been up against speedy opposition before, but nothing geared so high as the Philadelphia Midget.

While Brown is a veteran of nine years he has never been overworked. He claims to have fought only seventy-five ring battles while Wolgast, a mere beginner has already had forty-four fights.

Claude Varner, Bakersfield slugger who stopped Tommy McGough recently, will box Charley Sullivan in the semi-wind-up to Brown and Wolgast. Steve Hamas, the New Jersey heavyweight who has scored quick kayoes over Hugh Shropshire and Steve Hayden, will box Wally Fraser in one of the sixes.

Others remaining in the women's singles were Mrs. J. Dallas Corbiere of East Stamford, Ct.; Miss Clara Zinke, Cincinnati; Baroness Giacomo Levi, Italy, and Miss Dorothy Andrus, Stanford, Ct. Baroness Levi, who eliminated Miss Ruth Oexman of Cincinnati, 10-8, 6-0, today, will face Miss Andrus tomorrow. Miss Zinke clashes with Miss Greef and Mrs. Corbiere meets Miss Gladman.

All seeded teams came through the first and second rounds of the men's and women's doubles without a defeat.

THISBE VICTORIOUS OVER CANADIAN YACHT QUEST

ROCHESTER (N. Y.) Aug. 13. (AP) Thisbe, carrying a full load of canvas in a freshening twelve-knot breeze, swept across the finish line today a victor over the Canadian challenger Quest, for the second time in the third of a series of races for the possession of the Canada's Cup, emblematic of fresh-water sailing-yacht supremacy.

The American defender held the lead she took early in the race and finished ahead of her rival by one minute and fifty-seven seconds.

Heeled over before the stiff breeze and with rails awash the eight-meter yacht provided a thrilling finish for the thousands of spectators that watched the progress of the rival craft around the triangular course of twenty-one miles off Summerville, seven miles north of here.

The official time for the defending Thisbe of the Rochester Yacht Club was 3:42:40. Quest's time was 3:44:30.

GREAT SCOT COPS RACE

KEMPTON PARK (Eng.) Aug. 13. (AP)—Mrs. Chester Beatty's Great Scot won the Greenwood Stakes mile and a quarter today. H. Martin's Vergo was second and Maj. Courtauld's Antiquary third.

MALCEWICZ ON OLYMPIC CARD

Meets Daviscourt Wednesday in Mat Feature

Joe Malcewicz, the Utica mat panther, who started for the Coast several days ago in the hopes of landing a match here with Jim Londos, was signed by Promoter Lou Daro yesterday to tangle with Dick Daviscourt, the 225-pound headlock exponent, in the second bout of the mat program planned for the Olympic Wednesday night.

Daviscourt is rated by many as being second only to Ed (Strangler) Lewis in his ability with the headlocks. The avocado's growers two mat battles with Lewis last year were Daviscourt's last bouts in this section. In each bout he gave the former champion close battles, losing the second one when Lewis opened up with a vicious attack of headlocks.

George, the Wolverine Express, will clash with Nick Lutze, popular Venice lifeguard, in the final finish event of this program. Lutze is expected to arrive here from San Francisco today. While in the north a few days ago he met and defeated Soldier Leavitt, a 300-pounder and wrestling champion of the A.E.F. during the World War.

Reports of the match in the north were to the effect that Lutze looked better in pinning the 300-pound giant than he had in any previous bout there.

Daro announced yesterday that he expected to sign his opening bout today.

Sharkey Date with Carnera Nearly Closed

NEW YORK, Aug. 13. (AP)—Managers of some of the leading heavyweights mingled with promoters today in a round-robin of conferences that may lead to important doings among the big fellows in September — either here or in Chicago.

PRIMO CARNERA

Mique Malloy, Chicago promoter, led the field in discussions with Johnny Buckley, manager of Jack Sharkey, and the representatives of Primo Carnera, Italian giant. This match is all but closed for Chicago in September, the big hitch being Malloy's generosity with guarantees but not with percentages. Sharkey has been offered a flat guarantee of $125,000, but wants $100,000 and a privilege of 30 per cent of the gate receipts. Malloy wishes to give him only 25 per cent. Carnera already has given Malloy an option on his services.

Meanwhile Madison Square Garden promoters attempted to interest Sharkey's manager in a September match with Victorio Campolo and negotiated with "Pa" Stribling, manager of Young Stribling, for a match this winter. "Pa" said the Macon youngster would be out of action six months with a bruised left hand.

Sailors Start Training for Fleet Events

SAN PEDRO, Aug. 13. (Exclusive) — More than 300 sailor athletes from the battleship Mississippi which arrived here Tuesday afternoon after an absence of approximately six months, will hit the beach this afternoon and commence strenuous training in preparation for the fleet athletic eliminations, which start September 1.

The Mississippi, holder of the Iron Man or General Excellency trophy, symbolic of athletic supremacy in the battleship divisions, is out to equal or better the record she set last year in every phase of sports competition during the approaching season.

Interest in athletics is at a high pitch aboard the dreadnaught and practically every man on the ship expects to enter into some sort of competition.

Nearly 100 candidates for the ships' football team will go through light practice today and tomorrow and more rigorous scrimmage practice will be started next Monday.

Practically the entire first string of the Mississippi team which won the battleship divisions championship last year is still attached to the ship and will again be seen in the line-up this season.

Sam Sabbleoff and Jeff Brittenback, who did a great deal toward building up the home ship's boxing stable last year, are still working with the glove throwers and will have their fighters ashore each afternoon to work out at Lieut. Fred Petry's San Pedro gymnasium.

Swimming teams and the ship basketball team are scheduled to start practice at the Army and Navy Y.M.C.A. tomorrow and expect to be in great shape by the time the competitive season opens next month.

Farrell Sets Course Record

ST. PAUL (Minn.) Aug. 13. (AP)—Johnny Farrell of the Quaker Ridge Club, New York, burned up the Keller course today, where the St. Paul $10,000 open starts Friday, with a round of 67, five under par, to establish a new course record. Farrell's round was one stroke better than that of Gene Sarazen of the Lakeville club, New York, who equalled the former low score with a 68. Both the New Yorkers found the greens just to their liking and were close to the pin with their approaches on both nines.

Foul Tips

Joe E. Brown, Warner Brothers' comedian, is to try an old role at Hollywood tonight when he leads a couple of ball clubs in a two-inning game just before the opening of the regular contest. Brown occupied a third-base post for one of the Boston clubs before Flo Ziegfeld discovered him. Torches will be used to illuminate the field, in place of the regular lights.

Clyde Barfoot departed yesterday to join the Angels at Sacramento. Clyde pitched his arm out in the game that gave the Cherubs the first-half title, and has been under a doctor's care ever since. Barfoot hurled too many fast balls on that day and strained his arm. He reported himself in shape and ready to go again.

Dave Barbee made good use of his sliding pads in his first two trips to the plate last night. In the first inning the husky slugger scored from first on Rumler's Texas leaguer double to right, and came home on the dirt. In the third, he scored all the way from first on Ellsworth's wild throw to second, the same way.

Merwyn Owen, the former Santa Clara star, is turning out to be a highly satisfactory utility player for the Tribesmen. Owen played first base and outfield in college. He has been decorating the initial sack most of the time for the Indians. While Ellsworth was out of the line-up, Manager Ernie Johnson shifted him to short. Last night, in an attempt to arrange a winning combination, Johnson put Owen at second and Taylor at first.

"Chick" Ellsworth, Seattle shortstop, was the victim of two bad bounces, which went for base hits. Barbee and Jess Hill both slashed grounders at the Indian shortfielder which took bad hops over his head just as he was set to stop them.

Louie Almada, the former L. A. High boy who is making good in the big city of the Northwest, came through with a sparkling catch in the sixth after he had replaced Lawrence in center. Barbee was on third when Mickey Heath drove one into the corner of center field. Almada made a desperate run and a great catch to haul down the ball.

Otey Brannan, hero of the Tuesday night game, robbed "Dutch" Holland of a hit in the third when he made a shoestring catch of a liner.

John Bottarino, young catcher from Vallejo, recently signed by the Indians, made his debut as a pinch hitter for Ruether in the fifth, and got an infield single to Gazella.

Emil Yde tossed away an opportunity to hang up a decision in the won column last night when he couldn't hang on to his seven-run lead and was chased to the showers in the fifth. Yde pitched four and one-third innings before he was forced to retire. The rules read that a pitcher must toil four and two-thirds innings before he can be credited with a victory.

PASADENA PRESENTS CLASSY FIGHT CARD

The Pasadena arena card for tonight bristles with class, Morrie Cohan having three well-known battlers in action. Ignacio Fernandez, veteran Filipino, takes on Dud Eades, Pasadena favorite, in the main event. They are booked for ten rounds. Eades just returned from the East where he won four out of five starts. Pete Sarmiento, another old Filipino favorite, hooks up with Johnny Rogers in the six-round semifinal. Young Billy Papke, son of the old middleweight champion, engages Pat Yanco, 162-pound Filipino. The preliminaries are June Lagera vs. Al Sing, and Pete Magallanes vs. Mannie Avielez.

CARD COMPLETED FOR MAIN-STREET SHOW

Carlo Curtis yesterday completed the boxing card to be staged at the Main-street gymnasium Saturday night. He has Tommy Elks defending the Mexican welterweight title against Pete Pacheco, Denver Mexican, in the six-round wind-up. Joe Borola meets Johnny Chrismas in a six-round bout at 135 pounds and Joe Schlocker and Happy Romero clash in a third six. They are welterweights.

The four-round bouts completing the card are Delfin Buayaban vs. Tony Ross, 120 pounds; Frank Rudzenski vs. Lafe Pearson, 200 pounds; Charles Van Storch vs. Glen Thompson, 170 pounds.

LAWLESS RULES BOUT FAVORITE

Eastern Welter Picked to Cop Hollywood Event

Bucky Lawless, crack eastern welterweight, will rule favorite to whip Babe Anderson of San Jose tomorrow night at the Hollywood Legion Stadium. Lawless came here to smoke out the best welters on the Coast, including the champion, Young Jack Thompson, who dropped a decision to Lawless about six months ago. He was booked to fight at San Francisco but took the Anderson match here before hitting for the Bay City.

The match was originally scheduled for next week but Goldie Hess injured his arm in training and his bout with Hector McDonald had to be put over. The Lawless and Anderson fight was then moved ahead by Gene Doyle, who is acting matchmaker while Tom Gallery is away in the East.

Lawless figures to be too good for Anderson if his reputation means anything, the experts point out. At that, though, Anderson was skipped by Thompson here not long ago and he put up a whale of a fight with Benny Miller at Stadium recently.

Erwin Bige is being picked to beat Guy McKinney in the semi-wind-up. They are also welterweights. Augie Curtis rules a slight favorite over Santos Manna in the special event.

Russell Beach and Leo Domingo clash in a four-rounder as do Young Ralph and Johnny Granone.

hits and five runs. The "Babe" and Bissonette started the procession with a pair of singles.

Wright was walked and Lopez responded with a hard double to left. Bressler walked and Moore sent two more runs home with a double.

In the fourth, Gilbert singled and Herman sent him home with the sixth run with a double. The Cubs came back to score three runs and make a ball game out of it. Hack Wilson led off with his fortieth homer of the season, a hard line smash that cleared the right-field bleachers, and successive singles by Hartnett, Farrell, Osborn and Blair tallied two more. Cuyler's double and two fielder's choices brought the Cubs their fourth score in the seventh, but then the Flatbush brigade got into serious action against Cub pitchers Bob Osborn, Lynn Nelson, Malcolm Moss and Al Shealy, with their eighth and ninth attack that made a comedy out of the struggle.

The Cubs got their final run without much ado in the final inning on a triple by English and singles by Wilson and Grimm.

It probably will be Root for the Cubs against Adolfo Luque in the third game of the series tomorrow. Luque has defeated the Cubs twice this season and is expected to repeat.

Today's crowd brought the total attendance so far for the series to approximately 82,000. The series record of 140,000, established the last time the Robins were at Wrigley Field, was expected to be broken.

Benny Miller to Take Rest

Benny Miller, looking none the worse for his gruelling ten-round battle Tuesday night with Sammy Jackson, Santa Monica black boy, announced yesterday that he was going to train outdoors in the future for most of his ring engagements. Miller left for Catalina Island where he will stay a few days and then he is going to hie to Soper's Ranch and condition himself in the great outdoors for his fall campaign.

"I haven't anything to offer as an excuse. I don't think I need one," he stated. "I'll take Jackson and Townsend and the rest of them around here as they come when I return," Benny said.

Miller's manager, Emmett Ledwith, stated that Benny should have gotten a draw at the worst as Jackson did not do anything but wait for Miller to make the fight. Ledwith believes Miller was a little overtrained.

FLEET GRID DATE OPENING SCHEDULED

Word was received here last night from the battle fleet announcing that the battleship divisions' football season will get under way at Trona Field, San Pedro, on September 27, when the battleship Maryland aggregation clashes with the U.S.S. Idaho "Hell Cats."

Santa Barbara Poloists Play Uplifter Four

Meeting the strong Santa Barbara polo team this afternoon on the Beverly Boulevard field, in the second game of the series, the Uplifters are hopeful that with their revamped line-up they can hold the northern riders in check and thus be in a position to take the third and final game next Sunday. With Will Rogers at No. 1 the fans felt confident that the club quartet could avenge their defeat of last Sunday, but now it develops that Will must be out of the city on location and so Will, Jr., and Lyell Puckett will alternate in this scoring position. Snowy Baker moves up to No. 2 and Lionel Pedley switches from No. 1 to No. 3. Clair Brunson will again play the defensive back position.

The Santa Barbara line-up is unchanged with Henry Russell at No. 1, Hale Marsh at No. 2, Jim Colt, five-goal star, at No. 3, and Barney Schley, back. This is the best-mounted, best-trained team seen here this season and the Uplifters will have their work cut out for them if they down the visitors in today's match.

Here are the line-ups for today:

Santa Barbara		Uplifters
Henry Russell	No. 1	Will Rogers, Jr.
Hale Marsh	No. 2	Snowy Baker
Jim Colt	No. 3	Lionel Pedley
Barney Schley	Back	Clair Brunson

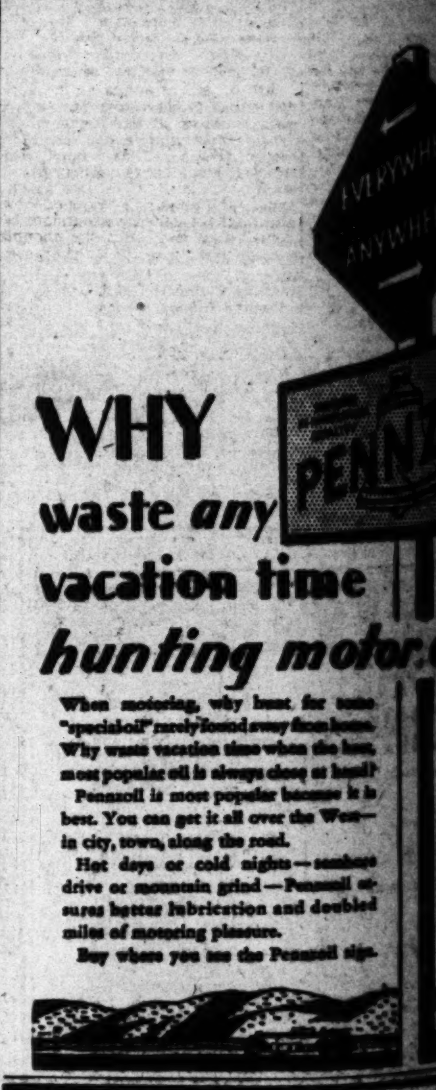
GOOD FISHING REPORT FROM SANTA MONICA

Several notable catches of fish were made the last few days from the live-bait boat Palisades, operated at Santa Monica along with the ship Thrush, by Cliff and Jack. A twelve-pound yellowtail was landed by A. N. Russell, his third for the season. Jimmy Torston caught a thirty-pound halibut, while several white sea bass of good weight were brought in.

The live-bait situation at Santa Monica continues good. Each day the anglers on the boats have a good supply. The charter boats Lark and W. K. also have plenty of the sardines and anchovies in their tanks.

JUNIOR CHAMBER TO STAGE POLO CONTEST

The Junior Chamber of Commerce will stage and sponsor a polo game September 7 at the Uplifters' Club, it was announced yesterday through Clifford Rawson, secretary-manager, following a meeting of the board of directors. A picked four of the Eleventh Cavalry, army team, will meet the Uplifters on the grounds of the Santa Monica club.



WHY waste any vacation time hunting motor oil

When motoring, why hunt for some "special oil" rarely found away from home. Why waste vacation time when the best, most popular oil is always close at hand?

Pennzoil is most popular because it is best. You can get it all over the West—in city, town, along the road.

Hot days or cold nights—seashore drive or mountain grind—Pennzoil assures better lubrication and doubled miles of motoring pleasure.

WHEN I AM OLD

When I am old—some day—if one grows old
Who does not count the days nor mind the years
When I am weary and the story's told
With all its drabness, beauty, thrills and fears—

Perhaps in some lone corner I can dream
Of all that I have seen along the way,
And feel again the fires that flash and gleam
From some old contest or remembered fray.

It may be Dempsey making Willard yield
To slugging fists that left their trail of gore;
It may be "Red" Grange drifting down the field
Like some gray phantom on its way to score—

It may be magic from the ancient green
As Bobby Jones goes out to make the pin,
And far away old echoes still careen
With rolling thunder as the putt drops in.

It may be Ruth or Hagen—who can say?
It may be any name that means a cheer—
For those who follow sport can have their day
Long after eyes are dim and night is near.

The Carnera Mystery

There are two widely separated schools in regard to the fighting ability of one Primo Carnera whose shadow has been waving back and forth from one ocean to another.

There are those who rate him as a big ham that can't fight a lick. There are the others who believe he can stop any man now in the fighting trade over a fifteen-round route.

Carnera is still a mystery. Maybe he can fight a lot and maybe he can't fight at all when he is shoved out on his own against something approaching class. He can get a real test against Jack Sharkey unless one of those fouls wrecks the show in one of the early rounds. If this fight is put on either the spectators should be given their money back in case of foul, or else no fouls should be allowed after the manner of the New York ruling. Otherwise you can bet about 5-to-1 on the foul taking place in one way or another.

All in all it seems to be about time that Carnera was put to some test to show about where he belongs. The fact that such a test would draw in more money than any other pair could possibly draw is a fair tip that it will be given a trial. If Carnera is chopped down, the highly profitable excursions will come to an end. But the chopping will be well paid for at the gate.

The Warmer Race

As Babe Ruth puts it—"the Cubs must pick up a good lead through the rest of August if they are to win. They will be on the road most of September with the Giants and Dodgers at home in a much better position to finish down the stretch."

If the Cubs can bump off the Dodgers and the Giants in Chicago, they will be favorites, for they now have five good pitchers who seem to have settled back to earth.

The Dodgers have already thrown away enough ball games to be eight or ten battles out in front. Ragged fielding and still more ragged base running have shown that pitching and hitting are not everything. After winding up with Cincinnati, the Giants will be at St. Louis with the Phillies in Chicago. This gives the Cubs a chance to extend their margin as far as the Giants are concerned.

The main problem the Dodgers and Giants face is to hang on close enough to the front to have at least some chance left when they get home.

The $10,000 St. Paul open which starts on Friday will be one of the most interesting money tournaments of the year. It will have most of the leading pros on hand and among them will be Horton Smith, who is a sharpshooter when they hang up a bank roll on the range.

There is at least a fair chance that in the act of dragging a number of cups across from Great Britain we may soon have one taken back. It is no part of a certainty that Miss Betty Nuthall, the young English star, can step her way through the field at Forest Hills next week, but she has an excellent chance—especially so if she can come upon anything approaching her best game.

This will be the most open of all the women's tennis championships and therefore the most interesting. There will be no one-woman control as there has been for so many years. There will be a scramble all the way and it will take greater steadiness than most of them have shown to keep Miss Nuthall from removing one of our home-staying bowls.

This is the time of the year when about 4,000,000 golfers have suddenly discovered something that adds thirty yards to their drives. And then some day it will rain again.

JUNIOR LEGION NINES TO TANGLE TODAY

STOCKTON, Aug. 13. (AP)—First games in the regional play-off in the Junior American Legion national championship baseball tournament will be played here tomorrow. The winners will meet Friday for the regional title.

out in the opening inning, Ruether ran into trouble and the Hollywooders rapped across three runs before the round ended to get off to a good start. Hill and D. Lee were retired when Brannan doubled to start the excitement. A wild pitch sent Otie to third. Barbee walked. Rumler dropped a Texas leaguer along the right-field line for a double and both Brannan and Barbee scored. Heath's torrid single to right sent Rumler across the plate with the third run of the frame.

The Sheiks got to Ruether for two more in the third, a wild throw by Ellsworth aiding the Hollywood cause. Barbee's grounder took a high bound over Ellsworth's head for a single and then Rumler smashed an infield hit off Knothe's glove. Ellsworth recovered the ball and threw wildly in an effort to head off Barbee at second. Barbee scored and Rumler reached third before the ball was returned to the infield. Heath's sacrifice fly to C. Lee brought Rumler home.

Hollywood added another pair off Ruether in the fourth to take a 7-to-0 lead, three hits and another error by Ellsworth doing the damage. Jesse Hill began the round by bouncing a hit over Ellsworth's head. D. Lee bunted in front of the plate and Borreani whipped the ball to second in time to force Hill only to have Ellsworth drop the pellet. Singles by Brannan and Barbee drove in two runs and put runners on second and third. Ruether then got control of the situation and retired Rumler, Heath and Severeid without any more scoring.

The Indians staged their uprising in the fifth, scoring all five of their runs and chasing Yde to cover. Taylor's hit, a walk to Borreani and infield singles by Bottarini, batting for Ruether, and Knothe scored one run and left the bases loaded before Yde got a man out. Ellsworth then popped to Brannan, but Holland and C. Lee singled to drive Borreani, Bottarini and Knothe over the plate and put Holland on third. Hulvey then came on the scene and Owen greeted him with a single to center to score Holland and send C. Lee to third. Hulvey then fanned Louis Almada, who batted for Lawrence, and retired Taylor on a pop fly to Gazella to end the heavy firing.

From then on Hulvey kept the Seattle guns silenced while the Stars went out and touched Hubbell for another run in the sixth to make it 8 to 5. D. Lee's single to left, Brannan's sacrifice and Barbee's double off the center-field wall produced the final tally of the game. Score:

NEW AID LIKELY IN RATE FIGHT

Port Parity Effort Expected to Get Chamber Backing

Report Favoring Intervention Slated for Action Today

Plea Presented for Start on Project at Fish Harbor

BY WAYNE B. CAVE

Los Angeles Harbor's twenty-year fight for a parity with San Francisco in Coast rail rates will have the backing of the Los Angeles Chamber of Commerce if the latter's directorate today approves recommendations of its rate committee.

That committee voted in favor of the chamber intervening in behalf of the San Pedro and Wilmington chambers September 16, next, when the State Railroad Commission gives the Southern Pacific a rehearing on a recent adverse ruling by the commission. That ruling, it is said, placed Coast freight rates between here and San Francisco on a mileage basis, extending Los Angeles Harbor's tributary territory theoretically as far north as San Luis Obispo.

Harbor rate men say the Southern Pacific in its rehearing will ask that Santa Barbara be the dividing line, due to water competition. Harbor champions declare Ventura beans now are being shipped to San Francisco cheaper than to Los Angeles Harbor, although the latter distance is far shorter.

The rehearing is declared to involve 160 commodities and Classes I to V, inclusive. The new rates had been scheduled to become effective next Sunday.

The fight, together with another for better rates between the Harbor and San Joaquin Valley and between the Harbor and Arizona, has been financed by the San Pedro and Wilmington chambers, although the benefits have accrued to Long Beach as well. The obvious benefit, it is said, will be to make the port a distributing center for the entire Southwest. Only recently the port chambers had local rates eliminated, placing the port on a parity with Los Angeles on through hauls.

MOORING TERMINAL RENTALS NOW ASSURED

San Pedro Chamber of Commerce directors yesterday asked the harbor department to proceed with its projected $700,000 mooring terminal at Fish Harbor, stating the chamber has signatures from fishermen and canneries assuring rentals on the improvement.

The harbor department had completed plans for such a development, but held up construction pending assurances of adequate revenue.

The project calls for removal of the present Fish Harbor breakwater and construction of a rock jetty running south 1750 feet and southwest 900 feet from the southeast end of that waterway. Four lateral wharves would run off from the main jetty, and narrow-gauge tracks would be mounted on each for trucking nets and such shoreward.

The present cramped Fish Harbor would be materially enlarged, and berths would be created for 480 fishing craft ranging up to 100 feet in length. The entrance would be 400 feet across.

The slogan "See America First" is definitely under way on intercoastal ships, and the Panama Mail liners are carrying more travelers than ever before, according to William Young, Jr., of New York, passenger traffic manager for W. R. Grace & Co. He and C. C. Mallory, general manager of the Panama Mail Line, at San Francisco, left for their homes yesterday after several days here. Young said with completion of the four Panama Mail liners, awards on which are expected soon, the intercoastal schedule will be cut from twenty-five to seventeen days without omitting a single Central American port.

Three hundred and seventy-eight passengers are aboard the Lassco liner Calawaii, due from Hawaii Saturday. Many are bringing their automobiles with them, and the ship carries a heavy cargo of fresh and canned pineapples, honey, mail and general merchandise.

Junior Olympic champions of Southern California and Hawaii, who participated in the national event at Atlantic City in July, are among the 100 passengers due from New York on the Panama Mail liner Venezuela today. Accompanying them are J. F. Ness, of the Los Angeles Times, which sponsored the local event, and Mrs. Ness; Arthur Dietz, their coach; Ezra J. Crane of the Honolulu Advertiser, and Mrs. Crane. The Southland athletes are Sam Waxman, Louis Haley, Joseph Andrade and Jonny Lee; the Hawaiians, Kazuo Arakawa, Haruo Ouchi, Anthony Louis and Masuru Yamamoto. Other passengers include Vinnie Sullivan, challenger for national championship as a marble shooter.

Tow-boat business of Wrigley's Wilmington Transportation Company was heavier in July than any other month in the concern's history, according to David P. Fleming, secretary-treasurer. "Our business does not bear out statements of quiet times," he commented.

The Hamburg American motor liner Los Angeles is due from Europe this morning with her capacity, forty-eight passengers, of whom twenty will disembark here.

News of Ships and Sailings at Pacific Ports

SAN FRANCISCO, Aug. 13. (AP)—The Coast Guard cutter Sebago, second of four similar vessels being built on San Francisco Bay, will undergo her trials tomorrow. She will be run over a mile course off California City, and later taken outside the Golden Gate for a four-hour run. The vessel, like her sister ships, cost approximately $1,000,000.

Another cutter will be completed in October, and the last one next year. The first unit was delivered last month.

The San Francisco office of the Bureau of Foreign and Domestic Commerce announced today that trade between the Pacific Coast and Chile increased 182 per cent from 1913 to 1929.

Exports of $2,572,000 in 1913 increased to $7,243,000 in 1929, figures of the bureau reveal, and imports grew from $2,399,000 to $6,802,000 in the corresponding period.

San Francisco's share of the 1929 trade was 22 per cent of the total for the Pacific Coast, the bureau announces.

PORTLAND (Or.) Aug. 13.—George Powell, president of the Oregon-Pacific Company, agent for the North Pacific Coast Line, said today advance cargo bookings for the United Kingdom and Continental ports from this district are greater than those listed in any period during the past year and a half. Nearly all of the bookings are for shipments to move within two or three months.

The line handles a quantity of fresh fruits and space reservations have been made for its vessels through March, 1931.

TACOMA, Aug. 13.—During the first six months of 1930 the "mosquito fleet," operating around Sound, brought to Tacoma 42,032 cases of eggs valued at approximately $378,000, it was announced today.

With the McCormick steamer Cacique taking 20,000 sacks, a total of 185,000 sacks of flour has been shipped from local piers during the first three days of this week. The movement of flour is unusually heavy and five large ocean carriers are scheduled to pick up additional cargoes of this product during the next week.

BABY SAL KNOCKS OUT FREEMAN IN SECOND

Baby Sal Sorio, the colorful Mexican lightweight, knocked out Jimmy Freeman of San Francisco in the second round of their scheduled eight-round main event at the Ocean Park fight arena last night. Sorio had Freeman on the floor for a three-count in the first round. The two fighters were battling on even terms in the second when Baby Sal uncorked a smashing left hook to the jaw, which put the San Francisco fighter down for the count. Harry Wallinder won the semi-wind-up from Pastor Calope. Jimmy Hart got up off the floor to stop Tony Rockford in the second round of the special event. In the preliminaries Kayoe Maples and Speed Tonce, went four rounds to a draw, and Stoddard McCoy broke Mickey Solomon's jaw to win the curtain raiser by a technical knockout in the second round.

SPARR SCORES KAYOE OVER JACK McKNIGHT

Jack Sparr scored a technical knockout over Jack McKnight in the fourth round of the main event at Wilmington last night. McKnight suffered a broken hand in the fourth and was unable to continue the bout. Until this time the fight had been slow and devoid of action. Tommy Huffman and Jackie Stewart put up the best battle of the evening in the semi-wind-up with the former winning the decision. Sid Grigry and Paul Gomez went four rounds to a draw in the special event. Mickey McLaughlin scored a one-round knockout over Hughie McArde in the third preliminary and Jimmy Alvers fought a four-round draw with Tony Patter in the second number. Eddie Lozona decisioned Chick Perolto in the curtain-raiser.

JOE LEVY GETS NEW MATCHMAKING POST

SAN FRANCISCO, Aug. 13. (AP)—Joe Levy, veteran manager and boxing promoter, has been appointed matchmaker at Dreamland Auditorium here, succeeding Frank Schuler, who resigned. Levy's appointment becomes effective September 1.

Levy was manager of Joe Rivers, Mexican lightweight, when the latter was a challenger for the championship in 1912. He also has acted as matchmaker of the Olympic Auditorium in Los Angeles, the Portland (Or.) City Boxing Commission and at present is affiliated with the Phoenix (Ariz.) Boxing Club.

Bradshaw to Replace Hunt at Stanford

STANFORD UNIVERSITY, Aug. 13. (AP)—Appointment of James "Rabbit" Bradshaw as freshman football coach at Stanford was announced today by Al Masters, graduate manager. Bradshaw, former University of Nevada gridiron star, replaced E. P. "Husky" Hunt, who will take a position in the department of physical education. Bradshaw was assistant freshman coach last year.

Money is now available as in the past several years for attractive loans in acceptable locations on real estate in Los Angeles and immediate vicinity.
Our supply is from the East where accumulations in large quantities are always seeking investment and at lower rates than can be had in the West, where so much money is needed for development.
A 6% loan after commission is added means only 6 3-5% to the borrower over a five-year period.

WIDOW'S DEATH STILL MYSTERY

Tujunga Woman May Have Died Accidentally

Reports and "Tips" Prove to be of No Value

All Clews Being Checked as Autopsy Awaited

Continuing with the assumption that Mrs. Barbara Doyle, 70 years of age, widow, whose body was found in her home at 347 East Greeley street, Tujunga, last Monday, was murdered, Sheriff's office investigators late yesterday admitted their inquiry is at a standstill.

Contending that there is as much evidence thus far to support the theory that Mrs. Doyle came to her death accidentally as there is to maintain the belief of murder, Capt. Bright of the homicide detail, said much will depend on the autopsy report today.

Until the autopsy report is made, Bright said his investigators will proceed on the theory of murder, checking every possible clew from this angle. Yesterday a number of reports were investigated and found to have no bearing on the case, Bright said. These included information concerning strangers seen in the vicinity of the dead woman's house and the activities of a "Peeping Tom" in Los Angeles.

Possibility that Mrs. Doyle may have come to her death through an accident developed Tuesday following a conference between Bright and the autopsy surgeon. The one injury on the body, a broken nose and cheekbone, could have been caused either by the woman striking herself when she fell after a heart attack or by a blow from a blunt instrument, the officer said.

Officers have not yet been able to identify fingerprints found on a pane of glass and in the blood on the floor of the sleeping porch where the body was found, Bright said.

TWO HELD ON CHARGES OF ATTACK

Altadena Girl Relates Drugging and Assault; Four Men Involved

By a "Times" Staff Correspondent

ALTADENA, Aug. 13.—Asserting she was drugged and held prisoner all last night in a South Pasadena apartment-house, where two youths mistreated her, pretty Josephine Byerly, 18 years of age, is under the care of physicians at her home, 2931 Olive avenue. Two boys are in custody.

Miss Byerly declared she was preparing to leave the Hub Roofing Company office at 1407 Mission street, South Pasdena, last night when two men gave her a drink which made her semiconscious. She said they carried her to a near-by apartment, where they introduced her to two younger men with whom they left her.

When these men attempted to become familiar with her, the girl said she attempted to leap from a window, but one of the men threw her to the floor. In the struggle which ensued Miss Byerly's clothes were torn and her body bruised.

Early today, she said she managed to escape, and was recognized by acquaintances as she staggered past Mission street and South Fair Oaks avenue.

At 5:30 p.m. yesterday the girl telephoned her mother from the office where she is employed as stenographer that she would be home within half an hour to keep a dinner engagement in Pasadena with Mrs. Byerly. Whne her daughter failed to arrive, the mother became anxious and after waiting two hours, asked the Altadena Sheriff's office and the Pasadena police to look for her.

Deer Joins Man in Bed

CALIENTE, Aug. 13.—A popular song of yesteryear went: "Deer, deer, what can the matter be?" except that "deer" wasn't spelled that way—and that is the theme song of this saga.

E. Conduci Castor, member of a pioneer family in Kern county, was lying in bed at his mountain cabin, near here, when a buck deer dashed through the open door and sprang upon his chest. Close upon the buck's heels came a coyote.

Castro unceremoniously shoved his uninvited bedfellow out upon the floor, grabbed a gun and dispatched the coyote. The buck, much relieved, walked out of the cabin and trotted up the hillside.

PHILOSOPHER HAS HOME IN GLENDALE

GLENDALE, Aug. 13.—Surrounded by oriental luxury and living with his own children and grandchildren, Dr. Mirza Assad U. Fareed, noted Persian philosopher, is spending the closing years of more than a century of life at 1550 Hillside in this city.

Dr. Fareed, who on June 5 celebrated his 104th birthday by an hour's airplane ride, was the Persian counselor at the peace conference in Paris in 1912.

For many years Dr. Fareed was professor of history at the University of Ispahan, Persia, where he was born in 1826. He is at present living with his son, Dr. Ameen Fareed, at his Glendale home, the garden of which has been transformed into a veritable bower of East Indian splendor.

ARCHITECTS HOLD BANQUET

Fifty members of the State Association of California Architects, Southern Section, gathered last night at the Chamber of Commerce at a banquet given in honor of John J. Donovan, of Oakland, and others. Mr. Donovan is a member of the State board of architectural examiners. New laws as applied to architects and builders were discussed in detail.

Kern Claims Most Complete Tax Collection

BAKERSFIELD, Aug. 12.—Kern county last year had the lowest rate of tax delinquency of any county in California, according to figures just checked by George De Shields, chief deputy county Auditor. Recently it was reported that Orange county, with a 2 per cent tax delinquency, was lowest in the State.

Last year the tax assessments totaled $4,840,845.59 for this county, of which County Tax Collector Day collected $4,774,975.51. This left a delinquency of $65,870.08, or 1.36 per cent.

Jury-Tampering Charges Sifted

FRESNO, Aug. 14.—Dist.-Atty DeVore today was considering whether or not action shall be taken against Noah L. Chapman, operative for a private detective agency and former police seregant, on charges of tampering with jurors in the John Hines robbery case.

At a conference yesterday between DeVore, Chapman, members of the Hines jury and others, W. D. Robb, rancher, said that after the jury panel had been drawn for the Hines case, Chapman discussed the case at length with him over the telephone and represented himself to be a member of the District Attorney's staff. Chapman denied that he misrepresented his position.

Paul Pisor and Mrs. Roy L. Gray said Chapman came to their homes and discussed their action on other juries. Hines was acquitted.

HILL BILLIES GREET RECRUIT

Arkansaw Traveler Arrives by Air

HERALDED as the untutored but sweet singer of Searcy county in the Arkansas hills, Elton Britt, 15 years of age, was landed last night at the United Airport after a flight to Los Angeles to be a member of the radio singers, Beverly Hill Billies.

Two weeks ago Glenn Rice, studio manager of station KMPC, left by airplane to return Hubert Walton to his home in Arkansas. Rice organized a searching party to go into the hills where old-time melodies are still the native music and found Elton.

The boy arrived in overalls and hickory shirt, sans shoes, but wearing a peaked cap. The youth was open-eyed with wonder as the trimotored plane landed at the airport in the glare of arc lights and the applause of a large audience. He will appear on the radio station's programs for the next six weeks.

The plane also carried Pilot Eddie Martin, Rice and H. R. Macmillan, vice-president of the company operating the radio station.

RADIO FROM RACING SHIP ENDS FEARS

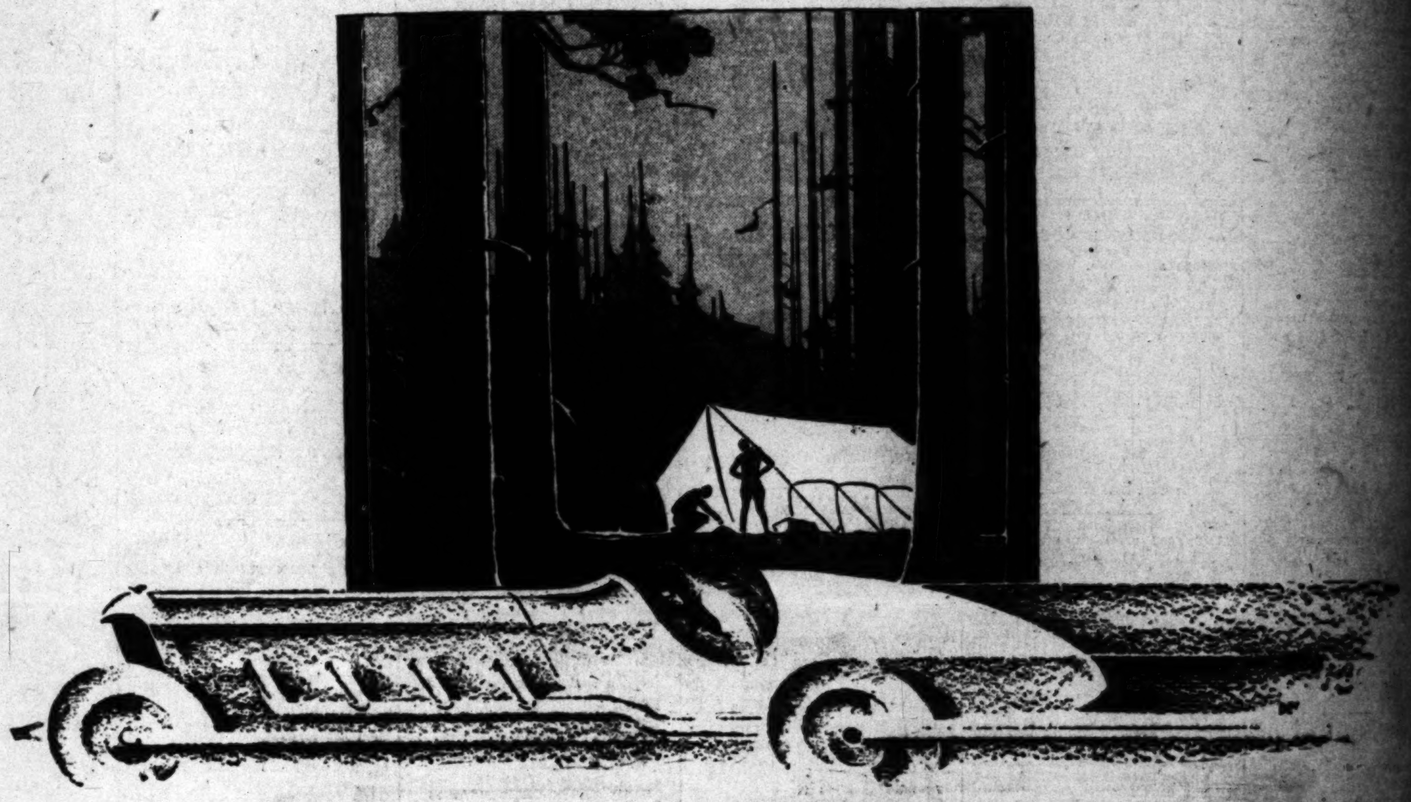
Yawl Contender Still at Sea but in No Danger; Fuel Being Rushed to Her

While a United States Coast Guard cutter was racing out to sea in a search for the yawl Contender from which a radio distress call was received Tuesday, another message was picked up by an amateur wireless operator last night stating the craft is in no danger but that it is unable to proceed under sail because of adverse winds or to use its motor for lack of fuel.

The message stated the craft is 400 miles off San Pedro. It is in that vicinity that the Coast Guard cutter Algonquin, commanded by Lieut. F. D. Higbee, expects to find the Contender and replenish its fuel tanks sometime this morning. The Contender is owned by Walter Horne and was returning to San Pedro from Honolulu when the 110-foot craft encountered unusual easterly winds.

Another yawl, the Talayha, owned by Lazard Lippman of San Pedro, which also left Honolulu a short time after the Contender sailed, sent a message to the Coast Guard last night confirming the difficulties the yachtsmen are having with contrary winds. The message from the Talayha stated the craft is approximately 600 miles off San Pedro but expects to arrive at San Pedro under its own power.

Turkey, rich in natural resources, has only thirteen miles of hard-paved roads. These are all in the vicinity of Constantinople.



When Speed Kings go on Vacation

WHEN Lou Meyer, National Speedway Champion goes on a hunting trip with his pal, Riley Brett... what gasoline does he use?

When Harry Hartz hops off in his plane for a flight to Del Monte; when Shorty Cantlon takes a run up to Bill White's ranch; when Harry Miller goes hunting... what gasoline do they use?

When Colonel Charles A. Lindbergh took Mrs. Lindbergh on a cross-country hop . . . what gasoline did he use?

When Art Goebel takes a pleasure flight to San Francisco . . . or Wichita; when Fred Duesenberg comes out to the Coast for the winter . . . *what gasoline do they use?*

The answer is . . . RICHFIELD.

In their business . . . in winning victories . . . in breaking records . . . Richfield is the choice of these famous motor experts and scores of others including Glen Shultz, Billy Arnold, Louis Schneider, Ralph Hepburn, George Haldeman, Brock and Schlee.

For pleasure trips they naturally use Richfield because they know they will have the same power and speed, the extra mileage, the unfailing dependability that often means the difference between victory and defeat . . . success and failure. Richfield qualities that may mean the difference between a safe, trouble-free trip . . . and motor breakdowns. Forced landings . . . expensive repairs!

Why not . . . when you make your vacation trip . . . benefit from the experience of the world's greatest motor experts . . . rather than take a chance on something "just as good."

You'll find friendly, willing, courteous service at every station with the blue and gold Richfield shield.

"Let's Go Places"
Richfield's new Motorlog booklet of scenic 1, 2 and 3-day trips in Southern California. Tells where to go . . . what to see . . . how to get there. Compiled by "Outdoor" Franklin, famous Richfield road scout. Ask for a free copy . . . at Richfield stations.
